MADE IN GREAT BRITAIN

PREFACE.

Of the several languages which constitute the group commonly designated the Shemitic Family, as those spoken by the descendants of Shem, two have always held the foremost place of interest and importance, namely, the Hebrew and the Chaldee. This distinction is owing to the fact of their being the channel through which the Divine Revelation was imparted directly to the chosen people of Israel, to show them the way of salvation and prepare them for the coming of that Just One to whom the Law of Moses, the Prophets, and the Psalms, successively bore their continuous witness as the Saviour of mankind.

The study of the "Oracles of God" in their original form never relaxed among the favoured people to whom they had been committed, but continued to be jealously treasured when, on their rejection of the Gospel, it was preached to the Gentiles, and the Scriptures transferred to European language. Few, however, among the doctors of the early Christian Church, were learned in the Hebrew tongue; through the mediæval ages the Old Testament of their Bible was the Septuagint Greek Version in the East, and the Latin Vulgate in the West of Europe, until, on the Revival of Learning in the fifteenth century, this among other branches of knowledge began to be increased, Christian Hebraists to flourish, Grammars and Lexicons to be issued in abundance. Eminent among lexicographers were Pagninus, the Buxtorfs, Simonis, and others, who retained the Etymological arrangement of words in vogue among the Jews, according to derivation from their verbal roots.

After them the renowned Gesenius adopted the Alphabetical arrangement of Nouns and Particles, by which a great facility was afforded to students, who often

experienced a difficulty in tracing their Radical derivation. Other famous Hebraists, as Lee and Fürst, followed the Alphabetical example set by Gesenius, and the result has been that in modern times the knowledge of Hebrew has greatly advanced, both in Universities and Collegiate Schools, and also among those who, without the advantage of professorial instruction, study for themselves.

A still further step, however, remained to be taken for the benefit of these. Not only the derivation of Nouns, but the inflections of Verbs also, and the combination of Particles, are often difficult to a beginner, and to such as for want of leisure cannot acquire or afterwards retain for themselves the mastery of all the Hebrew forms as they could wish. Accordingly, the ANALYTICAL HEBREW AND CHALDEE LEXICON has been compiled, in which every separate word of the Old Testament original, in every variety of conformation, is exhibited in its Alphabetical place, accompanied with a full grammatical Analysis of its composition, the indication of its root, and its English meaning after the best authorities. The utility of such a work is obvious and can hardly be overrated. To augment its value, a complete Series of Paradigms, both of Nouns and Verbs, with explanatory remarks, is prefixed.

Although the primary design of this Lexicon has been to supply the learner with the utmost possible assistance, it is no less serviceable for permanent use by those who have attained a scholarly proficiency in the study of the Hebrew and Chaldee Scriptures.

THE ANALYTICAL HEBREW AND CHALDEE LEXICON, Containing the Alphabetical Arrangement of the Words of the Entire Hebrew Scriptures, with parsing Analysis and Lexicography . . . . . I. to DCCLXXXIV

THE OBJECT AND PLAN

OF THIS

LEXICON.

FROM what has been briefly stated in the Preface, it will sufficiently appear that this Work is intended, not so much to teach the first principles of Hebrew Grammar, as to provide the Student who has already begun to read a little (ever so little) with the means of making *speedy and sure after progress*. Its object is to assist him in his practice of the Sacred Text, by enabling him to apply the Rules he has learned, and may be learning; and, by supplying him with the Analysis of every single word in the entire language, under every form it can assume, it promises him exemption from the tedium and disappointment of uncertainty in his investigations.

Experience has shown that multitudes of Hebrew students, after having overcome the first difficulties under the instruction of a living Teacher, abandon further study for lack of a Guide through the yet untrodden intricacies of the Language. Our aim has been to provide a permanent Instructor, to succeed the living Teacher in his function of solving the difficulties of the inquiring Student; and we have endeavoured neither to mislead by imperfect information, nor to disappoint by suppressing the explanation of apparently trifling matters.

As an ANALYTICAL LEXICON, this work embraces especially the ETYMOLOGY and SIGNIFICATION of WORDS.

The following summary will exhibit the mode of treatment adopted :—

THE ETYMOLOGY OF WORDS.

I. The entire body of Words, contained in the Hebrew Scriptures, exactly as they are found in the Text, have been thrown into Alphabetical order; so that each, accompanied by its

prefixes, suffixes, and under every modification of form, may be immediately found by an alphabetical reference.

II. Each word thus arranged is concisely and fully *parsed*, its composition is explained, and its simple form and root given.

III. Whenever the form of the word analysed agrees with the Tables of Paradigms, a plain but full statement of the nature of the word has been considered sufficient; but where any peculiar difficulty or irregularity exists, reference has also been made to the section of the Grammatical Introduction in which the deviation is explained.

IV. To provide standards of inflexion and comparison, a complete series of PARADIGMS of the Verbs, Pronouns, and Nouns, of both the Hebrew and Chaldee languages, has been prepared.

V. These Tables are accompanied with Explanations and Remarks, which account for every deviation from the Tables, and comprise a COLLECTION OF EVERY SINGLE EXCEPTIONAL CASE. In the body of the work, these *Explanations* are indicated by reference to their number.

VI. Every form that happens to occur but once in the Bible has its reference to the passage given at the foot of the page. To this we have attended in the minutest difference of the forms, in order to increase the references, so valuable to the beginner who has no Concordance. When, however, the form is especially peculiar, more than one reference is given.

*** It is an interesting and important fact, that this collection of citations constitutes a Concordance of more than three-fourths of the forms of the Language.

VII. The place of the Accent is throughout indicated by a pependicular line (ˌ) under the tone-syllable, except when the form is affected by a pausal accent, where (ˏ) is used to indicate the tone-syllable; while the absence of pausal accent and influence are marked with (ˏ).

VIII. Kamets Hhattuph (ŏ) is distinguished from the long Kamets (ā) by this sign (ˬ). But this is used only in the forms analysed, in the leading forms of the derivatives under their respective roots, and in those forms where its use requires particular notice.

THE SIGNIFICATION OR LEXICOGRAPHY OF WORDS.

IX. A full explanation of the various meanings of the words will be found under their respective Roots in their alphabetical place.

X. In preparing the Lexicography, Gesenius has been chiefly relied on for definitions; but the works of Dr. Lee, Winer, Biesenthal. Fürst, and others, have been compared throughout.

XI. In addition to the various significations of each root, a Synoptical List of all the words derived from each is given, to aid the student in remembering the connection between the root and its derivatives.

BENJAMIN DAVIDSON.

LIST OF ABBREVIATIONS

IN THE WORK.

abs. st.	absolute state
acc.	accent, accusative
a. & act.	active
adj.	adjective
adv.	adverb
anom.	anomaly & anomalous
ap. & apoc.	apocopated
Aph.	Aphel
aphær.	aphæresis
Arab.	Arabic
art.	article
bef.	before
c. & com.	common
causat.	causative
Ch. & Chald.	Chaldee
coll.	collated
collect.	collectively
comp.	compare
compd.	compounded
compos.	composition
concr.	concrete
conj.	conjunction & conjunctive
const.	construed
constr.	construct
contr.	contracted
conv	conversive
cop.	copulative
d. & dec.	declension
Dag.	Dagesh
def. & defect.	defective
demon.	demonstrative
denom.	denominative
deriv.	derivative
dist.	distinctive
du.	dual
emph.	emphatic & emphatically.
Eng. vers.	English version
epenth.	epenthetic
Ethiop.	Ethiopic
euph.	euphony
f. & fem.	feminine
f.	for
foll.	following
fr.	from
fut.	future
gen.	gender
genit.	genitive
gent.	gentile & gentilic
gutt.	guttural
Hiph.	Hiphil
Hithpa.	Hithpael
Hithpal.	Hithpalel
Hithpol.	Hithpolel
Hoph.	Hophal
Hothp.	Hothpael
i. q.	id quod
id.	idem
imp.	imperative
impl.	implied
inf. & infin.	infinitive
interrog.	interrogative
intrans.	intransitive
irr. & irreg.	irregular
Ithpe.	Ithpeel
Ishtaph.	Ishtaphal
K.	Keri
Kh. & Kheth.	Khethiv
l. c.	loco citato
lab.	labial
lett.	letter
loc.	local
m. & masc.	masculine
Mak.	Makkeph
metaph.	metaphorically
meton.	metonymy & metonymically
monos.	monosyllable & monosyllabic
n. f. s.	noun, feminine, singular
n. m. s.	noun, masculine, singular
n. m. p.	noun, masculine, plural
Niph.	Niphal
Nith.	Nithpael
numb. card.	cardinal number
obsol.	obsolete
p. & pass.	passive
Pa.	Pael
Pal.	Palel
parad.	paradigm
parag.	paragogic
part.	participle
patronym.	patronymi
perh.	perhaps
pers.	person
Pi.	Piël
Pil.	Pilel
pl.	plural
Pol.	Polal & Polel
Polp	Polpal
preced.	preceding
pref.	prefix
prep.	preposition
pret.	preterite
prim.	primary
pr. n. m	proper name. masculine
prob.	probably
pron. demon.	demonstrative pronoun
pron. relat.	relative pronoun
prop.	properly
prosth.	prosthetic
Pu.	Pual
Pul.	Pulal
q. v.	quod vide
R.	Root
Seg. n	Segolate noun
Shaph.	Shaphel
sc.	scilicet
Sept.	Septuagint
suff.	suffix
s. & sing.	singular
Talm.	Talmud
term.	termination
Tiph.	Tiphal
trop.	tropically
ult.	ultimate
Vulg.	Vulgate
§ & ram.	refers to the Paradigms and remarks at the commencement of the work
1 p., 2 p.,	1 pers. & 2 pers., &c., 1st or 2nd person
3 p. s. m.	3rd person singular masculine, &c.

[a], [b], or [c], &c. after any word, refers to the passage at the foot of the page.

בְ, בֶ, בֵ, or בֲ, placed before any word indicates that such word occurs only with this conjunction.

וְ, וֶ, וֵ, or וֲ, placed before any word indicates that such word occurs with and without this conjunction.

‹ This sign divides the explanation of the word's prefix from the analysis of the word itself.

[ ] inclose forms which do not actually occur in the Scriptures.

TABLES OF PARADIGMS

OF

THE HEBREW LANGUAGE,

WITH

REMARKS AND OCCASIONAL EXPLANATIONS.

SECTION I.—THE PERSONAL PRONOUN

TABLE A. THE PERSONAL PRONOUN.

SEPARATE PRONOUN.	VERBAL SUFFIX.		NOMINAL SUFFIX.	
	A. Simple Form.	B. With ן Epenthetic.	A. Suff. to Nouns Singular.	B. To Nouns Plural and Dual.
Singular.				
1. *com.* אָנֹכִי, in pause אָנֹכִי; אָנִי, in pause אֲנִי — *I.*	־נִי; ־נִי; ־נִי — *me.*	־נִי, ־נִי — *me.*	־י — *my.*	־ַי — *my.*
2. *m.* אַתָּה (אַתְּ), in pause אָתָּה; *f.* אַתְּ (אַתִּי, prop. אַתְּי) in p. אָתְּ — *thou.*	־ךָ, in pause ־ָךְ — *thee.*; ־ךְ; ־ָךְ; ־ָךְ	־ָךְ — *thee.*; not found.	־ךָ, in pause ־ָךְ — *thy.*; ־ךְ, ־ָךְ	־ְךָ — *thy.*; ־ֵךְ
3. *m.* הוּא — *he.*; *f.* הִיא — *she.*	־הוּ, ־וֹ, ־הוּ; ־ָהּ, ־הוּ, (־מוֹ); ־הּ; ־ָהּ; ־ָהּ — *him.*; *her.*	־ֵהוּ, (־נּוּ); ־ָהּ — *him.*; *her.*	הוּ, ־וֹ; ־ֶהָ, ־ָהּ; ־ָהּ — *his.*; *her.*	־ָיו, ־ֶיהוּ; ־ֶיהָ — *his.*; *her.*
Plural.				
1. *com.* אֲנַחְנוּ (נַחְנוּ), (אָנוּ) — *we.*	־נוּ; ־נוּ; ־נוּ (*nos*) — *us.*	־ֵנוּ — *us.*	־נוּ; ־ֵנוּ — *our.*	־ֵינוּ — *our.*
2. *m.* אַתֶּם; *f.* אַתֶּן, אַתֵּנָה — *ye.*	־כֶם; ־כֶן — *you.*	not found.	־כֶם; ־כֶן — *your.*	־ֵיכֶם; ־ֵיכֶן — *your.*
3. *m.* הֵמָּה, הֵם; *f.* הֵנָּה, הֵן — *they.*	־ם, ־ָם, ־ֵם; ־מוֹ, ־ֵמוֹ (*eos*); ־הֶן, ־ן, ־ֵן; ־ָן (*eas*) — *them.*	not found.	־ָם, ־ֵם; ־מוֹ; ־ָן, ־הֶן — *their.*	־ֵיהֶם, ־ֵימוֹ; ־ֵיהֶן — *their.*

SECTION I.—THE SEPARATE PRONOUN. (TABLE A).

REMARKS.

1. *First Person Singular.*

אָנֹכִי is the ancient and full form, of which אָנִי is an abbreviation, and from the latter are formed the suffixes attached to nouns, verbs, &c.

2. *Second Person Singular.*

Instead of Dagesh forte in אַתָּה, אַתְּ (pl. אַתֶּם), the kindred dialects have נ before ת (Chald. & Arab. אַנְתְּ), which, however, is not the original form, but ת alone is the characteristic consonant.*

אַתְּ without ה occurs only in 1 Sa. 24. 19; Ps. 6. 4; Job 1. 10; Ec. 7. 22; Ne. 9. 6; it is, however, in each place corrected in the Keri. The *feminine* form אַתִּי in Ju. 17. 2; 1 Ki. 14. 2; 2 Ki. 4. 16, 23; 8. 1; Je. 4. 30; Eze. 36. 13, was originally pronounced אַתִּי (with the feminine designation ־ִי, probably from הִיא *she*, properly *thou she*, comp. תִּקְטְלִי) as in the Syriac and the vulgar Arabic. The pointing with Sheva is agreeably to the Keri אַתְּ, because the Jewish critics, as it appears, did not recognise the form אַתִּי. The same final י appears likewise in the unfrequent form of the suffix ־ֵכִי, ־ֶכִי.

3. *Third Person Singular.*

The masculine הוּא is of common gender in the Pentateuch, and signifies also *she* (which is expressed by הִיא only eleven times, viz., Ge. 14. 2; 20. 5; 38. 25; Le. 2. 15; 11. 39; 13. 10, 21; 16. 31; 21. 9; Nu. 5. 13). The punctuators, however, either from want of appreciating such an idiom, or for the sake of distinction, whenever הוּא stands in the text for הִיא, give it the appropriate pointing of this form, (הִוא), and require it to be read הִיא. It is, however, to be sounded rather according to the old form הוּא. Besides the Pentateuch, הִוא occurs also in 1 Ki. 17. 15; Job 31. 11; Is. 30. 33.

4. *First Person Plural.*

אֲנַחְנוּ is manifestly the plural of אָנֹכִי, with the exchange of כ for ח, as אֲנוּ is of אֲנִי. The form אֲנוּ, from which the suffixes (־ֲנוּ, ־ָנוּ, ־ֵנוּ) are derived, is found only in Je. 42. 6, Khethib. The Masorites, however, did not recognize so unusual a form, and instead of it put אֲנַחְנוּ, which, indeed, some MSS. and editions have even as the reading of the text itself. Nevertheless, אֲנוּ appears also in the Rabbinical. The abbreviated form נַחְנוּ is found only six times, viz., Ge. 42. 11; Ex. 16. 7, 8; Nu. 32. 32; 2 Sa. 17. 12; La. 3. 42.

5. *Second Person Plural.*

אַתֶּם & אַתֶּן are blunted forms of אַתּוּם (Arab. *antum*, Chald. אַתּוּן, a form which lies at the foundation of some verbal inflexions, comp. the preterite with suffix), and אַתִּין, the full final vowel giving place to the obtuse sound of *e*, somewhat in the manner of the third person (הֵם). אַתֶּן is found only once, Eze. 34. 31 (where another reading is אַתֶּן); and אַתֶּנָה (for which some MSS. have also אַתֶּנָּה) occurs only in Ge. 31. 6; Eze. 13. 11, 20; 34. 17.

6. *Third Person Plural.*

הֵם & הֵן are got from הוּא and הִיא in the same manner as אַתֶּם from אַתָּה. The ־ָה in both forms (ה *paragogic*) has a *demonstrative* force.

SECTION II.—THE VERBAL SUFFIX.† (TABLE A).

REMARKS.

1. *First Person Singular*

Has this peculiarity, that the union vowel of the form ־ָנִי is invariably *Pattah*, though in an open syllable we expect *Kamets*, as in ־ָנוּ, ־ָהוּ; but this Kamets is found only in pause, e. g. Ex. 5. 22. For ־ֵנִי, the full form יְ.. is found with the *fut.* in 1 Ki. 2. 24, Kheth. For יְ־ see Ps. 118. 18; Ge. 30. 6; with the *fut.* Job 7. 14; 9. 34; יְ־ Je. 50. 44.

* Comp. Sansc. *tvam*; Egypt. *entok*, fem. *ento*; ancient and modern Pers. *tu*; Greek τυ (συ); Germ. *tu*, *du* [Engl. *thou*], see Gesenius's Heb. Gram. § 33, note.

† Just as the separate suffixes stand for the nominative, so the inseparable, when appended to verbs, stand for the accusative, and but rarely for the dative, as with intransitive verbs. Particles having the force of a verb, or where the substantive verb must be supplied, take the verbal suffixes. As, הִנֵּנִי *behold me!* but on the contrary אֵינֶנּוּ *he* (is) *not*, עוֹדֶנּוּ *he* (is) *yet*, where the nominative is designated by the same suffix. The suffixes are but seldom employed with prepositions. Comp. § 3, note.

2. *Second Person Singular.*

The pausal form for the masculine, ־ָךְ, commonly found with the verbs ל״ה & ל״א (Is. 30. 19; Je. 23. 37; Eze. 28. 15), is seldom attached to other verbs (Is. 55. 5; De. 28. 24, 45), but ־ְךָ is the more usual form (Is. 43. 5; 44. 2; Ps. 30. 13); the reverse, however, obtains when appended to the particles.

Unfrequent forms are, ־ָכָּה 1 Ki. 18. 44, and ־ְכָּה Pr. 2. 11. אֲמָאְכָאךְ Ho. 4. 6 is probably pointed incorrectly for אֲמָאְכָאךְ, a Syriac form of the suffix, which occurs a few times in the Codex Sam. (Ge. 22. 26.)

The form ־ָךְ for the *feminine* is unusual with the verb (Is. 54. 6), as is also ־ְךָ when appended to the *preterite*, and ־ָךְ, the tone being thrown back (Is. 47. 10, comp. Is. 60. 7). ־ָכִי, ־ְכִי (as in the Syriac) are frequently found in the later Psalms, comp. Ps. 137. 6.

3. *Third Person Singular.*

The forms ־ֶהָ, ־ֶנּוּ occur frequently, and are most common in pause, comp. Ps. 65. 10; Job 5. 27; 41. 2. The two forms (viz., with and without epenth. נ) are found in immediate succession in Is. 26. 5, יַשְׁפִּילֶנָּה יַשְׁפִּילָהּ עַד אֶרֶץ *he casts her down, casts her down to the earth.* The first word ought, doubtless, to conclude the first hemistich, though the accents decide differently.

־ָהּ is frequently written without Mappik, comp. וַתַּחְמְרָה Ex. 2. 3; תִּוְסְדָה Ex. 9. 18; שִׁמְרָה Amos 1. 11 (the best mode of explaining the latter passage).

־ָנָּה is of common occurrence.

4. *First Person Plural.*

In Is. 85. 7, several MSS. and editions have ־ֵינוּ instead of ־ֵנוּ.

For this suffix the Chaldee uses the form ־ָנָא. Some discover such a Chaldaism in תִּקְרָאנָה Ex. 1. 10, for תִּקְרָאנוּ (*she befalls us*). But נָה here may be regarded as the afformative of the fut. 3 pers. pl. fem. agreeing with מִלְחָמָה, which follows it, in a collective sense (*wars*).* The Samaritan text indeed has such a Chaldaism in De. 32. 3, where לאלהינה stands for לאלהינו, and in Nu. 16. 13.

5. *Third Person Plural.*

That the forms of מוֹ belong exclusively to the poetical style, may be seen from the examples in Noldius, Concordd. Particul. ed. Tympe, pp. 438, 498, 563, 564. But comp. § 5. No. 2, note. In Ex. 15. 5, occurs יְכַסִּימוֹ with ו which is found nowhere else. This is, however, the common form in the Ethiopic.

For the suffix ן (fem.), ם is frequently substituted (prob. to prevent its being mistaken for the paragogic Nun), so that the distinction between masc. and fem. entirely ceases: e. g. וַיְגָרְשׁוּם *and they drove them* (the daughters) *away*, Ex. 2. 17; וַיַּאַסְרוּם *and they tied them* (the kine), 1 Sa. 6. 10. Comp. Ge. 26. 15; Nu. 17. 3, 4; Jos. 4. 8; Ho. 2. 14; Pr. 6. 21. Just the reverse is found in the word יְדַעְתִּין Is. 48. 7, where ן stands for ם.

6. The tone invariably rests on the union vowel, or, in the absence of this, on the last syllable of the word. ־ָם, ־ֶן and ־ֶם, ־ָן are excepted, and are therefore called *grave*, the others *light* suffixes.

7. The participles and infinitives may take either the verbal, or nominal suffixes. The participle is but slightly affected by their difference, as עֹשַׂנִי *he who created me*, Job 32. 22, and עֹשִׂי *my creator*; רֹאֲנִי Is. 47. 10, comp. Is. 28. 4. With the infinitive, however, they effect a change in the signification. E. g. קָרְאִי *my calling*, Ps. 141. 1, פָּקְדִי *my visiting*, Je. 32. 5; but לְהָרְגֵנִי *to slay me*, Ex. 2. 14, לְעֶזְרֵנִי *to help me*, 1 Ch. 12. 17. In the first examples, the suffix denotes the genitive, in the latter the accusative. A single exception is found in Eze. 47. 7, בְּשׁוּבִי *in my returning*, for בְּשׁוּבִי.

* In the same manner may be explained in Job 17. 16, תֵּרַדְנָה, as agreeing with תִּקְוָתִי (collect. *expectations*) of the preceding verse; in Is. 28. 3, תְּרֻמַסְנָה, instead of agreeing with the subject עֲטֶרֶת, agrees with the instrumental רַגְלַיִם; and so in Ju. 5. 26, תִּשְׁלַחְנָה, agrees with the accusative יָדָהּ (collect. *her hands*), comp. Ge. 27. 39; 31. 8; Is. 18. 5, where the verb, instead of agreeing with the subject, agrees with the predicate. Moreover, תִּשָּׁלַחְנָה Ob. 13, may refer to the people addressed there, in the feminine. Hence several grammarians and commentators have been induced to observe, that the plural form of the future, תִּקְטֹלְנָה, frequently stands for the singular תִּקְטֹל, which, indeed, suits well the several passages.

SECTION III.—SUFFIXES TO THE NOUN IN THE SINGULAR.* (TABLE A).

REMARKS.

1. When the *First Person* ־י is to be appended to a noun terminating in ־, one Yod is dropped, as גּוֹי my people, Zep. 2. 9, for גּוֹיִי.

־י has the tone, which it loses when the word following is either monosyllabic, or dissyllabic, having the tone on the first syllable (Milêl); e. g. אֲחֹתִי אָתְּ (thou art my sister) Ge. 12. 13; כְּכַחֵי עָתָּה Jos. 14. 11, comp. Ge. 20. 2, 5; 26. 7, 9; 49. 3; Je. 2. 27; 31. 9; 2 Sa. 23. 17; Job 19. 25; 20. 2; Ps. 140. 7.

2. *Second Person Singular.*

Unfrequent forms: masc. כַּפֶּכָה (thy hand) Ps. 139. 5, חֹלַכָה (thy host) Ps. 10. 14, but see the analysis of this form in the alphabetical order. Fem. ־יךְ Eze. 5. 12; ־ךְ (like the suffix of the verb) for ־ךָ, Eze. 23. 28; ־כִי Je. 11. 15; Ps. 103. 3.

3. *Third Person Singular.*

The form ה for וֹ seems to belong to an older orthography. It is generally corrected in the Keri, as in Ge. 49. 11 (twice); Ex. 22. 26; Le. 23. 13; 2 Ki. 19. 23; 20. 13; but is not corrected in Je. 2. 21; Eze. 20. 40.

־הּ is also found without Mappik, as in Nu. 15. 2 (Job 31. 22): so that even ־א is substituted for i in Eze. 36. 5, אֱדוֹם כְּלָא (Edom, the whole of he for כְּלָה.

The forms ־הוּ and ־הָ are usually attached t nouns ending in ־ה, e. g. מַרְאֵה (sight)—מַרְאֵהוּ שָׂדֶה (field)—שָׂדֵהוּ; עָלֶה (leaf)—עָלֵהוּ; an so with רֵעַ, רֵעֵהוּ for רֵעָה (friend). With othe words they are seldom used, as לְמִינֵהוּ Ge. 1. 12 comp. Ju. 19. 24; Na. 1. 13; Job 25. 3.

4. *First Person Plural.*

The form ־נוּ (like the suff. of the verb) instead of ־נוּ, must be regarded as an exception, as Jo 22. 20; Ru. 3. 2, comp. No. 2.

5. *Second and Third Person Plural.*

Anomalous and unfrequent forms are: 2 pers. כֶּנָה Eze. 23. 48 (comp. Eze. 13. 20); 3 pers. masc ־הֶם 2 Sa. 23. 6, for ־הֶם (whence contr. ־ם); fem. ־הֶנָה 1 Ki. 7. 37; ־נָה e. g. כְּלֹנָה Ge. 42. 36; Pr. 31. 29 בְּאֹנָה Ru. 1. 19; Je. 8. 7; לְרִתְנָה Job 39. 2; לַבְּדָנָה Ge. 21. 29; ־נָה Ge. 41. 21; הֵן and הֵן e. g. מְלֹבְּנָה Eze. 13. 17, פְּתֵהֵן Is. 3. 1

SECTION IV.—SUFFIXES TO THE NOUN IN THE PLURAL (TABLE A).

REMARKS.

1. The ' which distinguishes these suffixes, is occasionally omitted in most of the persons: e. g. דְּרָכֶךָ (similar to the pausal form of the singular) for דְּרָכֶיךָ *thy ways*, Ex. 33. 13; Ps. 119. 37; Jos. 1. 8; רֵעֵהוּ for רֵעֵיהוּ *his friends*, Job 42. 10; 1 Sa. 30. 26; אַשְׁרֵהוּ for אַשְׁרֵיהוּ *his felicities*, Pr. 29. 18; חֶלְבָּהֶן *their fat*, Ge. 4. 4; גּוֹיֵהֶם *their nations*, Ge. 10. 5; לְמִינֵהֶם *after their kinds*, Ge. 1. 21; לְבָבָהֶן *their hearts*, Na. 2. 8. This is most frequent in suffixes of the 3 pers. sing. masc., ־יו, which is very often, and in all the copies alike, written ־ו, but the Keri almost always substitutes the common form ־יו. The word יַחְדָּו (*together*, properly *his unions*) is alone excepted, in which the Keri has made no change, probably because ־ו was not regarded as a suffix. יַחְדָּיו occurs only in Je. 46. 12, 21; 49. 3.

2. Although ־י, or the ' prefixed to these suffixes, is, doubtless, originally the plural termination of the masculine, they are yet regularly attached to the feminine plural וֹת also; as קוֹלוֹתַי *my voices*, קוֹלוֹתַיִךְ *thy voices*. It is hence to be regarded as an exception, when these suffixes are occasionally found appended to וֹת without this '. As, עֵדֹתַי *my testimonies*, Ps. 132. 12; מַכֹּתְךָ *thy strokes*, De. 28. 59; אַחְיוֹתַיִךְ *thy sisters*, Ex. 16. 52: אֲבוֹתָם *their fathers*, Ex. 4. 5; אוֹתוֹתָם *their signs*, Ps. 74. 4; עַצְּבוֹתָם *their pains*, Ps. 16. 4; צָרוֹתָם *their distresses*, Ps. 34. 18.

3. These suffixes with ' are found, on the other hand, also with forms of the *singular;* as, תְּהִלָּתִיךְ *thy praise*, Ps. 9. 15; שִׂנְאָתִיךְ *thy hatred*, Eze. 35. 11; בְּנוֹתַיִךְ *thy building*, Eze. 16. 31; הַנְּזִרוֹתֵיכֶם *your dis*

* The suffixes appended to the noun properly stand for the genitive, as סוּסִי *the horse of me*, i. e. my horse. The prepositions, being originally substantives, take likewise these suffixes with a few exceptions (as בַּעֲדִי, תַּחְתֵּנִי) comp. § 2, note.

person, Eze. 6. 8. To these may be added חֲמִישִׁתָיו Le. 5. 24, as it has, at least, the signification of the singular, *his fifth part*.

4. *Second Person Singular.*

Yod in יךָ is furtive (like that in בַּיִת for בַּיְתְ), and the original form ךָ is found in the Syriac and Chaldee. The feminine in these dialects is ـֵךְ, יְכִי, and so it is likewise in the Hebrew, by a Syriacism, as in Ps. 103. 3, 4, 5; 116. 7, and in Kheth. 2 Ki. 4. 3, 7. יךְ Ec. 10. 17, is formed in imitation of the singular ךְ. The suffix in מַלְאָכֶיהָ (*her messengers*) Nah. 2. 14. can hardly be accounted for; other codices read כֶּהָ and כֶּהָ.

5. *Third Person Singular.*

The poetic יהוּ is formed in imitation of the singular הוּ, e. g. Job 24. 23; Na. 2. 4.—וֹהִי in תַּנְמוּלוֹהִי Ps. 116. 12, is strictly a Chaldee form. For יָהּ is found הָא in Eze. 41. 15, comp. Chald. הָא *her*. Here we meet, finally, with an epenthetic נ, viz. in מָעֻזָּנֵיהָ Is. 23. 11, for מָעֻזֶיהָ *her fortresses*.

6. For the poetic form ימוֹ, comp. De. 32. 37; Job 20. 23; 22. 2; 27. 23; Ps. 11. 7. Some of the older grammarians* observe, that this form stands occasionally also for the singular. Kimchi (incorrectly) assigns as a reason, that this form exhibits both characteristics of the plural and of the singular. But though it cannot be denied that in the passages cited above (De. 32. 37 excepted) this suffix has reference to nouns singular, nevertheless, those nouns being collectives, do not lose their plural signification. Another instance is in Ps. 11. 7, where פָּנֵימוֹ as referring to יְהוָה may be regarded as a *Pluralis majestatis*. But were this form even to be admitted as strictly a singular, e. g. in Ps. 11. 7, we should then have to suppose it a misuse arising from its frequent occurrence in connection with collective nouns. The passages (Lu. 2. 4; Jo. 19. 27; Ac. 1. 20, from the Ethiopic version) cited by Lud. de Dieu (Crit. Sacra, p. 226, on Is. 53. 6), seem at all events to prove, that the suffix ומוֹ, answering to the Hebrew ימוֹ, does in the Ethiopic stand for the singular.†

Other unfrequent forms are, יהֵמָה Eze. 40. 16, יהֶנָּה Eze. 1. 11; יכֶמָה Eze. 13. 20.

SECTION V.

Suffixes attached to the Prefix Prepositions לְ and בְּ, the Conjunction כְּ, אֵת (Sign of the Accusative) and the Prepositions מִן and עִם.‡

(*a*) לְ *to*, sign of the dative.

		Sing.		Plur.	
1.	c.	לִי . .	*to me.*	לָנוּ	*to us.*
2.	m.	לְךָ, in pause לָךְ	*to thee.*	לָכֶם	*to you.*
	f.	לָךְ . .		לָכֶן	
3.	m.	לוֹ, (לָמוֹ comp. r. 2)	*to him.*	לָהֶם, poet. לָמוֹ	*to them.*
	f.	לָהּ . .	*to her.*	לָהֶן . .

3.	m.	אוֹתוֹ . .	*him.*	אֹתָם	*them.*
	f.	אוֹתָהּ	*her.*	אֹתָן	

* Kimchii Michlol, fol. 266, comp. l' Empereur on M. Kimchii, ὁδοιπορια, p. 243; Noldii Concordd. Partic. pp. 904, 916.

† We have given this remark of Gesenius in full, chiefly on account of his admission with regard to the use of this suffix in the Ethiopic, which is important, and may assist in the explanation of the form לָמוֹ in the following §, rem. 2.

‡ We exhibit these in particular, because of some peculiar forms they take when connected with the suffixes.

(*e*) מִן *from* (for which also מִמִּן, properly, *a part*).

		Sing.	*Plur.*
1.	c.	מִמֶּנִּי, poet. מִנִּי, מִנִּ֫ *from me.*	מִמֶּנּוּ . . *from us.*
2.	m.	מִמְּךָ, in pause מִמֶּ֫ךָ *from thee.*	מִכֶּם *from you.*
	f.	מִמֵּךְ . . *from thee.*	מִכֶּן *from you.*
3.	m.	מִמֶּנּוּ, poet. מִנֶּ֫הוּ, מִנְּהוּ *from him.*	מֵהֶם, poet. מִנָּם *from them.*
	f.	מִמֶּ֫נָּה . . *from her.*	מֵהֶן . . *from them.*

(*f*) עִם *with.*

		Sing.	*Plur.*
1.	c.	עִמִּי . . *with me.*	עִמָּנוּ *with us.*
2.	m.	עִמְּךָ, in p. עִמָּ֫ךְ *with thee.*	עִמָּכֶם *with you.*
	f.	עִמָּךְ . *with thee.*	—— *with you.*
3.	m.	עִמּוֹ . *with him.*	עִמָּ֫הֶם, עִמָּם *with them.*
	f.	עִמָּהּ . *with her.*	—— *with them.*

REMARKS.

I. On the Suffixes with לְ.

1. Instead of לוֹ the form לֹא is found several times (according to the Masora on Nu. chap. 11, 21 times) in Kheth., e. g. Ex. 21. 8; Le. 11. 21; 1 Sa. 2. 3, &c.

2. As regards the form לָמוֹ, grammarians maintain that it is also a singular, i. q. לוֹ, because it often agrees with nouns singular. Those singulars, however, are all collectives, and can therefore not serve as a proof. The examples are, Ge. 9. 26 (where it refers to שֵׁם, i. e. the descendants of Shem); Ps. 28. 8 (where it refers to the people of ver. 9, and hence some copies read לְעַמּוֹ); Ps. 73. 10 (also in reference to עָם); Is. 44. 15 (in reference to אֵל and פֶּ֫סֶל, which may likewise be taken in a collective sense); and finally Is. 53. 8. Though the subject of this last chapter is throughout given in the singular, yet the change to the plural form in ver. 8 is fully accounted for, when the *servant of God* (chap. 51. 13, like 42. 1, and 49. 3, 6) is considered to stand collectively for *the prophets*, which to me seems quite evident. Some copies have in Is. 44. 15 and 53. 8, לוֹ, which is an exegetical gloss. (Gesenius.)*

3. Unfrequent forms are:—2 pers. masc. לָכְה Ge. 27. 37; 2 pers. pl. fem. לָכֶנָּה Eze. 13. 18 (לָכֶן does not occur at all). לָהֵן Ru. 1. 13, is different from לָהֶן, and signifies *therefore*, as in the Chaldee.

II. On the Suffixes with אֵת.

4. The forms in the paradigm are the usual ones; unfrequent forms are:—2 pers. masc. אוֹתָכָה (in pause) Ex. 29. 35, אוֹתְכֶם Jos. 23. 15, אֶתְכֶם Ge. 32. 1, אוֹתָם Ge. 23. 45; fem. אוֹתֵךְ Eze. 23. 47, אוֹתָנָה Ex. 35. 26.

III. On the Suffixes with מִן.

5. מִנִּי (*from me*) must not be confounded with מִנִּי where י is paragogic.

6. מִמֶּנּוּ *from him* (for מִמֶּנְהוּ), and מִמֶּנּוּ *from us* (for מִמֶּנְנוּ) can only be distinguished by the context.

7. The pronouns הִמָּה and הֵנָּה often retain their full form after the prepositions, as, בְּהִמָּה Ex. 36. 1; Hab. 1. 16; כְּהִמָּה Je. 36. 32; לְהִמָּה Je. 14. 16; מֵהִמָּה Ec. 12. 12; Je. 10. 2; fem. בְּהֵנָּה Le. 5. 22; Nu 13. 19; כְּהֵנָּה Ge. 41. 19; לְהֵנָּה Eze. 1. 5, 23; 42 9; מֵהֵנָּה Le. 4. 2.

* But if there were even no other passage to establish the use of לָמוֹ in the singular, the passages Is. 53. 8, and 44. 15 alone might have been sufficient for this purpose: the former, where throughout the chapter only the singular appears, and the latter, where the plural does not at all suit the sense, and the writer himself explains it in the same connection by לוֹ in ver. 17. Comp. Hengstenberg's "Christology of the Old Testament," p. 523 of Prof. Keith's translation. In confirmation of this we may add the facts, that some copies do really read לוֹ instead of לָמוֹ in both passages, and that the form לְמוֹ in the Ethiopic, answering to the Hebrew לָמוֹ, is used in that version for the singular, as Gesenius himself admits (comp. § 5. rem. 6). When we, moreover, consider that this poetic syllable, which never receives the tone as a suffix, almost everywhere occurs in pause, or, which amounts to the same thing, stands with a word preceding the pause (comp. De. 32. 27; Ps. 11. 7; Job 20. 23; and Lehrgeb. § 52, 4 anm. 1 in reference to Jos. 3. 9; De. 32. 37, comp. Is. 21. 14; Ps. 4. 3, comp. also below, § 24. rem. 5), its specific use, in the poetical books, appears to be, that it takes the place of other forms, which must necessarily have the tone upon the ultimate, to suit the pause, the tendency of which is to throw the tone back upon the penultimate. Thus לָמוֹ which occurs 55 times, is everywhere in pause, except three times (Ps. 66. 7 119. 165; Job 24. 17) before the word in pause, most probably for לָהֶם or לוֹ, which, the former with grave suffix and the latter as a monosyllable, never can change the tone. Nor is it improbable that the מ of לָמוֹ in the singular is merely epenthetic, as in כָּמוֹנִי, comp. the poetical forms בָּמוֹ, כָּמוֹ, לָמוֹ, as independent words formed from the prefixes בְּ, כְּ, לְ, and the syllable מוֹ.

pass.	קָטוּל							

SECTION VI.—UNUSUAL CONJUGATIONS.

Besides the five usual forms of conjugation exhibited in the preceding paradigm (viz. Kal, Niphal, Piel and Pual, Hiphil and Hophal, Hithpael), there are other unusual forms, which, although they occur but seldom in the regular verb, are, nevertheless, *usual* in certain classes of the irregular verb. Of the latter conjugations some are connected in form with Piel, and are made by the doubling or repetition of one or more radical letters, or by the insertion of a long vowel, i. e. by changes within the root itself:

others are analogous to Hiphil, and are formed by the addition of prefix letters or syllables. To the former class, besides a Passive distinguished by the more obscure vowels in the final syllable, belongs also a reflective form with the prefix הִתְ after the analogy of Hithpael.

Those which are analogous to Piel, and which follow it in their inflexion are :—

1. *Poel* ; as קוֹטֵל, reflexive הִתְקוֹטֵל, fut. יְקוֹטֵל, part. מְקוֹטֵל, fut. pass. יְקוֹטַל. In the regular verb it occurs very seldom. Examples are :—מְשֹׁפְטִי *my judge*, Job 9. 15 ; יוֹדַעְתִּי *I have appointed*, 1 Sa. 21. 3 ; שֹׁרֵשׁ *to take root*, Is. 40. 24, denom. from שֹׁרֶשׁ *root*. In verbs ע״ע it is far more frequent ; e. g. חוֹנֵן, סוֹבֵב, הוֹלֵל. Its signification is mostly analogous to Piel.

2. *Pilel*, *Pulal*, *Hithpalel* ; as קִטְלֵל and קֻטְלַל, pass. קֻטְלַל, reflexive הִתְקַטְלֵל (the last radical letter being repeated). In the regular verb, the following are the only examples :—נִפְלַל Eze. 28. 23, i. q. נָפַל *to fall* ; צִמְּתַתְנִי *it has consumed me*, Ps. 119. 139, צִמְּתוּנִי Ps. 88. 17, which probably is to be read צִמְּתֻתוּנִי* (from צָמַת) *they consume me* (Dagesh in both instances is euphonic) ; with guttural שַׁאֲנַן *to be at rest*, רַעֲנַן *to be green* ; pass. אֻמְלַל *to be withered*. It is more frequent in verbs ע״ו, where it takes the place of Piel and Hithpael.

3. *Pealal*, as קְטַלְטַל (the two last letters being repeated) used especially of slight motions repeated in quick succession ; e. g. סְחַרְחַר *to go about with quick motion*, hence of the heart, *to beat quick, to palpitate*, Ps. 38. 11, from סָחַר *to go about*, pass. (Poalal) חָמְרַמַּר *to ferment with violence, to make a rumbling sound*, La. 1. 20.

4. *Pilpel*, formed from a *biliteral root* by doubling both radical letters, as סִבְסֵב, סָבַב ; כִּלְכֵּל, כּוּל. This also is used of motion rapidly repeated, e. g. צִפְצֵף *to chirp*, צִלְצֵל *to tinkle*, גִּרְגֵּר *to gargle*, עִפְעֵף *to flutter* (from עוּף *to fly*) ; reflex. הִתְגַּלְגֵּל *to roll oneself down*.

With Hiph. are connected :—

5. *Tiphel*, as תִּקְטֵל, with ת prefixed ; e. g. תִּרְגֵּל *to teach one to walk, to lead*, denom. from רֶגֶל *a foot* ; תַּחֲרָה, fut. יְתַחֲרֶה *to emulate*, Je. 12. 5 ; 22. 15 (from חָרָה *to be ardent, eager*).

6. *Shaphel*, as שַׁקְטֵל frequent in the Syriac ; e. g. שַׁלְהֵב *to burn*, from להב. In the Hebrew it is found only in the noun שַׁלְהֶבֶת *flame*.

Forms of which single examples occur :—

7. קַטְלַט, pass. קָטְלַט ; as מְחַסְפַּס *scaled off, having the form of scales*, Ex. 16. 14, from חָשַׂף=חָסַף *to peel, to scale*.

8. קַטְלַל, as זַרְזִיף Ps. 72. 6, *a violent rain*, from זָרַף.

9. קָטְקֵט (the two first letters repeated) a passive, only יָפְיְפִית *thou art fair*, Ps. 45. 3, from יָפֶה.

10. נִתְקַטֵּל (frequent in the Rabbinic) a form compounded of Niph. and Hiph., found in the examples נִוָּסְרוּ for נִתְוַסְּרוּ *they permit themselves to be admonished*, Eze. 23. 48 ; נִכָּפֵר De. 21. 8 ; נִשְׁתָּוֶה Pr. 27. 15.†

11. קְטוֹטֵל, in חֲצוֹצֵר *to blow the trumpet*, from חָצַר. The participle מחצצרים occurs 1 Ch. 15. 24 ; 2 Ch. 5. 13 ; 7. 6 ; 13. 14 ; 29. 28 in Kheth., and is doubtless to be read מַחֲצֹצְרִים ; but the Keri invariably rejects one צ, pointing it either as Hiph. or Piel, מַחֲצְרִים or מְחַצְרִים.

* The supposition that תֻּתּוּ stands for תְּתוּ may be founded upon the principle, that the feeble subordinate sound of *vocal Sheva* often conforms to the following proper vowel of the syllable, e. g. שָׁלֵם, LXX Σοδόμ, Sodom ; שְׁלֹמֹה Σολομών, Solomon (Lehrg. § 14. Gram. § 10. 2).

† The form נְגֹאֲלוּ La. 4. 14, is supposed to be likewise a compound, viz. of Niph. and Pual (נִגְאֲלוּ and גֹּאֲלוּ), in which form Gesenius discovers a passive of Niphal. Passives of Hithpael are : הֻתְפְּקְדוּ for הִתְפַּקְּדוּ Nu. 1. 47 , 2. 33 ; חֻטַּמָּא for הִתְטַמָּא, De. 24. 4 ; הֻכְבַּס for הִכַּבֵּס Le. 13. 55, 56 ; הֻדְשַׁן Is. 34. 6. Lehrg. § 71. 4.

SECTION VII.—QUADRILITERALS

The few verbs of this kind are formed after the analogy of Piel. The following are all the examples which occur:—

Pret. פַּרְשֵׂז *he spread out*, Job 26. 9 (with Pattahh under the first syllable, as in the Chaldee).

Fut. יַחֲרִסֶנָּה *he will devour it*, Ps. 80. 14

Pass. רָטַפַּשׁ *to become green*, Job 33. 25.

Part. מְכֹרְבָּל *girded*, 1 Ch. 15. 27.

SECTION VIII.—REGULAR VERB. (TABLE B.)

REMARKS.

I. ON THE PRETERITE OF KAL.

1. The verbs of *middle O* (as קָטֹן)* retain this Hholem in the 2nd and 1st persons, as יָכֹלְתִּי *I am able*, Ge. 30. 8; Jn. 8. 3; Ps. 40. 13; יָגֹרְתָּ, יָגֹרְתִּי *thou wast, I was, afraid*. De. 28. 60; 9. 19; קָטֹנְתִּי *I am small*. Ge. 32. 11; יָקֹשְׁתִּי *I lay snares*, Je. 50. 24. This and the usual form (*middle A*) are found together in Ge. 43. 14, כַּאֲשֶׁר שָׁכֹלְתִּי שָׁכָלְתִּי *as I am bereaved, I am bereaved*. In those cases, however, where (according to rem. 7) the tone is shifted to the ultimate, viz. in the 2nd pers. pl., before suffixes, and Vav conversive of the preterite, Hholem is shortened to Kamets Hhatuph: as וְיָכָלְתָּ *and thou shalt be able*, Ex. 18. 23. יְכָלְתִּיו Ps. 13. 5.

The verbs *middle E* generally lose the sound (ֶ) in their inflexion, e. g. חָפַץְתָּ, חָפַצְתָּ (like קָפַלְתָּ, קָפַל), and this original vowel appears again only:—

(*a*) in the 3 pers. sing. and pl. standing in pause, as גָּבְרוּ *they are strong*, 2 Sa. 1. 23; דָּבְקָה *she cleaves*, Job 29. 10; דָּבְקוּ Job 41. 15. Several verbs, properly *middle E*, have *Pattahh* in the 3 pers. when not in pause, and the E sound appears again only *in pause*; e. g. גָּבַר, גָּבְרוּ comp. שָׁכַן Ex. 40. 35; Jos. 22. 19. *in pause* שָׁכֵן De. 33. 12. 20; Ju. 5. 17 (comp. in Piel גִּדֵּל, in pause גִּדֵּל).†

(*b*) In forms with the tone on the ultimate, in which case (ֶ) is shortened into (ְ) or (ֵ), as, שְׁאַלְתֶּם *ye have asked*. 1 Sa. 12. 13: 25. 5: וִירַשְׁתָּם *and thou shalt succeed them in possession*. De. 19. 1: וִירִשְׁתָּהּ De. 30. 5: יְלַדְתִּיךָ *I have begotten thee*. Ps. 2. 7: שְׁאַלְתִּיהוּ 1 Sa. 1. 20, שְׁאִלְתִּיו Ju. 13. 6, comp. Je. 2. 27: 15. 10; Nu. 11. 12; Jos. 1. 15.‡

2. In some instances the 3 pers. has (ֶ) in the second syllable, although not in pause; as. שָׁפַט *he judged*. 1 Sa. 7. 17, גָּזַל *he robbed*, Eze. 18. 12,§ שָׁגַג *he erred*. Le. 5. 18.

3. *Third Person Feminine.* ־ַת, the usual form in the Syriac and Arabic, is some times used also in the Hebrew; as, אָזְלַת De. 32. 36. Another Aramaic termination is ־ָא in Eze. 31. 5.

An example with *euphonic Dagesh*, in pause, is נָשַׁתָּה (for נָשְׁתָה) *she dries up*, Is. 41. 17.

4. *Third Person Plural.* The form וּא (with parag. א), usual in the Arabic, is found in the Hebrew; as הָלְכוּא Jos. 10. 24.

It is but seldom that parag. ֝ is appended to the preterite; as, יָדְעוּן De. 8. 3, 16. Examples with *euphonic Dagesh*, in pause, are:—חָרֲגוּ Ju. 5. 7; 1 Sa. 2. 5 (where, however, MSS. vary); נָתְנוּ Eze. 27. 19.

5. *Second Person Singular.* Besides the common form תָּ for the masculine, the full form תָּה also occurs; e. g. בָּגַדְתָּה Mal. 2. 14, זָקַנְתָּה Jos. 13. 1.

2 pers. fem. As was observed above (§ 1. rem. 2), that besides the pronoun אַתְּ, there occurs another form אַתִּי in Kheth., so it should be remembered in this affirmative derived from it, there occurs, besides תְּ, also the form תִּי in Kheth., e. g. הָלַכְתִּי Je. 31. 21,

* The common form of the 3 pers pret. has, in the final syllable of the ground-form, either *A* (*Pattahh*), *E* (*Tseri pure*), or *O* (*Hholem pure*),—as מָלַךְ *to reign*, חָכְיָן *to be sour*, יָכֹל *to be able*,—which are found likewise in the irregular verb, e. g. מוּת (for מָוַת) *to die*, אוֹר (for אָוֹר) *to be light, bright*. For the sake of brevity, these are called, after the example of the Arabic grammarians, verbs *middle A*, *middle E*, and *middle O*. The two latter are usual in *intransitive* verbs, e. g. זָקֵן *to be old*, קָטֹן *to be small* (Lehrg. § 66. 3).

† It is better, however, to view these as two different forms of the same verb, comp. the Lexicon.

‡ This shortening, however, into (ְ) & (ֵ) may properly be from *Pattahh*, occasioned by the removal of the tone to the next following syllable, comp. יֶדְכֶם for יַדְכֶם, כְּהוֹ for כַּהוֹ from כַּוֹד, comp. especially § 11. rem. 1; so that there is no need to suppose here a ground-form *middle E*, as שָׁאֵל, יָרֵשׁ, יָלֵד.

§ Nevertheless, Zakeph-katon may in this instance have the force of a pausal accent.

comp. Ezе. 16. 13, which is to be read תָּהֲלַכְתִּי. In such instances the Keri has the note ' יַתִּיר (abundat '), and in thus rejecting ' the vowel points are suited accordingly.

6. *Second Person Plural Feminine.* Instead of תֶּן, the form תֶּנָּה is used in Am. 4. 3, corresponding to a similar form of the pronoun, § 1. rem. 5.

7. In combination with the afformatives נוּ, תִּי, תָּ the tone is on the penultima, and the word is said to be *Milél* (above), but with the other afformatives the tone is on the ultimate, and the word is said to be *Milra* (below). The tone, however, is shifted, (*a*) by *conversive Vav* of the preterite from the penultima to the ultimate (comp. § 18. rem. 1), e. g. וּפָקַדְתָּ *and thou shalt visit*, Job 5. 24, וּפָקַדְתִּי Ex. 32. 34, except in pause, comp. however, De. 8. 6; (*b*) by the suffixes, comp. the table of the verb with suffixes; (*c*) by the *pause* in several of the persons from the ultimate to the penultima, where the original vowel, if it has fallen away, is likewise restored, as קָטְלָה, קָטְלוּ, קָטַלְתָּ, קָטַלְתְּ, &c.; the tone, however, remains fixed with the grave afformatives, as קְטַלְתֶּם.

II. On the Infinitive of Kal.

8. There is but one form for the *inf. abs.* which is קָטוֹל (with Hholem impure). The Hholem is found written either *in full*, or *defectively* (קָטֹל); the former, however, is the original.

9. For the *inf. constr.* the usual form is קְטֹל (with Hholem pure), besides which there is also an unusual form קָטֶל, as שְׁכָב *to lie down*, Ge. 34. 7; 2 Ki. 14. 22; שְׁפָל *to be humbled*, Pr. 16. 19; Ec. 12. 4. That they are strictly *Segolate* forms is seen from their inflexion (שִׁכְבִי, קָטְלִי), which perfectly agrees with the declension of the *Segolates* (קֹטֶל or קֹטֶל; קֶטֶל or קֶטֶל, קֶטֶל) comp. § 35. rem. 10.

10. The various infinitive forms, which occur as *verbal nouns*, will be enumerated farther on (§ 26). Here belong only such as are really construed as infinitives. They are:—

(*a*) קָטְלָה, קָטְלָה and קִטְלָה, as feminine forms from קֶטֶל, קֶטֶל; e. g. לָגְבָהָּה *to be lifted up*, Zep. 3. 11; לְטָמְאָה *to become unclean*, Le. 15. 32; לַחְמֹלָה *to have compassion*, Eze. 16. 5; לְמָשְׁחָה *to anoint*, Ex. 29. 29; לִרְחָצָה *to wash*, Ex. 30. 18; לְקָרְבָה *to draw near*, Ex. 36. 2; לִקְרַאת, instead of which by *Syriasm*, לִקְרַאת *to meet* (i. e. *against*). Moreover, יִרְאָה *to fear*, De. 4. 10, and שִׂנְאָה *to hate*, De. 1. 27, occur construed as infinitives, but are besides, more usually *verbal* nouns. Forms like אֶשְׁמָה, חֶזְקָה, are produced by the effect of the gutturals.

(*b*) With a preformative מ, as in the Syriac and Chaldee, as מִנְרָשׁ *to drive*, Eze. 36. 5; מִקְרָא *to convoke*, Nu. 10. 2; so likewise in some verbs of פ״נ, as מַשָּׂא for מִנְשָׂא *to carry*, Nu. 4. 24; מַסָּע *to remove*, De. 10. 11.*

(*c*) Other examples are יֵשַׁע Hab. 3. 13, אַבָּדָה Ex. 28. 8, which may, however, be regarded as *verbal nouns*.*

(*d*) דַּרְיוֹשׁ Ezr. 10. 16, for דָּרֹשׁ is quite anomalous. (Gesenius, in his Thesaurus, is inclined to regard it as an *inf. Piel*, for דַּרּוֹשׁ, comp. דַּלְיוּ Pr. 26. 7, for דַּלּוּ.)

III. On the Imperative of Kal.

11. The verbs which have *A* in the second syllable of the future retain the same also in the imperative; as שְׁכַב *lie down*, 2 Sa. 13. 5; Eze. 4. 4; לְבַשׁ *put on*, 1 Ki. 22. 30; שְׁלַם *be peaceable*, Job 22. 20.

With parag. ה the form קָטֹל becomes קָטְלָה, the form קְטַל becomes קָטְלָה; as, שָׁמְרָה *watch over* (from שָׁמֹר) Ps. 25. 20, זָכְרָה *remember* (from זָכֹר) 2 [illegible] 6. 42; שָׁכְבָה *lie down*, Ge. 39. 12, מָכְרָה *sell*, Ge. 25. 31, נָצְרָה (with euphonic Dagesh) from נָצַר for נְצֹר *keep*, Ps. 141. 3.†

12. The form קָטְלִי, קָטְלוּ is more directly derived from קָטַל than קָטֹל, and is chiefly found with imperatives of the first form, e. g. לְכִי, שִׁכְבִי, though also with those of the latter form. The form קָטְלִי, however, is comparatively unfrequent; as, מְלְכִי *reign*, Ju. 9. 10, 12; עָלְזִי *rejoice*, Zep. 3. 14; קָרְחִי *make bald*, Mi. 1. 16; מְשָׁכְנִי *draw*, Eze. 32. 20 (but also מִשְׁכוּ Ex. 12. 21); with composite Sheva, קָסְמִי *use enchantment*, 1 Sa. 28. 8, Keri. Segol is found only with gutturals (§ 13. rem. 3).

In pause the long *O* or *A* returns again; as, שָׁפְטוּ *judge ye*, Zec. 7. 9. Such forms, however, are found also without pause, as Da. 9. 19, with which the following may be classed: רְגָזָה—פְּשָׁטָה וְעָרָה *tremble—strip thyself and make thee bare*, Is. 32. 11, and according to some, also חֲגוֹרָה (*gird thyself*) which immediately follows in this passage.

* The infinitives of *b* and *c*, on account of their small number, must, in the Lexicon, be sought for among the nouns.

† The *lengthened imperative* or *imp. parag.* is, as may be seen from a comparison of the references given above, expressive of *wish* and *entreaty*; and is often *emphatic*, as קוּם *stand up*, קוּמָה *up!* (comp. rem. 13, and § 13. rem. 5).

In some instances Hholem has been retained in the inflexion according to Kheth.: as צָרוּפָה *try*, Ps. 66. 10. מְכוּכִי *reign*. Is. 24. 23. מְכוּכֵי *use enchantment*. 2 Sa. 26. 8. where the Keri has invariably cancelled וּ.

IV. On the Future of Kal.

13. The Hholem in the second syllable of the future is almost exclusively confined to the *transitive verbs* (middle *A*); while the verbs middle *E* and *O* have regularly Pathakh in the future; יִגְדַּל *to be great*. גָּבַר, fut. יִגְבַּר *to be strong*. יִשְׁכַּב *to be childless*. In several verbs, however, this difference of form exists only in the future, so that the future *O* stands for the transitive, and the future *A* for the intransitive signification; as קָצַר *to cut off, to reap* (Le. 25. 5; De. 24. 19. &c.), future *A*, *to be cut*, i. e. *to be short* (Ju. 10. 16; 16. 16); חָרַשׁ, future *O*, *to cut, to plough*, future *A*, *to be dumb*, (properly, *to be blunted*): חָלַשׁ, future *O*, *to subdue*. Ex. 17. 13, future *A*, *to be subdued*. Job 14. 10: חָרַם *to overlay*, fut. *A* intrans. ver. 8. In a few instances the difference in the signification is of another character: e. g. יֹאכַל *he shall cut* (*eat*). Is. 9. 19. יֹאכֵל trop. *he shall waste*. Job 22. 28: חָבַשׁ fut. *O*. *to saddle*, fut. *A* and *O* *to bind up*. Job 5. 18: Eze. 34. 16; עָרַב fut. *O*, *to be surety for*, עָרֵב fut. *A*. *to be sweet*.

They frequently both occur without any difference of signification: as יִשְׁבֹּת (Le. 26. 35) and יִשְׁבַּת (ver. 34) *he shall rest*; סָחַר, future *O* (Ps. 7. 3; Ho. 5. 14), and future *A* (Ge. 49. 27). *to tear*; נָדַר fut. *O* (Nu. 6. 21: De. 12. 17. &c.), and fut. *A* (Ge. 28. 20, &c.). *to vow*; נָשַׁךְ fut. *O*. Ec. 10. 11, and fut. *A*. Pr. 23. 32. *to bite*; בָּגַד fut. *O*. Mal. 2. 15, fut. *A*. ver. 10 *be treacherous*.

In parag. ה, the form אֶקְטְלָה becomes אֶקְטֳלָה. This (so called) *lengthened future* (comp. note to num. 11) is usually attached to the 1 pers. sing. and pl. and is found in all classes of the regular and irregular verbs, except in the *passives*, and has the Hholem wherever it is taken, by the affformatives ה and ־ָה and hence affects in precisely the same manner the [illegible] form: e. g. Kal. אֶשְׁמְרָה Ps. 2. 3; but Hiph. אַזְנִיחָה.*

It is however, sometimes found [illegible] persons, as the second and third, comp. Is. 5. 19; Eze. 21. 20; Ps. 20. 4. The form ־ָה is also sometimes found instead of ־ֶה, as אֶקְרָאָה 1 Sa. 28. 15. יִשְׁמָרָה Ps. 91. 4.

14. In the forms in which, according to the paradigm, Hholem is dropped, something of the O sound seems to have been expressed in the time when the Hebrew was a living language. Thus the vowel of the last syllable is constantly retained in the Arabic, and is lost only in the vulgar dialect. Traces of this are observable, (*a*) in the old *matres lectionis*, which the Keri has cancelled:—וְאִשְׁקוֹלָה *and I weighed*, Ezr. 8. 25, אֶשְׁקוֹטָה *I will rest*. Is. 18. 4, יִכְשׁוֹלוּ *they stumble*, Pr. 4. 16; (*b*) where the vowel remains and is pointed ִ, being considered shorter than וֹ; as יִשְׁפְּטוּ *they shall judge*, Ex. 18. 26, תַּעֲבֹרִי *thou shalt pass on*, Ru. 2. 8, תִּשְׁמְרוּם *thou shalt observe them*, Pr. 14. 3; (*c*) in (ר) which the punctuators have occasionally substituted for simple Sheva, e. g. וְאֶשַּׁקָה and אֶשַּׁקָּה in the Keri of the passages quoted above, comp. Ezr. 8. 26; Je. 32. 9; אֶשַּׁקָה *I might kiss*, 1 Ki. 19. 20, אֶסַּרֵם Ho. 10. 10; comp. Is. 27. 3; 62. 2; Eze. 35. 6.

15. The vowel of the last syllable is regularly restored again *in pause*, with which it receives the tone. *Pattahh* is then lengthened into Kamets, e. g. תִּקְטְלִי, יִכְרְתוּ, תִּקְדָּשׁוּ.

16. For the 3 pers. pl. fem. תִּקְטֹלְנָה, the form יִקְטֹלְנָה is substituted, in three instances, to distinguish it from the 2 pers., viz. יַעֲמֹדְנָה *they shall arise*, Da. 8. 22, comp. Ge. 30. 38; 1 Sa. 6. 12. The parag. ה in נָה, both for the masc. and fem. is often dropped, so that only נָ remain: e. g. תִּגַּשְׁנָ Ge. 33. 6.

A single anomaly is וְתִגְבַּהֲנָה. Eze. 16. 50. for תִּגְבַּהְנָה (comp. Verb *Ain gutt.*) where ַ is inserted after the manner of verbs ע״ו and ע״י.

17. To the forms ending in ִי or ֶי a parag. ַי is often appended, most frequently at the end of a period, where the vowel of the second syllable is restored, though this vowel does not (as in No. 15) receive the tone; e. g. יִרְנְנוּן Ex. 15. 14, תִּשְׁמָעַיִן De. 1. 17. comp. Ps. 104. 9, 22, 28, 29; Joel 3. 1; Ex. 9. 29. For instances of this *without pause* comp. Ru. 2. 8. 9; Ps. 4. 3; but the vowel is then more frequently not restored, comp. Hab. 3. 7; Ps. 104. 28. 29. De. 8. 20: Ex. 4. 9.

V. On the Infinitive, Imperfect, and Future of Kal.

18. Hholem of the *inf. constr.* and *fut.*, being a

* The future *hiphil* expresses excitement (in the sing., *of oneself*, in the pl., *of one another*), determination, wish, entreaty &c.: אָגִילָה וְאֶשְׂמְחָה *let me be glad and rejoice!* Ps. 31. 8; נֵלְכָה *let us go!* Ge. 22. 5 (comp. § 11. rem. 6).

pure vowel, is in most instances written without י. The full form occurs most frequently in pause or in the later books, comp. תִּקְצוֹר Le. 25. 5, לְבֻלּוֹם Ps. 32. 9, תִּבְנוֹד Is. 48. 8, אֶסְגּוֹד Is. 44. 19.

Before Makkeph, Hholem is changed into Kametz-hhatuph, as:—לִשְׁאֹל־לוֹ 2 Sa. 8. 10; Ps. 78. 18, דְּרָשׁ־נָא Je. 21. 2, תִּנָּבֵל־בָּהּ Zec. 9. 2. Where י stands in the text, it is cancelled in the Keri, so that it remains only in the Kheth.; e. g. לנאול־לו Ru. 4. 6 Kh. (Keri לִגְאָל־לוֹ), כתוב־לך Eze. 24. 2 Kh. (Keri כָּתְבִי־לָךְ), אכתוב־לו Ho. 8. 12 Kh. (Keri אֶכְתָּב־לוֹ).

VI. ON THE PARTICIPLE OF KAL.

19. קוֹטֵל is the regular participle of the verbs middle *A*, like קָטַל. The Hholem is *impure*, and ought, therefore, to be written *fully*; it is, however, more frequently written *defectively*, not only before an accession at the end, but even in the ground form, קֹטֵל.

Like the noun, it often has parag. ִי appended to the construct state; as שֹׁכְנִי סְנֶה *the inhabitant of the thorn-bush*, De. 33. 16, הֹפְכִי הַצּוּר *who changes the rock*, Ps. 114. 8, יֹשְׁבִי בַּשָּׁמַיִם *who dwells in heaven*, Ps. 123. 1, אֹסְרִי לַגֶּפֶן *who binds to the vine*, Ge. 49. 11, עֹזְבִי הַצֹּאן Zec. 11. 17.

In its inflexion it differs in nothing from the noun (comp. dec. 7), and by the same analogy is formed the feminine; only that it must be noticed, that the feminine form קֹטֶלֶת (with gutt. שֹׁמַעַת) is here more frequent than קֹטֵלָה.

When the tone is thrown back on account of a word, with the tone on the *penultima*, following it, Segol is substituted in the final syllable, as in Is. 41. 7, הֹלֵם פַּעַם *who smites the anvil*.

An unfrequent form is תּוֹמִיךְ *upholding*, Ps. 16. 5, for תּוֹמֵךְ; הִנֵּנִי יוֹסֵף *behold I am adding*, Is. 29. 14; 38. 5.*

20. The participles of the verbs middle *E* and *O* do not differ in form from the preterite; as מָלֵא *he is full*, and *full*; יָשֵׁן *he slept*, and *sleeping*; יָגֹר *he was afraid*, and *fearing*. Where these forms do not occur as participles, they are at least *verbal adjectives*.†

SECTION IX.—NIPHAL.

REMARKS.

1. *Preterite.* There is no positive proof for the existence of preterites like נִקְטַל, נִקְטֹל, corresponding to קָטַל, קָטֹל of the Kal (comp. § 8. rem. 1, note), in addition to the form נִקְטַל; for נֶחְתּוֹם Est. 8. 8, נֶעְתּוֹר 1 Ch. 5. 20, נֶהְפּוֹךְ Est. 9. 1, usually regarded as such preterites, are properly *infinitives abs.*

With regard to the tone and its changes, the remarks already made upon Kal (§ 8. rem. 7) are also applicable to Niphal.

2. The first *inf. abs.* (נִקְטֹל), connects itself, in form, with the preterite, to which it bears the same relation as קָטוֹל to קָטַל, and is the only infinitive of this kind. Examples are—נִלְחֹם *warring*, Ju. 11. 25, נִכְסֹף *longing*, Ge. 31. 30, נִשְׁאֹל *asking for oneself*, 1 Sa. 20. 6, נִשְׁלֹחַ *sending*, Est. 3. 13. Examples for the second form are—הִנָּתֹן Je. 32. 4, הֵאָכֵל Le. 7. 18, once אִדָּרֹשׁ *being inquired of*, Eze. 14. 3, which is quite an Arabic form. The construct form is but seldom used instead of the absolute, e. g. הִשָּׁמֵד De. 4. 26. In Ps. 68. 3, כְּהִנָּדֵף עָשָׁן תִּנְדֹּף *as smoke is driven away thou drivest* (them) *away*, the form הִנָּדֹף, as the construct of הִנָּדֵף, is chosen instead of הִנָּדֵף, probably for its agreement of sound with the following תִּנְדֹּף.

3. The *infinitive*, *imperative*, or *future*, in those persons which have no affixatives, when immediately followed by a word of one syllable, have the tone commonly drawn back to the penultima, and the final syllable having lost the tone receives Segol instead of Tseri; as יִכָּשֶׁל בָּהּ Ec. 7. 26, יִכָּשֵׁל בָּהּ Eze. 33. 12, תִּכָּתֵב זֹאת Ps. 102. 19, וַיֵּעָתֶר לוֹ Ge. 25. 21; 2 Ch. 33. 13, יֵחָלֵק אוֹר Is. 4. 3, יֵאָמֵן נָא 1 Ki. 8. 26, לְהִפָּתֵר שָׁם Job 38. 24; so in the *inf.* לְהִפָּתֵר שָׁם Job 34. 22; in the *imp.* הִלָּחֵם בּוֹ Ju. 9. 38. In some words, however, this form with the retracted tone has become the usual one; e. g. הִשָּׁמֵר Ex. 23. 21, and with *conversive Vav*, וַיִּלָּחֶם Nu. 21. 23; Jos. 24. 9; Ju. 9. 39; 1 Sa. 14. 47; וַיִּנָּגֶף 1 Sa. 4. 2, 10; 2 Sa. 2. 17; 2 Ki. 14. 12.

4. In a similar case, Pattahh is sometimes, though but seldom, put for Tseri, as תֵּעָנֵב אֶרֶץ Job 18. 4; it is, however, more frequently found with distinctive

* This form is, however, not universally acknowledged as a participle. Thus is תּוֹמִיךְ regarded as fut. of Hiph. *thou makest wide, glorious*, from יָמַךְ, Arab. *amplus fuit* (Schult., instit. ad fundam. 1 Hebr. p. 298). יוֹסֵף is likewise taken as Hiph. with אֲשֶׁר supplied, and rendered, *I am he who shall add.*

† This is indeed true in principle; we find it, however, more convenient to class even the participle cited here, among the adjectives where they will be found in the Lexicon.

accents, e. g. וַיִּגָּמֶל *he was weaned*, Ge. 21. 8; וַיִּנָּפַשׁ *he was refreshed*, Ex. 31. 17; נֶאֱמַר *it is said*, Ge. 10. 9; Nu. 21. 14; וַיֵּאָנַשׁ Jos. 2. 9, *he became sick*, 2 Sa. 12. 15. In the 2 and 3 pers. pl. the form with Pattahh is more common than that with Tseri, not only in pause (as תִּשְׁגַּלְנָה Zec. 14. 2, תִּרְמַסְנָה Is. 28. 3), and with gutturals or ר (as תִּבְרֶכְנָה Is. 65. 17, תִּפְתְּחָנָה Is. 35. 5), but even in the absence of either of these, e. g. תֹּאכַלְנָה Je. 24. 2.

5. The fut. 1 pers. sing. has frequently also Hhirek under the preformative, as אֶשְׁבַּע *I swear*, Ge. 21. 24, אֶדְרֹשׁ Eze. 14. 3, comp. Ge. 19. 20; 1 Sa. 20. 29; 27. 1; Job 1. 15, 16, 17; Is. 1. 24, &c.

6. When the prepositions בְּ, כְּ, לְ, are to be prefixed to the infinitive the ה is frequently contracted, but not so frequently as in the Hiphil; e. g. בִּשְׁלוֹ for בְּהַבְשִׁלוֹ Pr. 24. 17. This contraction, however, is more usually with verbs of *first guttural*, as בְּעָטֵף for בְּהַעָטֵף La. 2. 11, comp. Eze. 26. 15; Is. 1. 12, &c.

SECTION X.—PIEL AND PUAL.

REMARKS.

I. ON PIEL.

1. The *pret.* of Piel has frequently ֶ in the final syllable instead of ַ; e. g. אֵבֵד 2 Ki. 21. 3; La. 2. 9; especially before a Makkeph and in the *middle of a period*, whereas in the end of a period ַ is preferred, e. g. לְמַד־דַּעַת *he teaches wisdom*, Ec. 12. 9, וּמִלַּט־הוּא *he delivered the city*, Ec. 9. 15, comp. Eze. 33. 5, אֶת־הָעִיר וְהוּא נָזְהָר נַפְשׁוֹ מִלָּט *he who is warned saves his life.* See נִדֶּל Is. 49. 21, and נִדַּל Jos. 4. 14; Est. 3. 1.

A few verbs, of which the following are all the examples, have ָ in the final syllable—וְכִבָּס *and he shall wash*, Le. 13. 6, 34; 14. 8, 9, &c. (comp. כִּבַּס Ge. 49. 11; 2 Sa. 19. 25); וְכִפָּר *and he shall atone*, Le. 4. 20, 26, 31, &c.; דִּבָּר *he spoke*, frequently דִּבֶּר at the end of a period.

A single instance of ֶ in the first syllable in the manner of Aramaic and Arabic, is found in Ge. 41. 51, נַשַּׁנִי אֱלֹהִים וגו׳ *God makes me forget*, which is occasioned by a play upon the name מְנַשֶּׁה.

2. *Infinitive.* The distinguishing form of the inf. abs. is יַסֵּר Ps. 118. 18, קַנֵּא 1 Ki. 19. 10, רַפֵּא Ex. 21. 19; and in the same relation is נָאֵץ 2 Sa. 12. 14.

The latter form, which resembles the 3 pers. pret., is found also in Le. 14. 43 as an inf. constr. אַחַר חִלַּץ *after drawing out.* Here, it is true, אֲשֶׁר or כְּי may be supplied, and אַחַר taken as a conjunctive, *after one has drawn out;* see, however, the remarks on Hiph. § 11. rem. 4.

Somewhat more frequent are here the forms with the feminine termination—זַמְּרָה *to sing*, Ps. 147. 1; יַסְּרָה *to chasten*, Le. 26. 18; צִדְקָתְךָ *thy justifying* (comp. § 8. rem. 10) Eze. 16. 52.

3. An *imperative* with Pattahh in the final syllable is פַּלֵּג Ps. 55. 10.

4. The *inf. imp.* and *fut.*, when followed by a Makkeph, or a word which has the tone on the penultima, take generally ֶ in the final syllable, e. g. דַּבֶּר־עֹשֶׁק Is. 59. 13; Je. 9. 4; קַדֶּשׁ־לִי Ex. 13. 2; יְבַקֶּשׁ־לוֹ Is. 40. 20; and so, moreover, with *Vav conversive*, e. g. וַתְּגָרֶשׁ Jos. 24. 12.

Instead of תְּקַטְּלָנָה the form also with Pattahh in the second syllable is found, as תְּרַטַּשְׁנָה, Is. 13. 18.

The following are examples with parag. ֗—הַלְּבוֹן Ps. 104. 10, יְחַלְּחוּן Is. 51. 5, comp. Kal § 8. rem. 17.

II. ON PUAL.

5. The less frequent form of Pual, with Kametshhatuph instead of Kibbuts, is found in the following examples—מְאֻדָּם *dyed red*, Na. 2. 4; יְחֻבָּרְךָ *he is joined to thee*, Ps. 94. 20 (beside יְחַבֵּר Ec. 9. 4); כָּרַת *he is cut off*, Eze. 16. 4; and in the regular syllables of some irregular verbs, as שְׁדָמָה *she is desolate*, Na. 3. 7 (usually שְׁדֻמָּה); בָּלוּ *they are at an end*, Ps. 72. 20, כָּסוּ *they are covered*, Ps. 80. 11; Pr. 24. 31.

It is merely an orthographical variation when Shurek takes the place of Kibbuts, as יוּלַד, in pause יוּלְד Ju. 13. 8; 18. 29; Job 5. 7 (which may also be taken for Hophal, comp. הוּלְדָת Eze. 16. 4); זוּנָה *fornication is committed*, Eze. 16. 34; מְאוּנָל *spun*, Eze. 27. 19; הוּלְלוּ *they were praised*, Ps. 78. 63, comp. also Ec. 9. 12.

6. The participle of Pual occurs sometimes without the prefix מְ; it is then distinguished, like the part. of Niph., by the Kamets only in the last syllable; as לָקַח for מְלֻקָּח *taken away*, 2 Ki. 2. 10; הַהֲלֻלָה* *the praised*, Eze. 26. 17; לֹא נֻחָמָה *not comforted*, Is. 54. 11; לֹא רֻחָמָה *not pitied*, Ho. 1. 6, 8; יוּקָשִׁים or יוּקְשִׁים *ensnared*, Ec. 9. 12; מֹרָט for מְמֹרָט Eze. 21. 15, 16.

* This and the two next following examples are to be taken rather as preterites, in consequence of their having the tone retracted to the penultima by the pause accent, which is hardly to be met with in participles and adjectives.

III. IN GENERAL.

7. In those forms of Piel and Pual, which have Sheva under the radical letter, the characteristic Dagesh is often dropped; e. g. שִׁלְחָה for שִׁלַּחָה *she stretched out*, Eze. 17. 7, שִׁלְחוּ Ps. 74. 7; תְּבֻקְשִׁי *thou shalt be sought*, Eze. 26. 21; though in most instances it is inserted.

The absence of this Dagesh is sometimes intimated (*a*) by the lengthening of the preceding vowel, e. g. יְחָלְקֵם for יְחַלְּקֵם 1 Ch. 23. 6; (*b*) by a Hhatuph under the letter which was to have had the Dagesh, e. g. לָמָּה for לַמָּה Ge. 2. 23, comp. Ju. 16. 16.

SECTION XI.—HIPHAL AND HOPHAL.

REMARKS.

I. ON HIPHIL.

1. The characteristic ־ִי impure of the final syllable is only retained in the 3 *pers. preterite* of Hiph. (in the participle also, but with some exceptions) so as not to have another form with Tseri. In the imp. inf. and fut. there exists also a form with Tseri in the final syllable, which however differs from the other in signification, as the following remarks will show.

Forms in the *preterite* deviating from the paradigm are, (*a*) with ֶ (ֵ) under ה, e. g. הֶכְלַמְנוּ *we are ashamed*, 1 Sa. 25. 7, which is still more usual in verbs ל״ה, e. g. הֶחֱלָאָה, הֶגֱלָה, הֶסְגֵּדָה; (*b*) with א, as in the Aramaic; טִמֵּאתִי *I have polluted*, Is. 63. 3; (*c*) with ֵ (ֶ) in the 2 and 3 pers., however only with suffix, as הִשְׁאִלְתִּיהוּ 1 Sa. 1. 28.

2. The *inf. absol.* has generally Tseri with or without Yod; as הַשְׁכֵּם *to rise up early*, Je. 7. 13, and הַשְׁכֵּים Je. 44. 4, &c.; הַשְׁמֵד *destroying*, Is. 14. 23, and הַשְׁמֵיד Am. 9. 8; הַשְׁלֵךְ *casting*, Je. 22. 19; הַקְטֵר *burning incense*, 1 Ki. 9. 25; הַעֲמֵיד Ne. 7. 3; הַעֲנֵיק De. 15. 14, &c.

A form with א, by Chaldaism, is אַשְׁכֵּם Je. 25. 3. As such may be taken אַבְרֵךְ Ge. 41. 42, viz. as an *inf. abs.* for the *imperative*, *bow the knee*, if regarded according to Hebrew etymology.

When followed by Makkeph the inf. takes Segol, as הַכֶּר־פָּנִים Pr. 24. 23; 28. 21.

Unfrequent exceptions are, when the form with *Tseri* occurs for the *inf. constr.*, as הַנְחֵל De. 32. 8, comp. ch. 26. 12; Da. 11. 35, and the form with ־ִי for the *inf. abs.* Jos. 7. 7.

3. When the prepositions בְּ, כְּ, לְ are prefixed to the inf. constr. generally no contraction takes place, and the form remains בְּהַקְטִיל, לְהַקְטִיל, &c., differing in this respect from the future, where יַקְטִיל stands for יְהַקְטִיל. There are, however, some few exceptions; e. g. לְשַׁמִּיד *to destroy*, Is. 23. 11; לְשַׁבִּית *to put an end to*, Am. 8. 4; לְלַבֵּן *to make white*, Da. 11. 35; לְנַפֵּל Nu. 5. 22; לַאֲדִיב *to cause to languish*, 1 Sa. 2. 33; לְעַשֵּׂר, בְּעַשֵּׂר *to pay tithes*, Ne. 10. 39; De. 26. 12, comp. Ex. 13. 21; Ps. 78. 17, and in Kheth., as לְנַיִּד; לְעַזּוֹר 2 Sa. 18. 3, for which the Keri has לַעְזִיר 2 Ki. 9. 15.

4. *Infinitives* not differing in form from the *preterite*, are more frequent here than in Piel (§ 10. rem. 2); e. g. עַד הִשְׁאִיר 2 Ki. 3. 25; לְמַעַן הָרְגִּיעַ וְהִרְגִּיז Je. 50. 34; יָגֵן יְהוָה–גִּנּוֹן וְהַצִּיל פָּסוֹחַ וְהִמְלִיט Is. 31. 5. These examples may yet be doubted, as they can be regarded as real preterites, and the prepositions before them as mere conjunctions (for עַד אֲשֶׁר, לְמַעַן אֲשֶׁר); there are, however, others which must be recognised as infinitives, e. g. הִשְׁמִידְךָ De. 7. 24; moreover אַחֲרֵי הִקָּוֹת אֶת־הַבַּיִת *after the scraping of the house*, Le. 14. 43 (where the ending וֹת of the verb ל״ה decides for the inf.)

5. In the *imp.* the leading form (הַקְטֵל) does not occur at all;* instead of it are employed the shortened and lengthened forms, הַקְטֶל and הַקְטִילָה (§ 8. rem. 13); e. g. הַשְׁמֶן *make fat*, Is. 6. 10; הַקְשֶׁב *attend*, Job 33. 31; הַקְשִׁיבָה Ps. 5. 3; 17. 1; הַצְלַח *prosper*, 1 Ki. 22. 12, 15, and הַצְלִיחָה Ps. 118. 25 (nowhere הַצְלֵיחַ); הַבֵּט *look*, Job 35. 5, and הַבִּיטָה La. 1. 11; הַגֵּד *tell*, 1 Sa. 25. 11; הַבְדֵּל *separate*, Is. 56. 3; הַקְשִׁיבָה *hearken*.

Before Makkeph (־) is changed into ֶ (ֵ), as הַסְבֵּךְנָא Job 22. 21; הַבֵּט־נָא Ge. 15. 5.

6. In the future, the more usual form is that with Tseri for the *shortened future*, and has in general the

* This remains, however, the ground-form whenever the suffixes are added, as הַשְׁמִיעֵנִי Ps. 143. 8, and is analogous to the forms with the afformatives having a union vowel, as הַקְטִילִי, הַקְטִילוּ

signification of the subjunctive, similar to the lengthened future (§ 8. rem. 13), with some modification occasioned by the difference of person. It is found—

(*a*) In the expression of command and wish; e. g. יִכָּרֵת *may he be cut off*, Ps. 12. 4; 109. 15 (comp. יִכְרֵית *he shall cut off*, De. 12. 29; 19. 1; 1 Ki. 14. 14); יוֹסֵף *may he add, may he increase*, Ge. 30. 24; Le. 5. 16, 24; 27. 31; Nu. 5. 7; 22. 19; De. 1. 11 (comp. יוֹסִיף Jos. 23. 13; 2 Sa. 14. 10); תּוֹצֵא *let her bring forth* (comp. תּוֹצִיא Is. 61. 11; Hag. 1. 11); יַפְקֵד *let him appoint*, Ge. 41. 34; Est. 2. 3 (יַפְקִיד Is. 10. 28); יַשֵּׂג *let him overtake*, Ps. 7. 6; תַּאֲבֵל Eze. 3. 3; תּוֹחֵל 1 Sa. 10. 8, &c.

(*b*) More usually in the expression of prohibition with אַל; e. g. אַל תַּסְתֵּר *hide not*, Ps. 27. 9; 69. 18; 102. 3; 119. 19 (comp. תַּסְתִּיר Ps. 13. 2; 44. 25); אַל תַּשְׁחֵת *destroy not*, De. 9. 26; Ps. 57. 1, &c.; אַל תַּסְגֵּר *shut not up*, Ob. 14; תַּצֵּל *deliver not*, Ps. 119. 43 (comp. 1 Sa. 30. 8); אַל תַּפֵּל *let not fail*, Est. 6. 10 (comp. Pr. 1. 14); אַל תַּבֵּט *look not*, 1 Sa. 16. 7; אַל יַאֲמֵן *let him not trust*, Job 15. 31; אַל יוֹתַר *let him not leave*, Ex. 16. 19; see also Pr. 30. 10; Ob. 12.

(*c*) Less frequently with a ו preceding it, expressive of the conjunction *that, in order that*, as in Ju. 14. 15, *entice thy husband* וְיַגֶּד־לָנוּ *that he declare to us*, and so Job 11. 6; 12. 7; Je. 42. 3; וְיַצֵּל *that he deliver*, 1 Sa. 7. 3.

(*d*) With a negation, e. g. לֹא־תִסָּף *she shall not continue*, Ge. 4. 12, comp. Job 40. 32 (27); לֹא אֹסֵף De. 18. 16; Ho. 9. 15; אַל תּוֹתַר *thou shalt not have the pre-eminence*, Ge. 49. 4; see also Is. 13. 20.

(*e*) After *conversive Vav;* the first person, however, is excepted, which generally retains the form with י־; e. g. וְאַשְׁמִיד *and I destroyed*, Am. 2. 9; וְאַשְׁלִיךְ *and I cast*, Zec. 11. 13; וְאַגִּיד *and I told*, Is. 48. 5; וְאַמְלִיךְ *and I made king*, 1 Sa. 12. 1; וְאַסְתִּיר *and I hid*, Eze. 39. 23, 24. It is likewise so pointed when י is omitted in the text—וְאַעְשֵׁר *and I enriched*, Zec. 11. 5; וְאַחְבֵּא *and I hid*, 1 Ki. 18. 13; וְאַצֵּל *and I delivered*, Jos. 24. 10; Ju. 6. 9; 1 Sa. 10. 18.

Exceptions where יַקְטֵל is used for the plain *future* (or *present*), are only found with the poets, e. g. יַשְׁלֵךְ *he casts*, Job 15. 33; 27. 22; יַמְטֵר *he causes to rain*, Job 20. 23; Ps. 11. 6; see also Job 18. 9; 34. 29; 37. 4; 40. 9, 19; Ps. 25. 9; 2 Sa. 22. 14; 1 Sa. 2. 10; Mi. 3. 4. Also with somewhat later authors, e. g. יַבְקֵעַ *he shall make to cleave*, De. 28. 21; יוֹלֵךְ *he shall lead*, De. 28. 36; אָז יַקְהֵל *then he assembled*, 1 Ki. 8. 1, for which 2 Ch. 5. 2 אָז יַקְהִיל (doubtless to be read וְיַקְהִיל); וְאַחְזֵק *and I shall lay hold*, Is. 42. 6.

7. Before Makkeph this Tseri of the shortened future becomes Segol; e. g. וַיַּחֲזֶק־בּוֹ *and he laid hold upon him*, Ju. 19. 4; וַיִּגַּשׁ־לוֹ *and he drew near to him*, Ge. 27. 25; וַנַּגֶּד־לוֹ *and we told him*, Ge. 43. 7. In pause it occurs with Pattahh—וַיִּגַּשׁ Ju. 6. 19. In the plural Tseri is sometimes entirely dropped, as is the case with the *e* of the final syllable in the Aramaic—וַיִּדְרְכוּ for וַיִּדְרִיכוּ *and they bent* (the bow), Je. 9. 2; וַיִּדְבְּקוּ *and they pursued*, 1 Sa. 14. 22; 31. 2

8. In the participle the form with ◌ֵ◌ seldom occurs in the singular, see however מַסְתֵּר for מַסְתִּיר *hiding*, Is. 53. 3, and in the fem. מַזְכֶּרֶת Nu. 5. 15, מַגֶּדֶת Est. 2. 20. Hence are the plurals מַחֲלְמִים *dreaming*, Je. 29. 8, מַעְזְרִים *helping*, 2 Ch. 28. 23, מַהֲלְכִים *leading* (*leaders*), Zec. 3. 7, comp. the Chaldee מַהְלְכִין Da. 3. 25; 4. 34.

9. The tone in Hiph. differs from that of the rest of the conjugations, inasmuch as it does not rest upon the affformatives ה and י־ in the pret., imp. and fut. In the pret. however, they receive the tone by *conversive Vav;* וְהַבְדִּילָה *and she shall divide*, Ex. 26. 33, but is retained in וְהַגִּידָה *and she told*, 2 Sa. 17. 17

II. ON HOPHAL.

10. Besides the form with Kamets-Hhatuph given in the paradigm, there is another with Kibbuts equally frequent, and often in one and the same verb, e. g. הָשְׁלְכָתָּ *he is cast*, Da. 8. 11, הָשְׁלַכְתָּ Is. 14. 19, הָשְׁלְכָתִי Ps. 22. 11, fut. יִשְׁלַךְ Is. 34. 3, Eze. 16. 5, part. מְשֻׁלָּךְ 2 Sa. 20. 21; הָשְׁכַּב *to be laid*, Eze. 32. 32, imp. הָשְׁכְּבָה ver. 19; הָפְקַד *to be appointed*, Je. 6. 6, part. מְפֻקָּדִים 2 Ch. 34. 10; תְּקֻטַּר *to be burned*, Le. 6. 15, part. מְקֻטָּר Mal. 1. 11.

11. The *inf. abs.* is distinguished by ◌ָ◌ in the final syllable, e. g. הָחְתֵּל *to be swaddled*, Eze. 16. 4; הָגֵּד Jos. 9. 24. Of the *inf. constr.* as given in the paradigm, there happens to occur no example in the regular verb.

12. Of the *participle* there occurs, in Eze. 46. 22, the uncontracted form מְהֻקְצָעוֹת for מֻקְצָעוֹת. This form occurs likewise in the fut. of the verbs ל״ה, as יְהוֹדָה for יוֹדֶה (comp. § 20. rem. 10).

SECTION XII.—HITHPAEL.

REMARKS.

1. The *preterite*, as in Piel, has frequently also *Pattahh* in the final syllable, e. g. הִתְחַזַּק *to show oneself courageous*, 2 Ch. 13. 7; 15. 8. This vowel occurs also in the future and imperative, as יִתְחַכַּם *he thinks himself wise*, Ec. 7. 16; הִתְעַנַּג *delight thyself*, Ps. 37. 4; הִתְקַדַּשׁ *sanctify thyself*, Jos. 3. 5, comp. 1 Ki. 20. 22. In pause these forms take Kametz, as pret. הִתְאַזָּר *he girded himself*, Ps. 93. 1; fut. יִתְאַבָּל *he mourns*, Eze. 7. 12, 27, יִתְאַדָּם *it sparkles*, Pr. 23. 31.

2. The *preterite* with conversive Vav has sometimes *Hhirek* instead of *Pattahh* in the penultima which has lost the tone, as וְהִתְגַּדַּלְתִּי וְהִתְקַדַּשְׁתִּי *I will show myself great and holy*, Eze. 38. 23; וְהִתְקַדַּשְׁתֶּם *and ye shall show yourself holy*, Le. 11. 44; 20. 7, comp. in Kal the form יִלַּדְתִּיךָ (§ 8. rem. 1 b).

3. The Syriac form with אָת occurs in 2 Ch. 20. 35, אָתְחַבַּר for הִתְחַבַּר *he joined himself*.

Note. The ת of the syllable הִתְ suffers the following changes:—(*a*) when the first radical of the verb is a sibilant (ס, צ, ש) it changes place with ת, as הִשְׁתַּמֵּר for הִתְשַׁמֵּר, הִסְתַּבֵּל for הִתְסַבֵּל; צ causes, moreover, a change of ת into the more nearly related ט, as הִצְטַדַּק for הִתְצַדַּק; (*b*) before ד, ז, ט & ת it is assimilated, e. g. הִדַּבֵּר from הִתְדַּבֵּר, הִזַּכּוּ from הִתְזַכּוּ Is. 1. 16, הִטַּהֵר, הִתַּמֵּם; sometimes also before ג & כ, as חִנַּבֵּא, elsewhere הִתְנַבֵּא; הִכּוֹנֵן for הִתְכּוֹנֵן.

4. Forms followed by Makkeph are:—הִתְהַלַּךְ־נֹחַ *Noah walked*, Ge. 6. 9; יִתְעַלַּם־שֶׁלֶג *the snow hides itself*, Job 6. 16; with parag. ן, הִתְהַלָּכוּן *they walk*, Ps. 12. 9 (comp. Kal fut. § 8. rem. 17); with parag. ה, אֶתְהַלָּכָה *I will walk*, Ps. 119. 45 (comp. Kal § 8. rem. 13).

5. In forms, in which the middle radical has Sheva, so that Dagesh may be dropped (§ 10. rem. 7), this latter is sometimes compensated by lengthening ־ into ֶ, as הִתְפֶּקְדוּ for הִתְפְּקְדוּ, Ju. 20. 15, and from habit of the punctuator, also in the sing. יִתְפֶּקֶד (for יִתְפְּקֹד) Ju. 21. 9.*

* Some have adopted here another conjugation הִתְקַאטֵל.

SECTION XIII.—VERB PE GUTTURAL. (TABLE C.)

REMARKS.

I. ON KAL.

1. In the *preterite* no other deviation exists except הֱיִיתֶם (with Hhateph-Segol) *ye are*, Job 6. 21, and the same word with simple Sheva וְהְיִיתֶם Ge. 3. 5 (comp. rem. 13).

2. In the verbs פ״א the *inf. constr.* takes (־ֶ) under the first letter, as אֶכֹל especially with the prefixes, בֶּאֱחֹז. לֶאֱחֹז *to seize*, כֶּאֱסֹף. לֶאֱסֹף *to collect*, Is. 17. 5; 2 Ki. 5. 7; לֶאֱכֹל Ge. 24. 33, and בֶּאֱכֹל* Nu. 26. 10. With simple Sheva לֶאְסֹר (for לֶאֱסֹר) *to bind*, Ps. 105. 22. With the feminine termination:—אַשְׁמָה *to become guilty*, Le. 5. 26, אַהֲבָה *to love*, De. 10. 12; 11. 22; חָזְקָה, whence בְּחָזְקָתוֹ *when he gained strength*, 2 Ch. 12. 1; 26. 16.

3. *Imperative.* In the verbs פ״א the first letter takes (ֶ), as אֱחֹז *gird on*, Job 38. 3, אֲחֹז *lay hold*, Ex. 4. 4, אֱסֹף *collect*, Nu. 21. 16; אֱהַב *love*, Ho. 3. 1. The rest of the persons have generally the regular form, only in a few instances Segol is retained, e. g. אֶסְפָה. *collect*, Nu. 11. 16, עֶרְכָה *order*, Job 33. 5, חֶשְׁפִי *make bare*, Is. 47. 2, which more especially happens when the second radical is likewise a guttural, אֶהֱבוּ Ps. 31. 24, אֶחֱזוּ Ca. 2. 15, אֶחֱזִי Ru. 3. 15.

4. The form of the *future* exhibited in the paradigm is that of the verbs *fut. O*, as יֶחֱלַם *to dream*, יֶעֱבֹד *to serve*, יַעֲבֹר *to pass over*, יַעֲרֹךְ *to set in order*. The verbs *fut. A* take Segol under the preformatives, as יֶאֱבַל *to mourn*. יֶחֱזַק *to be strong*, יֶחֱרַד *to tremble*, יֶעֱרַב *to be sweet*. Less frequently do verbs *fut. O* occur with Segol, as יֶאֱסֹף *to collect*, יֶחֱשֹׂף *to make bare*, and once in pause יֶחֱדַל Job 10. 20 (elsewhere יֶחְדַּל). Both futures, like יֶעֱמֹד & יֶחֱזַק, are found in one and the same verb (with or without a difference of signification), as in חָבַשׁ *to bind*, חָלַשׁ *to be weak*, חָרַשׁ *to cut*, חָפֵץ *to delight in*, עָרַב (§ 8. rem. 18). Moreover, יֶהֱלַךְ *to go*, תְּהַלֵּכְנָה (*grassari*) for תֵּהָלַכְנָה (comp. rem. 12) Ex. 9. 23; Ps. 73. 9.

Examples with affomatives are:—יַהַרְגוּ, יַהַרְגֵנִי, אַהַרְגָה (*to kill*), יַהַפֹּךְ. יֶחֱזַק, יֶחֱזְקוּ; יֶחֱרַד, יֶחֱרְדוּ (*to tremble*).

5. Other verbs have very constantly simple Sheva under the guttural; but in the same relation as mentioned above. This is most frequently the case with ה, as יַחְגֹּר (for יַחֲגֹר) *to gird on*, יַחְמֹל *to pity*, יַחְשֹׁב *to think*; יָחְדַּל *to cease*, יָחְכַּם *to be wise*. The persons with affomatives remain quite regular, as יַחְדְּלוּ, יַחְגְּרוּ. Less frequently are both forms found in the same verb, e. g. יֶאֱהַב Pr. 3. 12, and יֶאְהַב Pr. 15. 9, 12, and especially when the leading form has composite Sheva; but with the affomatives and suffixes, simple Sheva is introduced, as יַחֲבֹשׁ, but יַחְבְּשׁוּ 1 Ki. 13. 13, יַחְבְּשֵׁהוּ Ho. 6. 1; יַחֲבֹל De. 24. 6, pl. יַחְבְּלוּ Job 24. 3; יַחֲלֹק, pl. יַחְלְקוּ Jos. 14. 5; so also יַעֲזֹר, pl. יַעְזְרוּ; יַעֲבֹר, but נַעְבְּרָה, אֶעְבְּרָה.

6. Since the punctuation (־ְ־), (־ֲ־) is considered shorter than (־ְ־), (־ֲ־), the former is sometimes used where the form is augmented by affomatives, suffixes, &c., while the leading form has the latter punctuation. E. g. יֶאֱסֹף (*to collect*), but תַּאַסְפִי. יַאַסְפִי. and so with suffix: יֶאְסֹר (*to bind*), with suff. יַאַסְרֵהוּ. יַאַסְרוּהוּ &c.; יֶחְסַר (*to want*), pl. יַחְסְרוּ Ps. 34. 11; Eze. 4. 17. According to the same principle we find יֶחְפְּרוּ (*to blush*), Ps. 35. 4, 26, in pause יֶחְפָּרוּ Ps. 34. 6; Job 6. 20; יֶחְפְּצוּ, in pause יֶחְפָּצוּ (comp. rem. on Niph. and Hiph.).

II. On Niphal.

7. *Preterite.* Besides the form exhibited in the paradigm there is another with simple Sheva, as נֶאְשַׁם (*to be guilty*), נֶהְדַּר (*to be glorified*). The shorter (־ְ־) is introduced only with the augmentation at the end of the participle, as נֶעֱלָם *hid*, Ec. 12. 14, but on the contrary, נֶעְלָמָה Na. 3. 11, and נֶעֱלָמִים Ps. 26. 4; so נֶחֱרָבוֹת *waste*, Eze. 30. 7; a single exception is נֶעֱרָץ *terrible*, Ps. 89. 8. A few infinitives absol. formed according to the preterite (§ 9. rem. 1) have likewise this *a*, as נֶהְפּוֹךְ.†

8. The *future* is once written *fully* תִּיעָשֶׂה for תֵּעָשֶׂה Ex. 35. 31. In a few instances Segol is found instead of Tseri, e. g. תֶּהֱמֶינָ (for תְּהֹמֶינָ, תְּהֹמֶינָ) Eze. 26. 15, and so likewise in a few earlier editions in Eze. 43. 18; Job 19. 7.

III. On Hiphil and Hophal.

9. The forms with (־ְ־) in the preterite, and (־ֲ־) in the infinitive, imperative and future, as exhibited in the paradigm, are as regular here as in the non-guttural verb the forms with (־ִ־) and (־ֵ־) to which they correspond; only that here occurs also the form with simple Sheva, as הֶחְסִיר, fut. יַחְסִיר *shall cause to want*; מַחְפִּיר *causing shame*.

10. In the *preterite*, the punctuation is remarkably

* Pattahh is found here (as the shorter form, comp. rem. 6) because the tone is forcibly thrown forward, בַּאֲכֹל הָאֵשׁ. For the same reason they wrote אֲמַרְתֶּם not אֲמַרְתֶּם.

† There are, however, preterites as well as participles (in the leading form) of verbs ל״ה and ל״א which have this (־ֶ־ ; ־ָ־ ; ־ֶ־), as נֶעֱנֵיתִי Ps. 38. 7; Is. 21. 3; נֶעֱלָה Nu. 9. 21; 10. 11; נֶעֱנָה Is. 53. 7; נֶעֱנֵיתִי Ps. 119. 107; נֶעֱשָׂה Le. 7. 9; נֶעֱשׂוּ Le. 18. 30, but also נֶעֱשְׂתָה Nu. 15. 24; נֶהְבְּאַת Ge. 31. 27; נֶהְבְּאֵתֶם Jos. 2. 16.

affected by the *conversive Vav*, since the tone connected with it changes (־ִ) into the shorter (־ַ)· E. g. וְהַחֲרַמְתִּי *I have devoted*, 1 Sa. 15. 20; וְהַחֲרַמְתִּי *and I shall devote*, Nu. 21. 2; Mi. 4. 13; וְהַחֲרַמְתָּהּ 1 Sa. 15. 18, וְהַחֲרַמְתֶּם 1 Sa. 15. 3; הֶעֱמַדְתָּ *thou hast appointed*, Ne. 6. 7; Ps. 31. 9; וְהַעֲמַדְתָּ *and thou shalt appoint*, Nu. 3. 6; 8. 13; 27. 19; Eze. 29. 7; הֶעֱבַרְתִּי *I caused to pass*, Zec. 3. 4; וְהַעֲבַרְתִּי *and I shall cause to pass*, Je. 15. 14; וְהַעֲבַרְתָּ Ex. 13. 12; Le. 25. 9; Nu. 27. 7; Eze. 5. 1; הֶאֱכַלְתִּי Ex. 16. 32; וְהַאֲכַלְתִּי Is. 49. 26; וְהַאֲבַדְתִּי & הֶאֱבַדְתִּי &c. The like change is effected by the *conversive Vav* even in the 3rd person, comp. הֶאֱזִין *he hearkened*, De. 1. 45, and וְהַאֲזִין *and he shall hearken*, Ps. 77. 2.*

11. Of *Hophal* only a few instances occur with simple and composite Sheva under the guttural, as הָהְפַּךְ, fut. יֶחְרַם, part. מָעְמָד.

12. In the *part. of Hiph.* (־ִ) is sometimes changed into (־ֶ), and in Hoph. (־ֻ) into (־ָ), prolonging the short vowel which was sustained by Metheg, e. g. הֶעֱבֵרְתָּ (elsewhere הֶעֱבַרְתָּ) Jos. 7. 7; הֶעֱלָה Hab. 1. 15 (elsewhere הֶעֱלָה); הָעְלָה Na. 2. 8, and that often, for הֶעֱלָה. Comp. in Kal תֶּהֱלַךְ for תֵּלֵךְ (§ 13. rem. 4), Ex. 9. 23; Ps. 73. 9; but—Note, on the contrary, (־ֵ) is put for (־ֶ) in אֶחֱרוּ (Piel for אִחֲרוּ) Ju. 5. 28: יֶחֱמוּ Ge. 30. 39; יֶחֱמָתְנִי Ps. 51. 73.

IV. In General.

13. A few verbs ל״ה with Pe guttural differ from the above inasmuch as their ה & ח are not at all treated as gutturals, viz. הָיָה *to be* (except the pret., see rem. 1), fut. יִהְיֶה, with prepositions לִהְיוֹת, Niph. נִהְיָה; so also חָיָה *to live*, pret. וְחִיִּיתָם Eze. 37. 5, 6, inf. לִחְיוֹת, imp. with copulative Vav וְחִיוּ, fut. יִחְיֶה. Only in a few examples the guttural character is retained (viz. when the guttural begins the word), as חָיֹה, חֱיֹה Eze. 21. 15. The same analogy is observed in the apocopated future יִחַן, וַיִּחַן (otherwise יְחָנֵהוּ) & וַיִּחַר.

14. The letter ר as first radical comes within this anomaly only in the *inf.* and *fut. of Niph.*, e. g. יֵרָאֶה *he is seen*. The unusual form with Pattahh under the preformative is found only in the apocopated fut. וַיֵּרָא, and in Hiph. וְהַרְאִתִי Na. 3. 5, with conversive Vav, otherwise הַרְאָה & הָרְאָה.

SECTION XIV.—VERB AYIN GUTTURAL. (TABLE D.)

REMARKS IN GENERAL.

1. In *Piel*, *Pual* and *Hithpael*, Dagesh forte of the middle radical letter is lost, but in the greater number of examples, particularly before ה, ח & ע, the preceding vowel remains short, and the guttural has *Dagesh forte implicitum*, or Dagesh forte implied, e. g. Piel נִהֵג *to lead*, נִחַם *to comfort*, בִּעֵר *to destroy*, inf. צִחֵק *to mock*, fut. יְטַהֵר *to cleanse*, part. מְטַהֵר; Pual רֻחַץ *to be washed;* Hithpa. הִטַּהֲרוּ. Before א the vowel is commonly prolonged (but comp. נִאַץ, יְנַאֵץ, Pu. רֹאוּ Job 33. 21), and always before ר.

2. In *Pi.* and *Hiph.* the tone is sometimes drawn back to the penultima, and Tseri of the final syllable is shortened to Segol, viz.:—

(*a*) When a monosyllabic word, or one with the tone on the penultima follows, e. g. לְשָׁרֶת שָׁם *to minister there*, De. 17. 12 (otherwise לְשָׁרֵת); לַצְחָק בִּי, בָּגְנוּ *to mock me* or *us*, Ge. 39. 14, 17; בְּחָשׁ בִּי, בָּהּ *he denes him, her*, Job 8. 18; Le. 5. 22, comp. בְּחֵשׁ Le. 5. 21, יְכַחֵשׁ בָּהּ Ho. 9. 2, but וַתְּכַחֵשׁ Ge. 18. 15; יְחָרֵף צָר *shall the adversary reproach*, Ps. 74. 10, but וַיְחָרְפוּ 2 Sa. 21. 21.

(*b*) After conversive Vav, as וַיְבָרֶךְ אוֹתָם *and he blessed them*, Ge. 1. 22, 28; 2. 3; 5. 2 (without a tone syllable following it); וַיְגָרֶשׁ *and he drove away*, Ex. 10. 11; De. 33. 27, &c.; וַיְשָׁרֶת אֹתוֹ *and he scared him*, Ge. 39. 4; וַתִּתְפָּעֶם רוּחוֹ *and his spirit was troubled*, Da. 2. 1. The (־ֶ) is, however, retained in both these cases, especially in the latter, e. g. וַיְמָאֵן *and he refused*, Ge. 48. 19; Nu. 20. 21, וַיְמַהֵר *and he made haste*, Ge. 18. 6, 7.

3. In the *Hithpa.*, when the second radical takes Kamets on account of the pause, the preceding syllable takes (־ָ) instead of (־ַ) or (־ְ). E. g. הִטָּהֲרוּ *cleanse yourselves*, Nu. 8. 7; הִנָּחֲמֵתִי Eze. 5. 13.

* As an exception of this rule must be regarded הַחֲיִתֶם (for הַהֲחִיתֶם) Ju. 8. 19.

REMARKS.

1. In the *inf.* and *fut. of Niphal*, and in the *pret.*, *inf.* and *fut. of Piel*, the form with ַ is employed at the beginning and in the middle of a period (with conjunctive accent), that with ָ and furtive Pattahh is used at the end of a period (with distinctive accent). E. g. Niph. הִכָּנַע 2 Ch. 33. 23, but on the contrary לֹא הִכָּנַע Eze. 30. 16; fut. יִגָּרַע Nu. 27. 4; 36. 4; comp. לֹא יִגָּרַע chap. 36. 3; יִגָּרַע Na. 1. 14, but יִגָּרָע Le. 11. 37; De. 21. 4. Piel pret. פִּתָּח Job 30. 11, and פִּתַּח chap. 12. 18; גִּדַּע 2 Ch. 34. 7, and גִּדָּע ver. 4; inf. בַּלַּע Hab. 1. 13; Nu. 4. 20, comp. בַּלָּע La. 2. 8; שַׁלַּח Ex. 5. 2; 7. 14, and שַׁלָּח chap. 7. 27; 9. 2; fut. יְבַקַּע Hab. 3. 9; Ps. 78. 15; Ge. 22. 3, comp. יְבַקָּע Eze. 13. 11; 2 Ki. 8. 12; יְנַלַּח & יְנַלָּח Le. 14. 9; אֲבַלַּע 2 Sa. 20. 20, comp. אֲבַלָּע Is. 19. 3.

2. The *participle of Niphal* must be supposed to admit of another form like נִשְׁלַח, which loses ָ before an accession at the end (comp. dec. 7); hence נִדְחוֹ 2 Sa. 14. 13, נִדָּחֲכֶם Ne. 1. 9 (comp. § 23. rem. 6).

SECTION XVI.—REGULAR VERB WITH SUFFIXES. (TABLE F.)

REMARKS.

I. ON THE PRETERITE OF KAL.

1. *Third Person Masculine.* In the verbs *middle E* (§ 8. rem. 1) this characteristic vowel remains also before the suffix, as אֲהֵבְךָ De. 7. 13; 15. 16; 23. 6, from אָהֵב; לְבָשָׁם Le. 16. 4; שְׁגָאָה De. 24. 3.

2. *Third Person Feminine.* The form קָטְלַת designating the *fem.* has a twofold peculiarity—(*a*) it takes the suffixes which form a syllable by themselves (נִי, ךָ, הוּ, הָ, נוּ, כֶם, כֶן) without a union-vowel, though itself ends with a consonant; (*b*) with the rest of the suffixes it indeed takes the union-vowel, but the tone is drawn back to the penultima, so that they appear in the shortened form ־ֵךָ, ־ֵם, ־ֵן. E. g. אֲהֵבַתְךָ *she loves thee*, Ru. 4. 15; שִׁחֲתָתְךָ *it has perverted thee*, Is. 47. 10; שְׂרָפָתַם *she burns them*, Is. 47. 14; אֲכָלָתַם *it consumes them*, Ho. 2. 14; גְּנֵבָתַם *she had stolen them*, Ge. 31. 32; נְצָרָתַם *it observes them*, Ps. 119. 129; מְצָאָתַם *it befell them*, Ex. 18. 8; but on the contrary עֲנָקָתְמוֹ Ps. 73. 6.

3. In the suffix of the third person a kind of contraction takes place, which may be compared with the form ־ֶנּוּ for ־ֶנָהוּ, viz. ־ָתְהוּ contr. ־ָתּוּ, and ־ַתְּה contracted from ־ָתָה. In the masculine both occur, the contracted and uncontracted form, as גְּמָלַתְהוּ *she shows him*, Pr. 31. 12; גְּמָלָתּוּ *she weaned him*, 1 Sa. 1. 24; סְמָכָתְהוּ Is. 59. 16, comp. Ge. 37. 20; 1 Sa. 18. 28, and גְּנָבָתּוּ Job 21. 18, comp. Ru. 4. 15. With the suffix of the feminine only the contracted form exists, אֲחָזָתָּה Je. 49. 24; Is. 34. 17.

For ־ָתַנִי, ־ָתָנוּ, ־ָתְךָ the pause exhibits ־ָתֵנִי &c., e. g. אֲכָלָתֵנִי Ps. 69. 10; מְצָאָתֵנוּ Nu. 20. 14; יְלָדָתֵךְ Ca. 8. 5 (where חִבָּלָתְךָ in the first member of the sentence is so pointed for the sake of consonance).

4. The *Second Person Masculine* assumes in all cases the form קָטַלְתָּ, wherefore the suffix has no union-vowel, except with the suffix of the 1 and 2 pers. sing. masc., where sometimes קָטַלְתָּ appears as the ground-form, and so to it is attached the suffix (־ֵנִי, ־ֵוֹ) by its union-vowel. Hence חִפַּשְׂתַנִי *thou searchest me*, Ps. 139. 1; חֲזַקְתַּנִי *thou hast overcome me*, Je. 20. 7 (elsewhere, however, עֲזַבְתַּנִי Ps. 22. 2); אֲסַפְתּוֹ *thou gatherest him*, 2 Ki. 5, 6, comp. Nu. 23. 27; Ps. 89. 44; Hab. 1. 12 (elsewhere also כִּפַּרְתָּהוּ Eze. 43. 20).

5. *Second Person Feminine.* All the forms exhibited in the paradigm assume the ground-form קָטַלְתִּי, so that the suffix has no union-vowel. ־ִי is often written defectively, as יְלָדְתָנִי *thou hast borne me*, Je. 15. 10; comp. Ca. 4. 9; 1 Sa. 19. 17. The form קָטַלְתְּ, however, occurs also with suffixes which have the union-vowel, as יְלָדְתָּנוּ *thou hast brought us forth*, Je. 2. 27; Jos. 2. 17; Ca. 5. 9 (for ־ְ in the final syllable comp. § 8. rem. 1 b).

6. All the *persons of the plural* follow one rule, as all the verbal forms end here alike in ־ָ, and the suffixes have therefore no union-vowel. These are frequently written *defectively*, as דְּרָשֻׁנְהוּ 1 Ch. 13. 3, which, of course, is immaterial.

II. ON THE INFINITIVE OF KAL.

7. The shortened form קָטֶל is found most frequently before the suffixes כֶם, כֶן & אֲכָלְכֶם *your eating*, Ge. 3. 5, אֲמָרְכֶם *your saying*, Mal. 1. 7; somewhat less frequent are forms like עָבְרְכֶם De. 27. 4; קְצָרְכֶם Le. 23. 22. The same inconstancy is found before the suff. ךָ, e. g. עָבְרְךָ *thy passing over*, De. 29. 11; שָׁמְעֲךָ *thy hearing*, 2 Ki. 22. 19; but also עָמָרְךָ Ob. 11; אֲכָלְךָ Ge. 2. 17. There is also a form קָצָרְךָ Le. 23. 22, which agrees with קְצָרְכֶם in the same verse.

8. When the middle letter is a guttural it takes (רֲ) instead of simple Sheva, e. g. בָּחֳרִי *my choosing*, Eze. 20. 5; אֲהֲבָם *their loving*, Ho. 9. 10; and in the 2 pers., Kamets-Hhatuph, as מָאַסְתֶּם Is. 30. 12, and so also (with ר) קָרְבְּכֶם De. 20. 2.

9. An anomalous form, otherwise found with guttural (comp. § 13. rem. 12) is מֹצַאֲכֶם for מְצֹאֲכֶם Ge. 32. 20. In the same way some explain the form בּוֹשַׁסְכֶם for בְּשָׁסְכֶם Am. 1. 11; this, however, may be regarded as a form of Poel (§ 6. No. 1).

10. The inf. קָטַל assumes with suffix the form קִטְלָ (comp. § 35. rem. 10), also קִטְלַ, with כֶם only the form קִטְלַ is used. As פִּתְחִי *my opening*, Eze. 37. 13; בִּקְעָם *their cleaving*, Am. 1. 13; לְשַׁטְנוֹ *to hinder him*, Zec. 3. 1; רַחֲנֵנְכֶם *to be gracious to you*, Is. 30. 18. With the middle guttural לְפַעֲמוֹ *to drive him* Ju. 13. 25

III. On the Imperative of Kal.

11. Examples are—זָכְרֵנִי *remember me*, Je. 15. 15; רָדְפֵהוּ *pursue him*, Ps. 34. 15; כָּתְבֵם *write them*, Pr. 3. 3; נְצָרֵהָ (with euphonic Dagesh) *preserve them*, Pr. 4. 13, or (in the other form of the suffix) like כָּתְבָהּ Is. 30. 8.

When a guttural happens to be in the final syllable, the vowel of the final syllable is retained and lengthened to Kamets, as שְׁמָעֵנִי *hear me*, Ge. 23. 11; שָׁמְעֶנָּה *hear it*, Job 5. 27; אֱהָבֶהָ *love her*, Pr. 4. 6. *Plur.* שִׁמְעוּנִי *hear me*, Ge. 23. 8; שְׁאָלוּנִי *ask me*, Is. 45. 11.

IV. On the Future of Kal.

12. The verbs future *A* (§ 8. rem. 13), to which belong all those with 2nd and 3rd radical guttural, retain this A-sound in the sing. and pl., and besides, lengthen Pattahh to Kamets; e. g. יִלְבָּשֵׁנִי *he will clothe me*, Job 29. 14; יִלְבָּשֵׁם Ex. 29. 30, comp. Ca. 5. 3; יְאַהֲבֶנָּה De. 28. 30; יְשִׁמְעֵנִי Ex. 6. 12; יְאַהֲבֵנִי Ge. 29. 32, comp. also Job 22. 27; Je. 42. 5. *Plur.* יְנַאֲלוּהוּ *they pollute him*, Job 3. 5; יְבַעֲלוּךְ Is. 62. 5; יְמַצְאֻהוּ Job 20. 8, &c. An example, where this is not the case, is וְאָנֹעֲלָךְ *and I shod thee*, Eze. 16. 10.

A few examples are already given above (§ 8. rem. 14) in which there are some traces left of the O-sound, either by ◌ֻ or וּ, in the final syllable before suffix.

13. Besides the union-vowel, there is another mode of connecting the suffix with the verbal form, by means of an inserted נ or the syllable נֶ◌, נַ◌, נָ◌, commonly called epenthetic Nun. It is found only with the future before the suffix of the singular, and usually in pause. E. g. יְכַבְּדֶנִּי *he will honour me*, Ps. 50. 23; אֶתְּקָנֶךָּ *I will pluck thee*, Je. 22. 24; יַעַבְרֶנְהוּ *he passes over it*, Je. 5. 22; יְבָרְכֶנְהוּ *he will bless him*, Ps. 72. 15, comp. De. 32. 10; Ex. 15. 2. This נ is for the most part assimilated to the suffix, and hence the separate form of the suffixes with epenthetic Nun in the paradigm.

14. By a Syriacism, the suffixes are sometimes attached, without a union-vowel, to the form יִקְטְלוּ with the paragogic Nun. E. g. יִקְרָאֻנְנִי *they shall call me*, Pr. 1. 28; יִמְצָאוּנְנִי ibid.; יְשַׁבְּחוּנְךָ *they shall praise thee*, Ps. 63. 4; יְשָׁרְתוּנְךָ *they shall serve thee*, Is. 60. 7, 10; יַעַבְרֻנְהוּ *it shall pass it*, Je. 5. 22; יִלְכְּדוּנְהוּ *they shall take him*, Pr. 5. 22; יִמְצָאוּנְהָ *they shall find her*, Je. 2. 24. With a union-vowel occurs יְדַכְּאוּנֵנִי *they crush me*, Job 19. 2, for which Athias's bible reads יְדַכְּאוּנְנִי more consistently with analogy.

V. On Piel and Hiphil with Suffix.

15. Examples of Piel are—*Pret.* קִבְּצָךְ *he gathers thee*, De. 30. 3; בֵּרַכְךָ *he blesses thee*, De. 2. 7. *Inf.* רַחֲמָכֶם *your pitying*, Is. 30. 18; פָּרְשָׂכֶם *your spreading out*, Is. 1. 15; שַׁחֲתָכֶם *your destroying*, Eze. 5. 16. *Fut.* אֲקַבֶּצְךָ *he will gather thee*, De. 30. 4; אֲחַלֶּלְךָ *I will pollute thee*, Eze. 28. 16; אֹסִפְךָ *I will gather thee*, 2 Ki. 22. 20; אֲאַמְּצֵכֶם *I will strengthen you*, Job 16. 5. *Part.* מְקַדִּשְׁכֶם *who sanctifies you*, Ex. 31. 13.

The same is observed in Poel, e. g. אֲרוֹמְמֶךָּ *I will extol thee*, Is. 25. 1.

In a few instances Tseri has been retained, even before ךָ, as אֲשַׁלְּחֲךָ *I will send thee*, Ge. 31. 27; מְשַׁלַּחֲךָ Je. 28. 16; תְּבָרֲכֶךָּ *she will honour thee*, Pr. 4. 8.

16. The only example, in which the form of Tseri is assumed in Hiph. before suffix (by a Syriacism) is יַעֲשִׁרֶנּוּ for יַעְשִׁירֶנּוּ *he will enrich him*, 1 Sa. 17. 25.*

* Here, however, must be added וַיַּנִּידֶךָ for וַיַּגֶּד־לָךְ De. 32. 7; יֹשִׁיעֲכֶם for יוֹשִׁיעַ לָכֶם Is. 35. 4.

TABLE G. VERB PE NUN (פ״נ).

SECTION XVII.—VERBS פ״ן.

REMARKS.

I. On Kal.

1. *Inf. constr.* In some instances both the full, regular, and the defective forms are found in one and the same verb, in others the irregular only are in use. E. g. נָגְעוֹ *to touch*, Ge. 20. 6, with suff. נָגְעָם Le. 15. 23, but also נֵעֵת 2 Sa. 14. 10; נָטַע *to plant*, Is. 51. 16; Je. 1. 10, but also טַעַת Ec. 3. 2; נְתֹן Ge. 38. 9; Nu. 20. 21, along with תֵּת for תִּתָּן. Examples without the defective forms are—נָצֹר *to preserve*, Pr. 2. 8, נָבֹל *to fade*, Is. 34. 4; נָקֹם *to avenge*, Eze. 24. 8; 25. 12. An example of the inf. with suff. is נָשְׂתוֹ Ge. 33. 3.

2. In the *imp.* the defective form has *Pattahh* as well as Tseri and Hholem, comp. גַּשׁ 2 Sa. 1. 15; גְּשִׁי Ge. 19. 9; גְּשִׁי Ru. 2. 14; גְּשׁוּ Jos. 3. 9; 1 Sa. 14. 38. Other examples are—שַׁל *put off*, Ex. 3. 5; תֵּן *give*, Ge. 14. 21.

These forms frequently take parag. ה, and then the vowel is lost; e. g. תְּנָה *give*; גְּשָׁה *draw near*, &c. (comp. § 8. rem. 11).

Examples of the full regular form are—נְטֹשׁ *leave*, Pr. 17. 14; נִדְרוּ *vow ye*, Ps. 76. 12; נִטְעוּ *plant ye*, 2 Ki. 19. 29.

3. *Future.* Examples of the full regular form occur even in verbs not Ayin-guttural,* but invariably only when the contracted form is likewise found in use; as תְּנַגֵּשׁוּ Is. 58. 3, and יְגֹשׁ De. 15. 2 (*to oppress*); תְּנַהֵד Ps. 68. 3, and יְהֹד Ps. 1. 4 (*to drive*); יְנַטֵּר Je. 3. 5, and יִטֹּר Ps. 103. 9 (*to preserve*); יְנַצֵּר Ps 78. 7; 140. 2; 61. 8, and יִצֹּר (*to preserve*); יְנַקֵּב Job 40. 24, and יִקֹּב Le. 24. 11 (*to bore through*).

The vowel *Pattahh* in the final syllable is found only in a few other verbs besides נָגַשׁ of the paradigm; e. g. יִשַּׁל De. 28. 40, יִשַּׁק Ge. 41. 40; the *future O*, however, occurs most frequently. Future *E* occurs only in the verb נָתַן.

II. On Niphal.

4. Since Piel has sometimes also Pattahh in the second syllable (§ 10. rem. 1), it follows that the pret. of Niph. and Piel are occasionally similar in form, and can only be distinguished by the context. E. g. נִחַת (*to descend*), Niph. in Ps. 38. 3, and Piel in Ps. 18. 35; 65. 11; נִקַּם (*to be avenged*) Niph. in 1 Sa. 14. 24, and Piel in 2 Ki. 9. 7; Je. 51. 36; and so נִשָּׂא (*to be borne*) comp. Ex. 25. 28, and 1 Ki. 9. 11. With regard to נִגַּשׁ Is. 3. 5, it is doubtful whether it is Piel or Niph., since the construction admits of either.

5. The only example of an *inf. absol.* is נָגוֹף Ju 20. 39.

III. On Hiphil and Hophal.

6. In a very few instances only is נ retained in Hiphil, as לְהַנְתִּיךְ *to pour out*, Eze. 22. 20; לַנְפֵּל *to cause to fall*, Nu. 5. 22; with gutturals, as וַיַּנְעִלוּם *and they shod them*, 2 Ch. 28. 15, הִנְחַלְתִּי *I have given for an inheritance*, Je. 3. 18.

7. In Hophal, the form with *Kibbuts* is general, and the only exception is הָנְתְּקוּ *they were drawn away*, Ju. 20. 31.

IV. In General.

8. The anomalies of the verbs פ״ן are also in part exhibited in the verb לָקַח, in which ל is treated like the *Nun* of these verbs. Hence *imp.* קַח (seldom לְקַח, as Ex. 29. 1), קְחָה, קְחִי, קְחוּ (seldom לְקְחִי, as 1 Ki. 17. 11); *fut.* יִקַּח; *inf. abs.* לָקוֹחַ, *constr.* קַחַת (once קָחַת 2 Ki. 12. 9), with *suff.* קָחְתִּי; *Hoph. fut.* יָקַח; but *Niph.* always like נִלְקַח.

Some of the old grammarians (as Buxtorf Thes. Gramm. p. 154) derive נִתְּעוּ *they are broken out*, (spoken of the teeth), Job 4. 10, from לָתַע, and combine it with מַלְתָּעוֹת. The Nun, however, in this word is perfectly certain, so that נָתַע is the same as נָתַץ, and the verb with Lamed is to be rejected.

9. The verb נָתַן (*to give*) has this peculiarity, that the final Nun is likewise assimilated, at least so in the *pret.* and *inf.* of *Kal.* Hence נָתַתִּ, נָתַתִּי, נָתַתָּם; *inf.* תֵּת for תִּתָּן, with *suff.* תִּתִּי, &c. תַּתָּה 2 Sa. 22. 44, is by aphæresis for נְתַתָּה of the parallel passage, Ps. 18. 44.

* Most of the verbs Ayin-guttural are perfectly regular, as יְנַאֵץ; יְנַחֵל.

SECTION XVIII.—VERBS ע״ע

REMARKS.

I. ON KAL.

1. In the pret. there occur a few examples of *middle O* (according to יָכֹל, § 8. rem. 1), as רָמוּ *they are lifted up*, Job 24. 24 (for רָמּוּ); רָבוּ *they shoot arrows*, Ge. 49. 23 (for רָבּוּ), by which form it is distinguished from רַבּוּ *they are many*.

Examples, in which the geminate letter is a guttural, are—וְאָרוֹתִי *and I curse*, Mal. 2. 2; שַׁחוֹתִי *I was bowed down*, Ps. 35. 14; צָחוּ *they are bright*, La. 4. 7 (the two last with dag. forte implied, comp. § 14. rem. 1).

When conversive Vav is prefixed to the preterite, the tone is shifted from the penultima to the ultimate (comp. § 8. rem. 7); e. g. וְחַדְּוּ *and they shall be quick*, Hab. 1. 8; וְרַבָּה *and she will be great*, Is. 6. 12. The tone is, however, also found upon the ultimate without any apparent cause; as רַבּוּ Ps. 3. 2; קַלּוּ Je. 4. 13; זַבּוּ Job 15. 15; דַּלּוּ Is. 38. 14; שַׁחוּ Ps. 73. 9; רַבּוּ Ps. 55. 22; שַׁחוּ Hab. 3. 6, and in the *first person*, דַּלּוֹתִי Ps. 116. 6; חַמּוֹתִי Is. 44. 16; שַׁנּוֹתִי De. 32. 41.

2. *Hholem* of the *inf.*, *imp.* and *fut.* (סֹב, יָסֹב, answering to קָטֹל, יִקְטֹל from which they originated), being a pure vowel, is written *defectively*. There are, however, some few exceptions, especially in the later orthography; e. g. inf. לָבוֹז *to plunder*, Est. 3. 13; 8. 11; imp. גּוֹל Ps. 37. 5 (comp. גֹּל Ps. 22. 9), דּוֹמִי *be silent, stand still*, Jos. 10. 12; Ps. 37. 7; דּוֹמּוּ Ps. 62. 6; צוֹר *bind together*, Is. 8. 16; קוֹשׁוּ *gather*, Zep. 2. 1; fut. יָעוֹז *he becomes powerful*, Da. 11. 12; יָגוֹדּוּ *they gather themselves together*, Ps. 94. 21; וַיָּבוֹל *and he gave fodder*, Ju. 19. 21 Khethib, (Keri וַיָּבָל).

3. The common form of the *inf.*, סֹב, is shortened before Makkeph into סָב־, e. g. רָנּ *to shout*, Job 38. 7; with suff. like בְּחָקּוֹ *when he established*, Pr. 8. 27.

Other verbs have the form סַב (according to שָׁכַב), e. g. שַׁח *to bow down*, Je. 5. 26; לָרַד *to lay to the ground*, Is. 45. 1; with suff. בְּשַׁגָּם *because they have erred*, Ge. 6. 3; לְבָרֵם *to select them*, Ec. 3. 18; הֵלּוֹ (from הַל) *his shining*, Job 29. 3.

A form with the fem. designation (comp. § 8. rem. 10) is רֵעָה *to break* (from רָעַע) Is. 24. 19, used as an inf. absol. Here belong doubtless also the forms שַׁמּוֹת *to lay waste*, Eze. 36. 3; חַנּוֹת *to be gracious*, Ps. 77. 10; חַלּוֹתִי *my being wounded*, Ps. 77. 11; זַמּוֹתִי *my thinking*, Ps. 17. 3; all of which, according to their occurrence, must be taken as infinitives of the verbs שָׁמַם, חָנַן, חָלַל, זָמַם, and can only be regarded as original plurals, after the form שַׁבָּה, fem. שַׁבָּה.

4. Besides the form סֹב of the *imp.*, there is another with *Pattahh*, גַּל *roll*, Ps. 119. 22; with parag. ה, as אָרָה (for אֲאָרֶה) *curse*, Nu. 22. 6.*

Before suffixes the tone is shifted to the afformative, and the vowel before dagesh is shortened from Hholem to Kamets-hhatuph; e. g. סָלּוּהָ *cast her up*, Je. 50. 26; but sometimes also without suffix, e. g. גָּזֵי *shear*, Je. 7. 29; רָנִּי *shout*, Zec. 2. 14; רָנּוּ Is. 44. 23; Je. 31. 7; חָגֵּי *keep a festival*, Na. 2. 1.

Before parag. ה the tone remains, hence עָזָּה *be strong*, Ps. 68. 29. קָבְנוֹ *curse him*, Nu. 23. 15, has epenthetic Nun before the suffixes.

5. When the *future* receives conversive Vav, the tone is drawn back to the penultima, and Hholem is changed into Kamets-hhatuph, וַיָּז *and he shaved*, Job 1. 20, וַיָּסָב *and he compassed*, Ju. 11. 18, וַיָּהֹם *and he troubled*, Ex. 14. 24; but in pause וַיָּהֹם 2 Sa 22. 15 Keri. (The form here is precisely the same as in the verbs ע״ו).

The same change of Hholem takes place, when the tone is shifted to the afformatives at the addition of suffixes, e. g. יְחָנְנוּ *may he be gracious unto us*, Ps. 67. 2; 123. 2; תְּחָנְנוּהוּ *ye shall solemnize it*, Ex. 12. 14; יְשָׁדְּדֵם *he shall destroy them*, Pr. 11. 3 Keri; or Kibbuts is chosen instead, e. g. יְחָשְׁנֵי Ge. 27. 12; יְחָנְנוּ, יְחָנֶּנּוּ *he will be gracious to thee, him*, Nu. 6. 25; Is. 27. 11.

In יְחָנֵךְ *he will be gracious unto thee*, there is a transposition of the vowels, for יְחָנֵךְ.

6. The *future A* (comp. § 8. rem. 13) of these verbs, which are often mistaken for an anomalous form of Niph., has Tseri under the preformative. The examples which occur of these are—יֵמַר *it is bitter*, Is. 24. 9 (from מָרַר); וְאֵאֱל *and I am despised*, Ge. 16. 5; תֵּקַל ver. 4; יִקְלוּ from קָלַל; יֵחַם *it is hot*, De. 19. 6; Eze. 24. 11; יְחַמּוּ Ho. 7. 7 (from חָמַם), along with יָחֹם Is. 44. 16; אִיתַּם *I am blameless*, Ps 19. 14 (along with יָתוֹם of a different signification) with Yod as a *mater lectionis*, which, however, is omitted in several MSS.

As a *future A*, with Kamets under the preformative, may be regarded יָחַד *it is sharpened*, Pr. 27. 17 (יַחַד in the second member is to be taken as a Chaldaizing fut. of Hiph. for יַחֵד comp. rem. 14).

* This view is grounded upon the supposition that the Kamets under א of the form אָרָה in the last verse is lengthened from Pattahh. The form קָבָה־לִי, however, which is found in the same chapter, ver. 17, being an analogous form (from קָבַב), proves this vowel to be Kamets-hhatuph, shortened from Hholem on account of the loss of the accent before Makkeph. It is also to be observed that the form קָבָה has unnecessarily been derived by some from נָקַב, for נְקָבָה=נְקֵבָה.

II. ON NIPHAL.

7. Besides the usual form with Pattahh in the second syllable, as exhibited in the paradigm, there are two others to be met with throughout the whole of this conjugation, with Tseri and Hholem (like קָטַל, קָטֶל, קָטֹל).

Examples with Tseri:—

Pret. נֵקֶל *it is a light thing*, 2 Ki. 20. 10; Is. 49. 6 (along with נָקַל 2 Ki. 3. 18). נֵמֵס *it faints*, Ps. 22. 15; נֵסֵבָה *she is turned*, Eze. 26. 2.

Inf. הֵמֵס *to melt*, Ps. 68. 3, הֵחֵל *to be polluted*, Eze. 20. 9, 14; with suff. הֵחֵלּוֹ Le. 21. 15.

Fut. תֵּחֵל *she is polluted*, Le. 21. 9, which, however, may also be taken as a fut. of Hiph., *she begins*.

Part. נְמֵס *dissolved, refuse*, 1 Sa. 15. 9.

Examples with Hholem:—

Pret. נָגֹלּוּ *they are rolled together*, Is. 34. 4, נָגוֹזוּ *they are cut off*, Na. 1. 12; נָבֹזוּ *they are spoiled*, Am. 3. 11; נָרוֹץ *he is broken*, Eze. 29. 7; נָקֹטוּ *they loathe themselves*, Eze. 6. 9.

Inf. abs. twice in Is. 24. 3, הִבּוֹק תִּבּוֹק הָאָרֶץ וְהִבּוֹז תִּבּוֹז *the land shall be emptied and spoiled.*

Imp. הֵרֹמּוּ *rise up*, Nu. 17. 10.

Fut. תֵּרוֹץ *thou art broken*, Eze. 29. 7; תִּדֹּמִי *thou shalt be cut off*, Je. 48. 2 (along with יִדֹּמוּ 1 Sa. 2. 9); יֵרֹמּוּ *they are raised up*, Eze. 10. 17.

Note. Since the fut. of Kal may likewise have dag. forte in the first radical (according to the analogy of the Chaldee, see rem. 14), and since the last syllable may in both conjugations have either the vowel A or E, it follows that in some forms it may become doubtful as to whether they are to be taken as Kal or Niphal. Thus, for instance, יִתֹּם has been taken as the fut. of Niphal; but this and its plural יִתְּמוּ differ in signification from יִתַּמּוּ, which latter is undoubtedly Niphal, so that the former must be taken as Kal.

8. In the preterite and participle there occurs, besides the usual form with Kamets under the preformative, another with Hhirek and Tseri, especially when the first radical happens to be a guttural, as נִחַל *he was profaned* (from חָלַל); נִחַן *he is pitied* (from חָנַן). These forms may be explained in a twofold manner; either that the usual form of Niphal, נִקְטַל, is here at the foundation, so that נִחַל stands for נִחְלַל, like נָסַב, for נִסְבַּב, or they are Chaldaizing forms referred to below (rem. 14). The latter seems the most suitable explanation, (*a*) because that Chaldaizing formation is found in all the conjugations besides Niphal, and were probably not wanting in this; (*b*) because the doubling of the last radical before the affomatives is omitted in these as well as in the Chaldaizing forms referred to below.

9. The future 1 pers. אִפַּח *I bow down*, Mi. 6. 6, stands for אֶאְפַּח comp. § 9. rem. 5.

III. HIPHIL.

10. Instead of Tseri, in the final syllable of Hiphil, the vowel Pattahh is frequently found throughout the whole of this conjugation, not only when one radical happens to be a guttural, as in הֵמַר *he has embittered*, Job 27. 2; הֵרַךְ *he has intimidated*, Job 23. 16; inf. חָבַר *to cleanse*, Je. 4. 11, and in pause, as הֶחָז *he cuts off*, Is. 18. 5,† but even in the absence of these accidents, as pret. הֵרַק *he stamped small*, 2 Ki. 23. 15; הֵקַל *he made light*, Is. 8. 23; הֵמַסּוּ *they intimidated*, De. 1. 28, הֵשַׁמּוּ 1 Sa. 5. 10; Je. 10. 25; 2 Sa. 20. 18; inf. הָרַק *to beat in pieces*, 2 Ch. 34. 7; part. מֵצַל *shading*, Eze. 31. 3.

11. In the *future* the accent is drawn back to the penultima, on account of which Tseri is shortened to Segol, (*a*) after conversive Vav, as וַיֶּגֶל *and he rolled down*, Ge. 29. 10; וַיֶּסֶךְ *and he covered*, Job 38. 8; (*b*) before a monosyllabic word, as יֶסֶךְ לָךְ Ps. 91. 4.

With gutturals Pattahh is used instead of Segol, as אַל תֵּצַר *he straitens him*, 1 Ki. 8. 37; De. 2. 9.

An example with suffix is יְסֻבֵּנִי Eze. 47. 2.

IV. IN GENERAL.

12. The verbs ע״ע are closely related to the verbs ע״י, as appears from the similarity in their conjugations, which are parallel throughout. In form the verb ע״ע is generally shorter than the other (comp. יָקוּם and יָסֹב, הֵקִים and הֵסֵב). In some cases they have precisely the same form, as in the fut. convers. of Kal and Hiphil, in Hophal, &c. On account of this relation they have sometimes borrowed forms from each other. Thus, for instance,

(*a*) Kal inf., לָבוּר for לָבֹר *to search out*, Ec. 9. 1. With suffix בְּחוּקוֹ for בְּחֻקּוֹ Pr. 8. 29. Fut. יָרוּן *he shouts* for יָרֹן Pr. 29. 6; יָרוּץ *he breaks*, for יָרֹץ Is. 42. 4.

(*b*) Hiph. inf. הַתְיִמְךָ* for הַתְמֵךְ *thy ceasing*, Is. 33. 1

† This last only assumes the form as if from תָּזַז, but is to be derived from תָּזַי q. v.

* The forms, however, as הַתְיִמְךָ, אַדְיֵכֶם, יְהַיְתֵן find their analogy in nouns in which, instead of sharpening the syllable

Fut. אֲדִיקֵם* for אֲדַקֵּם *I beat them small*, 2 Sa. 22. 43; יַשִּׁים Je. 49. 20, and נַשִּׁים Nu. 21. 30, *he, she shall lay waste* (for which comp. rem. 14), from שָׁמַם; וַתָּרֶץ* *and she broke*, Ju. 9. 53; יְחִיתֵן *he terrifies them*, for יְחַתֵּן*, Hab. 2. 17. This is frequently the case in the Chald. e. g. אָעִילוּ Aph. of עלל Ca. 2. 5. Targ.

13. Besides the contracted defective forms hitherto treated upon, there are also found, especially in certain conjugations and tenses, others which are quite regular, as:—

Kal pret. דָּלְלוּ *they languish*, Is. 19. 6, also דַּלּוּ Job 28. 4; גָּלְלוּ *they roll*, Ge. 29. 3, 8, but גַּלּוֹתִי Jos. 5. 9; זָמַמְתִּי *I devise*, Zec. 8. 14, 15, and זַמּוֹתִי Ps. 17. 3. Thus it is with בָּזַז *to plunder*, מָדַד *to measure*, שָׁדַד *to spoil*, שָׁלַל *to rob*, &c.

Inf. סָבְבִ Nu. 21. 4, and סֹב De. 2. 3, so גָּזוֹז, שְׁדֹד; with suff. חֲנָנְכֶם *your pitying*, Is. 30. 18.

Imp. חָנְנֵנִי (like קָטְטֵנִי) *have mercy upon me*, Ps. 9. 14, elsewhere חָנֵּנִי Ps. 4. 2; 6. 3; שָׁדְדוּ *spoil ye*, Je. 49. 28, for שִׁדּוּ.

Fut. יֶחֱנַן *he will have mercy*, Am. 5. 15. With suff. יְשָׁדְדֵם *he shall spoil them*, Je. 5. 6, but also יְשַׁדֵּם Pr. 11. 3.

Hiph. pret. הֵרְנִין, fut. יָרְנִין (*to shout*) is nowhere found written defectively; וְהַחְתִּתִי *and I break*, Je. 49. 37 (but also הַחִתּוֹת *thou hast broken*, Is. 9, 3). Inf. הַשְׁמֵם *laying waste*, Mi. 6. 13. Part. מַשְׁמִים *astonished*, Eze. 3. 15.

V. CHALDAISMS.

14. In a great number of these verbs the vowel of the preformative in Kal, Niphal, Hiphil, and Hophal is a short instead of a long vowel, and Dag. forte is inserted in the next (first radical) letter. This formation is general in the Chaldee, as Peal fut. יִדֹּק for יָדֹק (from דָּקַק); Aph. pret. אַדֵּק for אָדַק, Heb. הֵדַק, fut. יַדֵּק for יָדֵק. That this Dagesh in the first radical is a compensation for the one omitted in the second radical, is evident from the forms with afformatives in which the Dagesh is wanting in the second radical, as יְדָקוּ, אְדָקוּ, יַדָּקוּ.

Examples in the Hebrew are:—

Kal fut. יִסַּב and יְסֹב (from סָבַב); יְדַם, pl. יְדָמוּ (from דָּמַם); יִשַּׁם *shall be established*, 1 Ki. 9. 8, but pl. יְשֹׁמּוּ Ps. 40. 16; so יִקַּד, pl. יְקֹדוּ (*to bow down*) from קָדַד. Examples of *fut. A* are—יְתָמּוּ Ps. 102. 28; יְמַלּוּ Job 24. 24; Ps. 37. 2; with Kibbuts in the final syllable, תְּתָם Eze. 24. 11 (comp. the forms with ו in the regular verb, § 8. rem. 14).

Niph. pret. נָחַל *he is polluted*, Eze. 25. 3; נָהַר *he is burned*, Ps. 69. 4; 102. 4 (but also נָחַר Je. 6. 29), pl. נֶהֱרוּ Ca. 1. 6; נָחַת *he is broken, terrified*, Mal. 2. 5; נֶחַנְתְּ *thou art to be pitied*, Je. 22. 23. Part. נֶאֱרִים *cursed*, Mal. 3. 9; נֶחֱמִים *inflamed*, Is. 57. 5 (without Dagesh as in יְתָמּוּ above).

Hiph. fut. וַיַּכֶּב Ex. 18. 18; תַּתֵּם Job. 22. 3; יַחֵל Nu. 30. 3; and אַחֵל *shall be profaned* (with Dag. forte impl. in ח) to distinguish it from יָחֵל, אָחֵל *to begin*; pl. וַיַּכְּתוּם *and they destroyed*, De. 1. 44, with suff. וַיְכַתּוּם Nu. 14. 45; וַיַּכֻּבוּ† Ju. 18. 23; 1 Sa. 5. 8.§

Hophal יֻבַּת Is. 24. 12, with Shurek יוּסַּב Is. 28. 27; יוּשַּׁד Ho. 10. 14; תּוּשַּׁד Is. 33. 1; הֻשַּׁם Le. 26. 34 (Dagesh is here incorrectly omitted in several copies); pl. הֻמְּכוּ† Job 4. 20; Je. 46. 5.

15. We have seen from the preceding examples, that in the future of the Chaldee form the Dagesh of the third radical, together with the preceding vowel, is omitted before afformatives. Of the same omission in the Hebrew form there are unquestionable examples:—

Kal fut. נָבְלָה Ge. 11. 7, *let us confound*, for נָבְלֶה (from בָּלַל, with parag. ה); יָזְמוּ Ge. 11. 6, *they will devise*, for יְזֹמּוּ (from זָמַם).

Niph. pret. נָסַבָּה for נָסַבָּה *she turned round*, Eze. 41. 7; וְנָבְקָה for וְנָבֵקָה *and she shall be made empty*, Is. 19. 3; fut. נָדַמָּה for נָדַמֶּה (1 pers. pl. with parag. ה) Je. 8. 14, *let us perish*. This last, however, is best taken as Kal fut. (see No. 14), *and let us be quiet*.‡

by Dagesh forte in the final consonant, the vowel is prolonged by the insertion of a vowel letter, as מוֹרִינִים 1 Ch. 21. 23, for כּוֹרְנִים 2 Sa. 24. 22, פִּילֵגֶשׁ and פִּלֶגֶשׁ, קִימוֹשׁ and קְמוֹשׁ, &c.—וַתָּרֶץ may be thus pointed only to distinguish it from וַתָּרֶץ Hiph. of רוּץ.

† The forms marked with † are the only examples in which the geminates have retained Dagesh in the lengthened form.

§ Here may also be added as examples for pret. and inf. of Hiph. הַחְלוֹתָ *thou hast begun*, De. 3. 24; 2. 31; הַחִתּוֹתָ *thou hast broken*, Is. 9. 3; inf. הַחְלֹם *their beginning*, Ge. 11. 6, in which Pattahh under the preformative seems to indicate a Dag. forte implicit.

‡ In the examples given above both the Dagesh and the preceding vowel are omitted. In other examples the vowel is retained, and even prolonged by the pause, as יְחָקוּ for יְחֻקוּ Job 19. 23; יְדָמוּ 1 Sa. 2. 9, for יְדֻמוּ; חָיָה *she lives*, Ex 1. 16

16. In the Chaldee, both the epenthetic וֹ and ־ִי in those forms in which the Hebrew has them, and the Dagesh in the last radical, are omitted. The like formation is also found in the Hebrew, by way of exception, especially in those forms which have likewise the Chaldaism of No. 14. E. g.

Kal pret. תַּמְנוּ *we are consumed*, Ps. 64. 7, for תַּמּוֹנוּ; fut. תְּצִלְנָה *they tingle*, Je. 19. 3; תְּמַקְנָה *they consume away*, Zec. 14. 12. The two last, however, may be Niphal.

Niph. pret. נַחְלְתָּ (Dag. forte impl.) *thou art polluted*, Eze. 22. 16; נֻחַמְתָּ *thou art to be pitied*, Je. 22. 23.

Instead of the epenthetic וֹ there is ◌ָ put in נְשַׁדְנוּ Mi. 2. 4, for נְשַׁדּוֹנוּ *we are destroyed*.

17. In the Aramaic, the verbs ע״ע borrow several forms from the verbs ע״א. An example of this kind in the Hebrew is שֹׁאֲסִיךְ (as it ought to be pointed) *those that spoil thee*, Je. 30. 16, in Khethib for שֹׁסְסִיךְ.

Note. Other examples referred to in the Lehrgebäude (§ 103, 17) and by other grammarians are—
Niph. fut. יִמְאַס *it melts*, for יִמָּסֵס, Job 7. 5; pl. יִמְאַסוּ, Ps. 58. 8.
Hiph. fut. תַּכְאִיבוּ 2 Ki. 3. 19, *ye shall mar*, for תַּכְבִּיבוּ from כבב Syr. and Arab. *to injure*, part. מַמְרִיר for מַמְרִיר *causing pain*, Eze 28. 24, fem.. מַמְאֶרֶת Le. 13. 51, 52. A similar example is the noun צָאֲלִים Job 40. 21, for צֵלָלִים *shades, shady trees*.

But this is unnecessary, since all these forms may be derived immediately from roots ע״א, as כָּאַב, כְּאֵב, צָאַל, צָאַר, as kindred roots of כָּבַב, כָּמַס, &c.

18. In the Piel, Pual, and Hithpael these verbs are without any contraction. There is, however, one form which seems to be inflected like the Chaldee, Ithpeel or Ittaphal, viz. תִּתְבַּר 2 Sa. 22. 27, *thou showest thyself pure*, for תִּתְבָּרַר of the parallel passage in Ps. 18. 27. In the Chaldee, the Ithpeel (passive of Kal) would be אִתְבַּר, fut. יִתְבַּר, Ittaphal (passive of Hiphil) אִתְּבַּר, precisely like the above form.* This shorter form seems to be chosen for the sake of harmony with the immediately preceding תִּתַּמָּם Ps. 18. 26. A more difficult form is תִּתְחַפַּל ver. 27, which, according to the context, must necessarily be derived from פָּתַל. This difficulty can only be solved by supposing that תִּתְחַפַּל (contr. תִּתְחַפֵּל) is a transposition for תִּתְפַּחֵל.

for חָיָה. Some of the like forms, however, occur without being in pause, as הֶעָוָה for הֶעֱוָה Pr. 7. 13; נָחָמִים Is. 57. 5, for נֶחָמִים; comp. also תְּרַגְּנָה Ps. 71. 23, for תְּרֻגֵּנָה (to avoid the concurrence of four Nuns), and תְּעָנֶּנָּה Ru. 1. 13, for תְּעֻנֶּנָּה.

* i. e. only as regards the preformatives הִתְ; but as regards the second syllable, תִּתְבַּר must then be supposed to stand for תִּתְחַבַּר, comp. הִתְפַּקֵּד for הִתְחַפֵּד § 12. rem. 5.

SECTION XIX.—VERBS פ״א. (TABLE I.)

REMARKS.

1. ON FUT. OF KAL.

1. The relation between *Tseri* and *Pattahh* in the final syllable is the same here as in the Piel pret. of the regular verb (§ 10. rem. 1), and in several forms of the verb with gutturals (§ 15. rem. 1). That with Tseri seems, however, to be the original

and here the peculiar form. Examples are—יֹאבַד Job 3. 3, and יֹאבֵד Job 20. 7; תֹּאבַד De. 22. 3, comp. תֹּאבֵד Job 8. 13; Ps. 1. 6; תֹּאכַל Ge. 2. 16, comp. תֹּאכֵל ver. 17, and so constantly יֹאמַר and יֹאמֵר. The form with Tseri appears also in the plural, where this vowel is again introduced on account of the *pause*; e. g. וְנֹאכְלָה Ge. 27. 4, comp. וְנֹאכְלָה *that I may eat*, Ge. 27. 4.

2. With *conversive Vav*, the tone is drawn back to the penultima, e. g. וַיֹּאכַל *and he ate*, Ge. 25. 34; 31. 15; וַיֹּאמֶר *and he spoke* (where Tseri of the final syllable is shortened to Segol). But the tone is retained,

(*a*) Where the word stands at the end of a period, hence with a distinctive accent; e. g. וַיֹּאכַל Ge. 27. 25, וַיֹּאמֶר Ge. 14. 19; Ex. 2. 14.

(*b*) In the first person; e. g. וָאֹמַר Ge. 20. 13; 24. 39; וָאֹכַל Ge. 27. 33. This is precisely the case with the verbs ו״ע in the first person.

The tone may, moreover, be drawn back on account of a monosyllabic word following it; e. g. יֹאבַד יוֹם Job 3. 3.

3. Examples, in which א becomes quiescent in *Tseri*, are—תֹּאתָה *she shall come*, Mi. 4. 8; אֹהֵב *I will love*, Pr. 8. 17 (along with אֹהַב, Mal. 1. 2); וַיֹּתְא *and he came*, De. 33. 21 (for וַיֹּאתָה from אָתָה); תֵּזֹלִי for תֵּאזֹלִי (from אָזַל) *she goes away*.* In וַיֹּאת *and he came*, Is. 41. 25, the א is indeed quiescent after *Pattahh*, but it is only so on account of being apocopated for וַיֹּאתָה, and properly stands for וַיֵּאת, and the vowel already in the syllable is retained.

4. Both forms (viz. the one in which א is quiescent, and the other in which it is moveable) are found also in one and the same verb; as וַתֹּאחֶז *and it takes hold*, De. 32. 41, also אֹחֶזֶת Mi. 4. 6; אֹסְפָה Ps. 104. 29, but also יֵאָסֵף 2 Sa. 6. 1; אֹהַב and אֹהֵב (comp. rem. 3), also יֵאָהֵב. An example with a full Hholem is הַאוֹכַל (*do I eat?*) Ps. 50. 13; several MSS., however, have it without ו.

5. א which is regularly omitted in the first pers. fut., is also omitted in the following instances, יִמְרוּךָ for יֹאמְרוּךָ Ps. 139. 20; תִּמְרוּ 2 Sa. 19. 14; וַתֹּפֶהוּ *and she baked it*, 1 Sa. 28. 24; תֹּבֶא for תֹּאבֶה *she is willing*, Pr. 1. 10.

II. On the Inf. and Imp. of Kal.

6. In the *inf.* א is quiescent only in the frequent form לֶאֱמֹר for לֶאֱמֹר, but is otherwise moveable, as בֶּאֱמֹר De. 4. 10; בֶּאֱמֹר Jos. 6. 8. In the imp. the Aramaic punctuation is often introduced, as אֱפוּ for אֱפֵה Ex. 16. 23; אֱתִי for אֱתֵה Is. 21. 12; 56. 9, 13.

III. On the Pret. of Niphal.

7. The only example is נֹאחַז *he has taken possession of*, Jos. 22. 9, along with the part. נֶאֱחָז *held*, Ge. 22. 13.

IV. On Hiphil and Hophal.

8. In the *inf.*, *imp.*, and *fut.* of *Hiphil*, א is sometimes quiescent after *Hholem*, *Tseri*, and *Kamets*, and then it is altogether omitted.

Inf. הָכִיל for הַאֲכִיל *to eat*, Eze. 21. 33.

Imp. הָתִי for הָאֱתִי *bring* (from אָתָה), Is. 21. 14; Je. 12. 9.

Fut. (*a*) with Hholem, as אוֹכִיל *I feed*, Ho. 11. 4, אֲאַצְּרָה for אֹצְרָה (comp. § 11. rem. 7) = אָצְרָה! *make treasures*, Ne. 13. 13; אֹבִידָה *I will destroy*, Je. 46. 8; וַיֹּחַר 1 Sa. 15. 6; אֹסְפָךְ 2 Sa. 20. 5. In the Chald. and Syr. this is the usual form, e. g. אוֹכַל; so in the Hebrew וֹ is likewise sometimes substituted for א.

(*b*) With Kamets, as וַיֹּאצֶל *he separated*, Nu. 11. 25, אָזֹן for אַאֲזִין *I hearken*, Job 32. 11; וַיָּרֶב for וַיַּאֲרֶב *and he set an ambush*, 1 Sa. 15. 5.

Part. מֹזִין for מַאֲזִין *hearkening*, Pr. 17. 4.

9. In Hophal יוּכְלוּ Eze. 42. 5, stands for יֻאֳכְלוּ *they are cut off*, i. e. become shorter. In the Chaldee of Daniel—as the Targums have no Hophal—there occurs a Hophal in the form הוּגְבַּד Da. 7. 11.

V. On Piel.

10. There are a few anomalous forms in Piel in which א is not quiescent, but entirely dropped with its preceding Sheva, so that the preformative takes its place in the punctuation: viz. וַתְּזַרֵנִי *and thou girdest me*, 2 Sa. 22. 40, for וַתְּאַזְּרֵנִי in the parallel passage, Ps. 18. 40; וַאֲבַדְּךָ for וַאֲאַבֵּדְךָ *and I destroy thee*, Eze. 28. 16; מְלַפְּנוּ for מְאַלְּפֵנוּ *our teacher*, Job 35. 11; יְהַל for יְאַהֵל *shall pitch his tent*, Is. 13. 20.

* The Tseri, however, in these forms is not the original vowel of the preformative, but is introduced in consequence of a contraction from the form in which א is moveable, so תֵּאתָה for תֵּאֱתָה, comp. לֶאֱמֹר for לֶאֱמֹר, לֵאלֹהִים for לֶאֱלֹהִים.

SECTION XX.—VERBS פ״י. (TABLE K.)

EXPLANATORY.

1. The Hebrew verbs פ״י are divided into three principal classes; the distinction of which is not manifest in the ground-form, but in the inflexion and derivation. By far the greater number are :—

(*a*) Verbs originally פ״ו, which in the Arabic are written with و in the ground-form, e. g. יָלַד, Arab. ولد, יָרַד, Arab. ورد. In the Hebrew, the radical Vav appears only in the conjugations Niphal, Hiphil, and Hophal, but so that in the pret. and part. of Niphal it becomes quiescent in Hholem, and in the Hophal in Shurek, as נוֹשַׁב for נִוְשַׁב, הוֹשִׁיב for הִוְשִׁיב, הוּשַׁב for הָוְשַׁב. In the inf., imp. and future of Niphal, the Vav remains a consonant, and the inflexion is regular, as הִוָּשֵׁב, יִוָּשֵׁב; and so likewise in the Hithpael of some verbs, הִתְוַדֶּה, הִתְוַכַּח, הִתְוַדַּע, from יָדָה, יָכַח, יָדַע.

(*b*) Verbs originally פ״י, which are the same in the Arabic. In the Hiphil the original Yod is retained quiescent in Tseri, as הֵיטִיב, הֵילִיל, הֵינִיק, הֵימִין, and is but seldom moveable, e. g. מַיְמִינִים *who use the right hand*, 1 Ch. 12. 2; יְיַשְּׁרוּ *they are upright*, Pr. 4. 25; comp. הַיְשָׁר Ps. 5. 9, Keri.

(*c*) A few verbs, the Yod of which is assimilated like נ in verbs פ״נ, e. g. צָץ Hiph. הִצִּיץ.

REMARKS.

On the first class of verbs originally פ״ו

I. KAL.

1. In the *fut. imp.* and *inf. constr.* of Kal there is a twofold form. About half the number of these verbs have the *fut. E.* Hence fut. יֵישֵׁב, contracted יֵשֵׁב, but written, without exception, *defectively* יֵשֵׁב; imp שֵׁב (by *aphæresis*) for שְׁיֵב; inf. שֶׁבֶת for יְשֶׁבֶת (with the fem. termination תָ, to distinguish it from the imp. The other half have *fut. A*, and retain Yod quiescent in Hhirek, as יִירַשׁ, imp. יְרַשׁ, inf. יְסֹד *to lay the foundation*, Is. 51. 16; יְבֹשׁ *to be dry*, Is. 27. 11. To the first mode of inflexion belong, for instance, יָלַד *to bear*; יָלַךְ *to go*; יָצָא *to go out*; יָרַד *to go down*; יָשַׁב *to sit*.

Those of the latter class take *Pattahh* instead of *Tseri* in the final syllable when it has guttural or ר; e. g. יֵדַע, imp. דַּע, inf. דַּעַת (from יָדַע *to know*); הַב, pl. הָבוּ *give* (from יָהַב); יַקַּר Ps. 72. 14 (from יָקַר *to be precious*); יִקַּר, however, in Is. 10. 16, is an instance with Pattahh where the syllable does not contain a guttural.

2. In some verbs the full forms occur along with the defective, as יִיקַד De. 32. 22, and יִקַּד Is. 10. 16 (from יָקַד *to burn*); יִיקַר 1 Sa. 18. 30, and יִקַּר Ps. 72. 14 (from יָקַר *to be precious*); imp. רֵשׁ 1 Ki. 21. 15, רַשׁ De. 2. 24, 31, but also יְרַשׁ, in pause with ה parag. יְרָשָׁה De. 33. 23; צַץ 2 Ki. 4. 41, and יְצַק Eze. 24. 3 (from יָצַק *to pour out*); יְרַד Ju. 5. 13, and frequently רַד (from יָרַד *to go down*).

A full form with Tseri is exhibited in יֵיקַר Ps. 72. 14, and אִיילְכָה *I will go*, Mi. 1. 8.

The form יִירַשׁ is frequently written *defectively*, but this is not an essential difference; e. g. וַיֵּרָא 1 Sa. 18. 12; יֵרְאוּ (with Metheg) 2 Ki. 17. 28; יְבַשׁ Job 8. 12, pl. יְבָשׁוּ Job 12. 15.

3. The *inf.* of Kal, without the radical Yod, has very seldom the masculine form like דַּע *to know*, Job 32. 6. 10, or the feminine termination הָ־, like לָדָה *to bear*, 2 Ki. 19. 3; רָדָה *to go down*, Ge. 46. 3. With suffix the form שָׁבָת is used, as שָׁבְתִּי, רְדְתִּי (from רָדַת). With guttural the latter takes the form תַ־ instead of תַ־; e. g. דַּעַת. Examples for the full form of the infinitive with the feminine termination are, יְבֹשֶׁת *to become dry*, Ge. 8. 7; יְכֹלֶת *to be able*, Nu. 14. 16 (comp. § 8. rem. 1). With prepositions are, לְיסוֹד *to lay the foundation*, Is. 51. 16; לְרֹא *to fear*, for לִירֹא 1 Sa. 18. 29.

The defective *imperative* has frequently parag. ה, as רָדָה *go down*, Ge. 45. 9; לְכָה *go*; instead of which also לְךְ Nu. 23. 13; Ju. 19. 13; once דְּעֵה Pr. 24. 14, for דַּע, comp. § 8. rem. 11.

4. The *future* יֵשֵׁב has, in some cases, the accent drawn back to the penultima, when the final syllable takes *Segol* instead of *Tseri*.

(*a*) *Before monosyllabic words*, or immediately preceding another tone-syllable, e. g. אֶלְכָה־לִּי *let me go*, Ca. 4. 6; יֵשֵׁב־בָּהּ *he dwells therein*, Job 22. 8; תֵּרֵד אֵשׁ *fire descends*, 2 Kl. 1. 10, 12.

(*b*) *After conversive Vav*, as וַיֵּשֶׁב, וַיֵּרֶד, וַיֵּלֶךְ. The tone, however, is in this case retained (1) in the first person, as וָאֵשֵׁב, וָאֵרֵד, וָאֵלֵךְ, and (2) in pause, as וַיֵּשֵׁב.

Pattahh instead of *Tseri* is found in this defective form, as noticed above (rem. 1), only by concurrence with a guttural, and besides also in pause; e. g. וַיֵּלֶךְ *and he disappears*, Job 27. 21; וַיֵּלֶךְ *and he went*, Ge. 24. 61; 25. 34; Nu. 12. 9, &c.

II. NIPHAL.

5. In the *pret.* and *part.* there are a few examples where ו is quiescent in Shurek, as נוּגֵי Zep. 3. 18, and נוּגוֹת *mourning*, La. 1. 4; נוֹלְדוּ (with euphonic Dagesh) *they were born*, 1 Ch. 3. 5; 20. 8.

6. In two instances moveable י occurs instead of moveable ו, and that in verbs which are undoubtedly פ״ו, viz. יִיָּרֶה *he shall be shot through*, Ex. 19. 13, and וַיִּיָּחֶל *and he waited*, Ge. 8. 12 (pret. נוֹחַל, Hiph. הוֹחִיל),

7. The fut. 1 pers. takes here invariably *Hhirek* under the preformative, as אִוָּלֵד (not אֶוָּלֵד) Job. 3. 3, comp. Pr. 30. 9; Eze. 20. 5; 2 Sa. 22. 4; Ps. 18. 4; 119. 117; Je. 17. 4; 1 Ki. 19. 10.

III. PIEL.

8. The only deviation to be met with in Piel is, that in a few examples the radical Yod is dropped after the preformative, and the latter adopts its punctuation, as is the case in verbs פ״א (§ 19. rem. 10): as וַיַּבְּשֵׁהוּ for וַיְיַבֵּשֵׁהוּ *and he dries it up*, Na. 1. 14; וַיַּדּוּ for וַיְיַדּוּ *and they threw*, La. 3. 5, 3; וַיְנַּהּ *and he afflicted*, La. 3. 33; וַיַּשְּׁרֵם 2 Ch. 32. 30, Khethib for וַיְיַשְּׁרֵם.

IV. HIPHIL AND HOPHAL.

9. The apocopated form of the future, יוֹשֵׁב, has the tone drawn back to the penultima, and the final syllable takes Segol (comp. rem. 4)—

(*a*) *Before another tone-syllable*, as יוֹסֶף לֶקַח *he shall add knowledge*, Pr. 1. 5.

(*b*) *After conversive Vav*, as וַיּוֹלֶךְ *and he led*, Ex. 14. 21; וַיּוֹלֶד *and he begat*, Ge. 5. 3; 4. 6; but not in the first person, as וָאוֹלֵךְ Le. 26. 13. The toneless helping Segol is omitted, and even Sheva put instead, in אַל־תּוֹסֵף *add not*, Pr. 30. 6, for תּוֹסֶף (comp. the nominal form קִשֵּׁט for קִשֶּׁט).

10. Almost peculiar to these verbs is the uncontracted form of the Hiph. fut. in which ה is retained: as, יְהוֹשִׁיעַ *he will save*, 1 Sa. 17. 47; Ps. 116. 6; יְהוֹדֶה *he shall praise*, Ne. 11. 17; אֲהוֹדֶנּוּ *I shall praise him*, Ps. 28. 7 (comp. § 11. rem. 12).

11. Vav may also be omitted, as וֹלֵךְ 2 Ki. 6. 19; 25. 20.

12. In Hophal הוּדַע appears in Le. 4. 23 for הוּדַע.

V. HITHPAEL.

13. The only deviating form in Hithp. is תִּתַּצֵּב Ex. 2. 4, for תִּתְיַצֵּב *and she placed herself*. The omission of the radical Yod here is analagous to the cases in Piel (rem. 8), and the omission of the first radical א in the Chaldee; e. g. אִתְמַר for אִתְאֲמַר.

On the second class or verbs properly פ״י.

14. The number of the verbs really belonging to this class is very limited. They are properly only the verbs יָטַב, יָלַל, יָנַק, יָצַר. Along with these some single forms occur of real פ״ו, and *vice versâ*; viz. הַיְצֵא *bring forth*, Ge. 8. 17, Keri, for Khethib הוֹצֵא (which is the common form); אַיְסְרֵם *I will chastise them*, Ho. 7. 12 (along with Niph. נוֹסַר and the noun מוּסָר); הֵילִיכִי *bring*, Ex. 2. 9 (elsewhere always הוֹלִיךְ); הוֹשַׁר Ps. 5. 9 Khethib, but יְיַשְּׁרוּ Pr. 4. 25; and תֵּיטְבִי Na. 3. 8, for תִּיטְבִי.

15. Some forms of the *Hiphil* are sometimes written *defectively*; e. g. הֲטִיב, הֲמִין for הֵיטִיב, הֵימִין. There is an uncontracted form also of this class in Is. 52. 5, where יְהֵילִלוּ stands for יֵילִלוּ *they howl* (comp. rem. 10).

A few forms of Hiph. fut. have occasioned much difficulty to grammarians, viz. יֵיטֵיב for יֵיטִיב Job 24. 21; יֵילֵיל Is. 15. 2; 16. 7; יֵילִילוּ Ho. 7. 14; אֵילֵיל Je. 48. 31, and constantly so in this verb (excepting אֵילִילָה Mi. 1. 8), to which another example of Kal fut. is added, viz. יֵידַע *he knows*, for יֵדַע Ps. 138. 6. The oldest grammarians regard י as changed from the characteristic ה, so that יֵילֵיל stands for יְהֵלִיל. This seems of all others the best explanation, only that it does not suit יֵידַע, which cannot be Hiphil.

On the third class, or verbs פ״י, *whose Yod is assimilated.*

16. Yod in these verbs does not remain quiescent, but is assimilated like נ in the verbs פ״נ. Some verbs belong exclusively to this class; e. g. יָצַע, Hiph. הֵצִיעַ, Hoph. fut. יָצַע, derivative מַצַּע; יָצַת, Hiph. הִצִּית. Others have two forms; one in which Yod is assimilated, and another in which it is quiescent; e. g. יָצַק, fut. יִצֹּק *he shall pour*, Le. 14. 26, and וַיִּיצֶק 1 Ki. 22. 35, Hoph. part. מֻצָק Job 11. 15; יָצַר fut. יִצֹּר *he fashions it*, Is. 44. 12; אֻצָּרְךָ Je. 1. 5 Keri, but also וַנִּיצָּר.

The same assimilation takes place in some Chaldee verbs, e. g. יָכַל, fut. יִכֵּל; יָדַע, fut. יִדַּע; but so that Dagesh is again resolved in Nun, as יִנְדַּע for יִדַּע.

17. The *future O* of the verbs פ״י is only to be met with in this class, as יִסַּר, יִצַּר, יִצַּק.

SECTION XXI.—VERBS ע״ו. (TABLE L.)

REMARKS.

I. PRET. AND PART. OF KAL.

1. We class these two forms together, on account of their similarity in these verbs. The form of the paradigm, in which the pret. is *middle A* (קָם, contr. קָם), is very seldom written *in full*. Examples, however, are—קָאָם *he arises*, Ho. 10. 14; part. שָׁאטִים *despising*, Eze. 28. 24, 26; fem. שָׁאטוֹת Eze. 16. 57; and in the adjective, as לָאט *secretly*, Ju. 4. 21; רָאשׁ *poor*, Pr. 10. 4; 13. 23. Here must be referred the form בָּאֲרִי Ps. 22. 17, which, according to the present punctuation, seems to stand for בָּאֲרִים, or, with a slight change of the vowels, for בָּאֲרִי, in both cases from בּוּר. Two codices read בארו, in the preterite, for בָּרוּ.*

2. In the intransitive verbs *middle E* and *O*, which in the regular verb have likewise the pret. and part. alike (§ 8. rem. 20), the latter are formed like מֵת (for מֵית from מָנַת), אוֹר (from אָוֹר). Examples are:—

Pret. מֵתָה *she died*, Ex. 7. 21; מֵתוּ Ex. 4. 19, 2 pers. מַתָּה Eze. 28. 8; פְּשִׁשְׁתֶּם Mal. 3. 20, from פּוּשׁ, 3 pers. pret. פָּשׁ; בּוֹשׁ, 2 and 1 pers. בּשְׁתָּ, בּשְׁנוּ *thou art, we are, ashamed*; אוֹר, pl. אוֹרוּ *they are enlightened*, 1 Sa. 14. 29; טֹבוּ *they are good*, Nu. 24. 5; זֹרוּ *they are estranged*, Ps. 58. 4 (also זָרוּ), *they are pressed out*, Is. 1. 6. בְּאוּ Je. 27. 18 is the only example in this verb, elsewhere always בָּאוּ.

Part. עֵר *waking*, Ca. 5. 2; לִנִים *lodging*, Ne. 13. 21; and written *in full* גֵּירִים *stranger*, 2 Ch. 2. 16. With *O*, קוֹמִים *arising*, 2 Ki. 16. 7 (also קָמִים); בּוֹשִׁים *being ashamed*, Eze. 32. 30.

The part. fem. קָמָה is distinguished from the pret. 3 pers. fem. קָמָה by the tone.

II. INF., IMP. AND FUT. OF KAL.

3. In some verbs the ו of the *inf.*, *constr.*, *imp.* and *fut.* is always quiescent in Hholem, as אוֹר *to be light*, בּוֹא *to come*, בּוֹשׁ *to be ashamed*; in all the rest it is quiescent in Shurek only, like קוּם. Both forms are found also in one and the same verb, as דּוּשׁ *to thresh*, imp. דּוֹשִׁי Mi. 4. 13; inf. מוֹט *to totter*, Ps. 46. 3, fut. יָמוּט. חוּס *to spare*, has a double fut. יָחוּס and יָחוֹס; the latter, however, seems everywhere to be the apocopated future (but written *in full* contrary to rule). Those, however, with וֹ have regularly וּ in the inf. abs., and apocopated fut. and imp.

4. Examples of the *inf. abs.* are—גּוֹר גָּוֹר *dwelling he shall dwell*, Is. 54. 15; מוֹת תָּמוּתוּן *dying ye shall die*, Ge. 3. 4; קוֹם יָקוּמוּ *arising they shall arise*, Je. 44. 29; נוֹחַ Est. 9. 16, &c. Here belongs likewise the adv. עוֹד properly *repeating*.

5. There are also some examples of the *imp.* with Kibbuts, as מָת *die*, De. 32. 50. קָם לָךְ *get thee up*, Jos 7. 10; שָׁב *return*, Ex. 4. 19; רָץ *run*, 2 Ki. 4. 26 This form is certainly to be regarded as an apocopated imperative, and not as accidently written *defectively*, since Kibbuts is found also in the future besides the form with defective Hholem (comp. rem. 7).

Lengthened imperatives are שׁוּבָה, קוּמָה (comp. § 8. rem. 11).

6. In one verb alone the preformatives of the future have Tseri, viz. יָבוֹשׁ (for יִבְוֹשׁ), strictly after the form יִקְטֹל.

7. The *apocopated future* is יָקָם, very seldom יָקֵם, or in full יָקוֹם; e. g. תָּמֹת *may she die*, Nu. 23. 10; Ju. 16. 30; יָשֹׁב *let him return*, Ju. 7. 3; יָרֹם *let him be exalted*, 2 Sa. 22. 47; אַל יָשֹׁב *let him not return*, Ps. 74. 21; וְיָמֹת *that he may die*, 1 Ki. 21. 10. Examples of the full orthography (יָקוֹם) are very frequent in the verb חוּס, besides which there are also single instances found in other verbs, as וַיָּצוֹם *and he fasted*, 1 Ki. 21. 27; וַתָּמוֹג *and she melted away*, Am. 9. 5; moreover a few times in Khethib, where, in the Keri, Vav is cancelled, as וַתָּלוֹשׁ *and she kneaded*, 2 Sa. 13. 8; וְיָשׁוֹב *and he returned*, Eze. 18. 28. In both these last instances we are doubtless to sound it וֹ and not וּ.

8. When the tone of the *apocopated future* is drawn back to the penultima, Hholem is shortened to Kamets-hhatuph, יָקָם. This takes place—

(*a*) *Before monosyllabic words*, as יָקָם לָךְ Job 22. 28; frequently with Makkeph (which otherwise is not usual in the like combination); e. g. יָשָׁב־נָא 2 Sa. 19. 38; Da. 9. 16; תָּשָׁב־נָא 1 Ki. 17. 21.

* This is likewise the reading of the Masora on Nu. 24. 9; comp. Prof. Lee's Heb. Lex. under בּוּר.

(*b*) After *conversive Vav*, as וַיָּקָם, וַיָּמָת. In pause, however, the tone remains on the ultimate, as וַיָּמֹת, וַיָּקָם, comp. Ge. 11. 28, 32, with ch. 5. 5, 8. The *first person* of the *future* forms another exception, which generally retains the full form after *conversive Vav* (§ 11. rem. 6); e. g. וָאָקוּם 2 Ch. 6. 10; Ne. 2. 12; 4. 8; Da. 8. 27.

9. When the first or last letter of the monosyllabic root is a guttural or ר, the *apocopated future with conversive Vav* may take *Pattahh* in the final syllable; e. g. וַיַּסַּר *and he turned aside*, Ru. 4. 1; וַיִּיַּר *and he wringed out*, Ju. 6. 38; וַיִּנַּח *and he rested*, Ex. 10. 14; וַיִּיַּע *and he became weary*, Ju. 4. 21.

10. For the *fut.* 2 and 3 *pers. pl.*, the form given in the paradigm (תְּקוֹמֶינָה) is the usual one; e. g. תְּשׁוּבֶינָה Eze. 16. 55, comp. Is. 54. 10; 60. 8; Zec. 1. 17; 13. 7; there occurs, however, also a form like תְּשׁוּבֶנָה besides תְּשׁוּבֶינָה in Eze. 16. 55, and תְּבֹאנָה Est. 4. 4; 1 Sa. 10. 17 in Keri.

III. NIPHAL.

11. In the *preterite* occurs the form נָעוֹר for נָעֹר (according to נָקְטַל) Zec. 2. 17, which corresponds to the Kal fut. יָבוֹשׁ (comp. rem. 6). This, however, may be compared with the form נְמוֹל and referred to the Chaldee or Rabbinic punctuation of *rem.* 24.

12. The וֹ is sometimes retained in those forms in which, according to the paradigm, it is to be changed to וּ on account of the accession at the end. Thus נְפוֹצוֹתֶם (for נְפוּצוֹתֶם) *ye are dispersed*, Eze. 11. 17; 20. 41; נְקוֹטֹתֶם Eze. 20. 43. The וּ is, on the other hand, inserted contrary to the paradigm in the inf. כְּהִדּוּשׁ Is. 25. 10, and part. נְבוּכִים Ex. 14. 3 (comp. § 32. rem. 5).

IV. HIPHIL.

13. *Preterite.* Besides the forms with epenthetic וֹ, there are others without it, after the form הַקְמֹתָּ (הַקְטַלְתָּ); e. g. הֲנַפְתָּ *thou liftest up*, Ex. 20. 25, besides הֲנִיפוֹתִי Job 31. 21; הֲבֵאתִי (according to הֲמְצֵאתִי) Ge. 27. 12, besides הֲבִאוֹתִי Eze. 38. 16 (comp. Je. 25. 13); הֲטִלֹתִי *I cast*, Je. 16. 13. The וֹ is especially omitted in verbs ל״ה and ל״ו before the affortives with ת and נ, as הֲמִתָּה, הֲמִתִּי, pl. הֲמִתָּם, with suff. הֲמִתִּיהָ Ho. 2. 5; הֲכִנּוּ *we prepare*, 2 Ch. 29. 19, besides הֲכִינוֹנוּ 1 Ch. 29. 16.

There is, on the other hand, epenthetic ־ֶ instead of וֹ in the fut. תְּהֵימֶינָה for תְּהֵימֹנָה Mi. 2. 12.* (The change of תְּהֵי from תָּהֵ is occasioned by the shifting of the tone, comp. the pret. הֲקִימוֹתָ, הֲקִימוֹתִי, but imp. הָקִימָנָה).

14. Less important deviations from the paradigm are:—

(*a*) Forms like הֲרִמוֹתָ (for הֲרִימוֹתָ) Nu. 31. 28, especially before suffix הֲקִמוֹתִיו 2 Ki. 9. 2 (comp. 1 Ki. 8. 34; Ex. 19. 23; Ca. 3. 4 Keri); and written *fully* הֲשִׁיבוֹתָם 2 Ch. 6. 25. (*b*) With *Segol* instead of *Pattahh* under the preformatives, as הֲטִיבוֹתָ 1 Ki. 8. 18; הֲבִישׁוֹתָ Ps. 44. 8; הֲקִיצוֹתִי Ps. 139. 18; comp. also rem. 24.

15. Of the *inf.* there once occurs a Chaldee form with the fem. termination, viz. הֲנָפָה (with impure Kamets) for הָנִיף Is. 30. 28 (comp. הֲזָדָה Da. 5. 20), from נוּף.

16. In the *imp.* the shortened and lengthened form הָקֵם, הָקִימָה have wholly supplanted the regular form הָקִים.†

17. The *apocopated future* has the form יָקָם. Examples are, וְיָרֶם *that he take up*, Nu. 17. 2; יָסָר *let him take away*, Job 9. 34; וְיָסַר *that he may remove*, Ex. 10. 17; Nu. 21. 7. As the poetic future and present, יָעַר Da. 11. 25; יָפִיץ Job 38. 24; יָרֵם 1 Sa. 2. 10.

18. When the tone is drawn back, the final syllable takes *Segol* instead of *Tseri*, as (after a negation) אַל־תָּשֵׁב *turn not away*, 1 Ki. 2. 20, or after *conversive Vav*, וַיָּרֶם, וַיָּפֶץ &c. The 1 pers., however, forms an exception here as in Kal (rem. 8), as וָאָשִׁיב Ne. 2. 20; 6. 4; וָאָעִיד vers. 13, 15, besides וָאָעַד Je. 32. 10; וָאָקִים Am. 2. 11.

19. When one of the letters is a guttural or ר the final syllable takes *Pattahh*, as in Kal (rem. 9), and the context must decide between Kal and Hiphil, as וַיָּסַר *and he removed*, Ge. 8. 13; וַיָּנַח *and he gave rest*, Jos. 21. 42.

V. PILEL, PULAL AND HITHPALEL.

20. In the *Hithpal* the final syllable has some-

* The form ־ֶנָּה for ־ֶינָה is found also in תְּמוּתֶנָּה Zec. 13. 19, תְּפוּצֶנָּה Zec. 1. 17, but not in all MSS. and editions (comp. § 24. rem. 6).

† This, however, remains the ground-form whenever the suffixes are added, as הֲקִימוֹ Je. 23. 20; 30. 24; comp. § 11. rem. 5.

mes also *Pattahh*, as in the Hithpa. of the regular rb (§ 12. rem. 1), and hence Kamets in pause, as ret. הִתְבּוֹנָן Is. 1. 3; מִתְקוֹמֵמָה Job 20. 27; imp. הִתְרוֹעֲעִי Ps. 60. 10; fut. תִּתְמוֹנָנּ Ps. 107. 26, comp. s. 119. 158; 139. 21; 58. 8.

21. The form וַיְכוּנָּנוּ *he has prepared us*, Job 31. 15, ands for וַיְכוֹנְנֻנוּ (from יְכוֹנֵן) the first Nun being ompensated for by Dagesh, and וּ having lost the ne is shortened to וּ (comp. Niph. נָקוֹם, 2 pers. נָקוּמוֹ). The omission of Dagesh in the נ of the ffix seems to be designed for avoiding the con-rrence of too many Nuns.

VI. In General.

22. On account of the intimate relation between rbs ע״י and ע״ע (see above § 18. rem. 12), some the former class borrow forms from the latter, as al pret. בָּז *he despised* for בָּזָז (from בּוּז), Zec. 4. 10; ט *he besmeared*, for טָח, Is. 44. 18.

23. The verbs whose middle radical is a moveable av are, in respect to this letter, quite regular. hey are, however, comparatively few. E. g. חִוֵּר, fut. יְחַוֵּר *to be white*; גָּוַע, fut. יִגְוַע *to die*; רָוַח, fut. יִרְוַח *to be wide*, Pu. מְרֻוָּח; צָוַח, fut. יְצַוַּח *to cry*; עָוַל, Pi. עִוֵּל *to act perversely*; עָוַר, Pi. עִוֵּר *to blind*; and several others which are also ל״ה, as חָוָה, חָוָה, בָּוָה, לָוָה &c.

24. The verbs ע״ו have also this in common with the verbs ע״ע (§ 18. rem. 14) that some forms take Dagesh forte in the first radical letter like the verbs פ״ן, and the preformative takes a short vowel instead of the long, which is more usual in the Chaldee and Rabbinic; e. g. מַלִּינוּ יְלִינוּ Ex. 16. 7, 8; Nu. 14. 27 (from לוּן *to murmur*); יַלִּיזוּ *they depart* (from לוּז); הַסִּית, הֲסִית, מַפִּית, יַפִּית, along with הָסִית, יָסִית (*to stimulate*); Niph. נִמּוֹל *he was circumcised*, Ge. 17. 26, 27; 34. 22 (from מוּל); with gutt. נֵעוֹר Zec. 2. 17 (comp. rem. 11). In the same way may be explained הַעִירוֹתִי Is. 41. 25; הֲעִדֹּתִי Je. 11. 7 (with Dagesh forte implicit) for הַעֲדֹתִי. Here belong, moreover, some forms of verbs *Pe guttural* with *Dagesh forte implicit*, as Kal fut. וַתְּחַשׁ for וַתָּחָשׁ *and she hastened* (from חוּשׁ) Job 31. 5; וַיְעַט, וַתְּעַט, 1 Sa. 15. 19, and 14. 32 Keri, from עוּט or עִיט *to rush upon*.

SECTION XXII.—ON THE VERBS ע״י. (Table L.)

REMARKS

1. In the *preterite* some verbs have both the forms hibited in the paradigm, as בִּינוֹתִי Da. 9. 2; בַּנְתָּה s. 139. 2; רִיבוֹתָ *thou contendest*, Job 33. 13; רַבְתָּה a. 3. 58; דִּינוּם *they fish them*, Je. 16. 16. The par-ciple exhibits here also two forms, as בָּן *middle A*, nd לִנִים *middle E*, Ne. 13. 21 (comp. § 21. rem. 2).

2. Examples of the *inf. abs.* are—רֹב *striving*, Ju. 1. 25; Job 40. 2; שׂוֹם *putting*, Is. 22. 7; also רִיב e. 50. 34.

3. Examples of the *apocopated fut.* are—(*a*) יָרֶב *let im plead*, 1 Sa. 24. 16; יָשֶׂם *may he give*, 1 Sa. 2. 20; *may he rejoice*, Ps. 13. 6; אַל יָרֶב Ho. 4. 4.) וְיָבֶן *that he may observe*, Je. 9. 11; Ho. 14. 10.) As a positive future of poesy, as יָשֶׂם *he shall ut*, Job 33. 11; 24. 25; Ps. 107. 33 (comp. § 11. em. 6). With the retracted tone the final syllable takes Segol (*a*) before *a monosyllabic word*, as אַל תֵּל לוֹ יָרֵב Ju. 6. 31, 32; (*b*) after אַל, as אַל תֵּלֶן 2 Sa. 17. 16; (*c*) with *conversive Vav*, as וַיָּשֶׂם, וַיָּבֶן.

Pattahh occurs instead of *Tseri* (*a*) on account of a *guttural*, as יָרַח *he may smell*, 1 Sa. 26. 19; (*b*) in *pause*, as אַל־תָּלַן Ju. 19. 20; תָּלַן Job 17. 2.

II. Niphal.

4. נָזִיד *pottage* (properly *sodden*), Ge. 25. 29, from זִיד, is the only example in which Yod is retained in Niphal. (There is at least no trace of a root זִיד=נָזַד).

III. Hiphil.

5. The *fut.* of Hiph. can be distinguished from the fut. of Kal by the signification only; e. g. יָבִין *he understands*; Hiph. תְּבִינֵם *he gives them understanding*, Job 32. 8.

SECTION XXIII.—ON THE VERBS ל״א. (TABLE M.)

REMARKS.

I. KAL.

1. The verbs *middle E*, like יָרֵא, retain *Tseri* throughout the rest of the persons, as יָרֵאתָ *thou didst fear*; מָלֵאתִי *I have filled*. The 3 pers. fem. assum sometimes the Aramaic form, as קָרֵאת Is. 7. 14; ar so in Niph. נִפְלָאת Ps. 118. 23; in Hoph. חָבְאת G

33. 11. There are also examples where א is omitted, מָצָתִי Nu. 11. 11; יָצָתִי Job 1. 21; מָלֵתִי Job 32. 18.

2. Forms of the *infinitive* deviating from the paradigm are—(*a*) like יִרְאָה, חֶמְאָה, טֶמְאָה, also לִקְרַאת* by Syriacism for לִקְרָאת (constr. of קֶרְאָה); (*b*) מָלֹאת for מִלְאַת (after יִכֹּלֶת) Le. 12. 4; קָרֹאת *to call*, Ju. 8. 1; שָׂנֹאת *to hate*, Pr. 8. 13; (*c*) מַשֹּׂאוֹת *to carry*, Eze. 17. 9, for מַשְׂאֵת.

א is omitted in חֲמוֹ Ge. 20. 6.

3. In the *imperative* there is an anomalous form, יִרְאוּ *fear ye*, Ps. 34. 10 (comp. נֶרְפְּאוּ Niph. Eze. 47. 8), where א is passed over in the pronunciation. The punctuators have given to this word the character of ל״ה probably to distinguish it from יִרְאוּ *they shall see*.

A striking anomaly is presented in צְאֶינָה וּרְאֶינָה *go out and see*, Ca. 3. 11, where the first word stands for צְאֵנָה, comp. the fut. תִּשֶּׂאֶינָה Eze. 23. 49. The epenthetic ־ֶ is as anomalous here as it is in the regular verb § 8. rem. 16, only that here it is chosen for the sake of consonance with רְאֶינָה.

4. The *part. fem.* is commonly, by contraction, מֹצֵאת, seldom with the Syriac punctuation מוֹצֵאת for מֹצְאָת, Ca. 8. 10; 1 Ki. 10. 22; and defective יֹצֵת De. 28. 57.

In the *masculine* a Syriac punctuation is introduced in חוֹטְאִים for חֹטְאִים *sinners*, 1 Sa. 14. 33; בּוֹרְאָם for בֹּרְאָם Ne. 6. 8.

II. NIPHAL.

5. In a few instances א is omitted, as נִטְמֵתֶם *ye are polluted*, Le. 11. 43; נַחְבֵּתֶם *ye have hid yourself*, Jos. 2. 16. In the 3 pers. fem. the same kind of contraction is found as in Kal (rem. 1), as נִפְלֵאת Ps. 118. 23; נִפְלֵאת† De. 30. 11; נִטְמֵאת Nu. 5. 20; Eze. 23. 30.

6. In the *participle* there are traces of a form like נִמְצָא, viz. in the plurals נִמְצָאִים Est. 1. 5; 4. 16; נִטְמָאִים Eze. 20. 30; נֶחְבָּאִים Jos. 10. 17 (comp. § 15. rem. 2, and dec. 7).

III. HIPHIL.

7. Anomalous forms are הֶחֱטִי 2 Ki. 13. 6; inf. הַחֲטִיא Je. 32. 35, for הַחֲטִיא.

IV. IN GENERAL.

8. In addition to the anomalous forms exhibited above there are others, the irregularity of which consists in assuming forms of verbs ל״ה. The ל״א and ל״ה of the Hebrew form but one class in the Aramaic. The Syriac has א only, and the Chaldee has א and ה promiscuously forming but one class. In the Hebrew this is either peculiar to certain verbs, and the two exist as distinct verbs ל״א and ל״ה, and as such occupy separate places in the Lexicon, e. g. קָרָא and קָרָה *to meet*, פָּלָא and פָּלָה *to be distinguished*, &c., or in the real ל״א there occur some isolated forms which borrow either the punctuation only or the inflexion altogether from ל״ה; comp. the following remarks.

9. Examples of such verbs, where א is retained, and only the punctuation of ל״ה is adopted, are—פָּלֵאתִי *I have refrained*, Ps. 119. 101; part. מֹצֵא חֹמָא Ec. 7. 26; 8. 12; Piel מְלֵא *he accomplished*, Je. 51. 34; רְפֵאתִי *I heal*, 2 Ki. 2. 21; fut. יְבַלַּע Ps. 143. 3; *he swallows*, Job 39. 24; inf. מְלֹאוֹת 2 Ch. 36. 21; מְלֵאת Ex. 31. 5; Hithp. הִשְׁתַּבְּאוֹת Eze. 13. 17; Hiph. הַפְלֵא Is. 28. 29; De. 28. 59; הֶחְבִּיאָתָה *she concealed* (with ה parag.), Jos. 6. 17.

10. In the following examples there is, on the contrary, the punctuation of ל״א retained, and ה only is adopted. Kal imp. רְפָה רְפָא *heal*, Ps. 60. 4; נְסֵה for נְסֵא, נְשֵׂא Ps. 4. 7. Niph. inf. abs. נֶחְבֹּה Je. 49. 10, constr. הֶחְבֵּה *to hide oneself*, 1 Ki. 22. 25; הֶרְפֵּה Je. 19. 11. Piel יְמַלֵּה *he shall fill*, Job 8. 21.

11. Finally, forms which are entirely inflected after ל״ה—צָמְתָ *thou art thirsty*, Ru. 2. 9; מָלְאוּ for מָלְאוּ *they are full*, Eze. 28. 16; כָּלוּ for כָּלְאוּ 1 Sa. 6. 10; נָשׂוּא Ps. 139. 20 (with parag. א § 8. rem. 4), for נָשׂוּ, נָשְׂאוּ; fut. תִּרְפֶּינָה Job 5. 18; part. fem. יֹצָא for יֹצֵאת, יֹצְאָה Ec. 10. 5; pass. נָשׂוּי Ps. 32. 1. Niph. נִבֵּיתָ *thou hast prophesied*, Je. 26. 9; נִטְמִינוּ *we are polluted*, Job 18. 3; נִרְפְּתָה Je. 51. 9; fut. (perhaps) יִמָּצוּ *they are found*, Ps. 73. 10; יִנָּשׂוּא Je. 10. 5 (with parag. א). Piel יְרַפּוּ, Je. 8. 11. Hithp. הִתְנַבֵּיתָ 1 Sa. 10. 6; הִתְנַבּוֹת 1 Sa. 10. 6. Hiph. הִמְצִיתִךָ 2 Sa. 3. 8; part. מַקְנִיא for מַקְנֵא Eze. 8. 3.

* Comp. חוֹטְאִים for חֹטְאִים rem. 4.

† This, however, must be taken as a participle, comp. rem. 4.

SECTION XXIV.—VERBS ל״ה. (TABLE N.)

REMARKS.

I. KAL.

1. Instead of the *pret.* 3 fem. גָּלְתָה, there occurs an Aramaic form like גָּלַת properly for גָּלְיַת,* after the form קָטְלַת, comp. § 8. rem. 3, and § 23. rem. 1, hence גָּלְאַת, גָּלַת); e. g. עָשַׂת *she brings forth*, Le. 25. 21. The like inflexion is found in Hiphil and Hophal (see rem. 14).

2. The *inf. abs.* assumes also the form גָּלוֹ, which probably stands for גָּלוֹ (galov) with the radical ו (properly from the root גָּלַו*), and hence is derived the form גְּלוֹת for גָּלוֹת constr. st. E. g. רָאוֹ *seeing*, Ge. 26. 28; בָּכוֹ *weeping*, Is. 30. 19. As the *inf. constr.* occurs also, though seldom, a form like קָנֹה *to buy*, Pr. 16. 16; עֲשֹׂה Ge. 50. 20; רְאוֹ Ge. 48. 11; and, on the other hand, as the *inf. abs.* the form שָׁתוֹת Is. 22. 13; רָאוֹת Is. 42. 20 Keri. Another *inf. constr.* is רָאֳוָה *to see*, Eze. 28. 17 (like אֲהֳבָה, comp. § 8. rem. 10, and § 13. rem 2).

3. The *apocope* of the *future* occasions the following changes:—

(*a*) The first radical letter most commonly receives the auxiliary vowel *Segol*, or, when the middle radical is a guttural, *Pattahh*, e.g. יֶגֶל for יִגֶל; וַיִּשַׁע *and he looked* (from יָשָׁעָה), וַיִּמַּח *and he destroyed* (from מָחָה).

(*b*) The *Hhirek* of the preformative is also sometimes lengthened into *Tseri* (because it is brought into an open syllable); the two forms, however, are commonly found in one and the same verb, as וַיִּפֶן *and he turned himself*, Ex. 2. 12; but in the 1 & 2 pers. וָאֶפֶן De. 9. 15; תָּפֶן De. 2. 1; תָּפָן De. 9. 27; יֶרֶב and וַיִּרֶב *he was multiplied*, but also וַהֲרֶב; the latter form occurs in תִּתַע, וַתִּתַע Ge. 21. 14; Pr. 7. 25 (from תָּעָה); וַתִּכְהֶ Job 17. 7 (from כָּהָה); וַתִּלַּהּ) Ge. 47. 13 (from לָהָה).

(*c*) In both these cases Segol is sometimes omitted, especially when the middle letter is an aspirate, as וַיִּשְׁבְּ *and he took captive*, Nu. 21. 1; וַיִּפְתְּ *and he persuaded*, Job 31. 27; וַתִּבְךְ, וַיִּבְךְ *and he, she wept*; וַיִּרְדְּ Nu. 24. 19; אַל יִשְׁטְ Pr. 7. 25 (comp. § 11. r. 6). The verb רָאָה has the two forms, תֶּרֶא, יֶרֶא, וַתֶּרֶא, and with conv. Vav also וַיַּרְא (the latter with Pattahh on account of ר).

(*d*) Examples of verbs which are *Pe guttural* as well as *Lamed He*: וַיַּעַשׂ, וַיַּעַן, and in pause אֶחֱז *I see* (from חָזָה), Job 23. 9; וַיֶּחֱל *and he was sick*, 2 Ki. 1. 2 (from חָלָה). Sometimes, however, the punctuation of the first syllable is not affected by the guttural, as וַיִּחַר *and it was kindled* (from חָרָה), וַיַּחַן *and he encamped*, וַיִּחַד *and he rejoiced*.

(*e*) The verbs הָיָה *to be*, and חָיָה *to live*, which would properly have in the fut. apoc. יִהְיִ, יִחְיִ, change these forms into יְהִי and יְחִי (like the derivative פְּרִי for פִּרְיִ § 27. V). Another example is תֶּשֶׁשִׁי. De. 32. 18 (in pause for תֶּשֹׁשִׁי, comp. § 35. r. 14), if directly derived from שָׁיָה. A perfectly Syriac form is יְהוּא Ec. 11. 3, for יְהֶוֶה, ap. יְהוּ (from הָוָה *to be*).

4. In the *part. act.* the *fem.* frequently assumes the form of גּוֹלָיָה, evidently from a masc. גּוֹלִי for גּוֹלִיי* (after the form תּוֹמִיךְ, see § 8. r. 19). E. g. פּוֹרִיָה *fruitful*, Ps. 128. 3; בּוֹכִיָה *weeping*, La. 1. 16; צוֹפִיָה *watching*, Pr. 31. 27; הוֹמִיָה *making a noise*, Pr. 7. 11; pl. אוֹתִיוֹת *coming, future things*, Is. 41. 23. (This is not to be confounded with the form גּוֹלָיָה of rem. 5.)

The *part. pass.* is sometimes without י, as עָשׂוּ for עָשׂוּי (properly for עָשׂוּוּ, with moveable Vav*) *made*, Job 41. 25; צָפוּ for צָפוּוּ Job 15. 22; hence the pl. fem. נְטוּוֹת Is. 3. 16; עֲשׂוּוֹת 1 Sa. 25. 18, in the Khethib; in the Keri, however, it is עֲשִׂיוֹת, נְטִיוֹת; the form גָּלוּ, as it appears, was not recognised by the Masorites.

5. The original י* is sometimes retained and usually preceded by (ר) before the affformatives beginning with a vowel, especially where, for any reason, emphasis rests upon the word, as *in pause*, or *before pause*, and *before Nun parag.* of the future. Pret. חָסִיוּ בוֹ *they take refuge in him*, De. 32. 37; before pause, חָסְיָה Ps. 57. 2; נָטְיוּ Ps. 73. 2; imp. אִם־תִּבְעֲיוּן Is. 21. 12; Fut. יִשְׁלְיוּ Job 12. 6; יִרְבְּיוּן בְּעֲיוּ שֶׁבוּ אֲתָיוּ

* The verbs ל״ה, like those of פ״י, properly embrace two different classes of the irregular verbs, viz. ל״י and ל״ו, which in Arabic are perfectly distinguished from each other, being actually written with י and ו. But in Hebrew the original י and ו have passed over into a feeble ה, in all those forms which end with the third radical, and which hence appear as verbs ל״ה as גָּלָה for גָּלַי, שָׁלָה for שָׁלַו (Ges Gram. § 74)

De. 8. 13; יְרֵצֵן Ps. 36. 9; in pause, יִשְׁתְּיוּן Ps. 78. 44, יֶחֱסָיוּ Ps. 36. 8; comp. Is. 26. 11; 41. 5; Job 3. 25, with ה parag. אֶהֱמָיָה *I mourn*, Ps. 77. 4. Part. עִטְיָה *covered*, Ca. 1. 7.

6. A variation from the form תִּרְאֶנָּה is תִּרְאֶנְהָ Mi. 7. 10, תַּעֲנֶנְהָ Ju. 5. 29, the termination of which must not be confounded with the suffix of the same form. Comp. § 21. rem. 13.

7. The ֵי—, ִי of the second syllable is but seldom written *defectively*, e. g. הָיִתָ for הָיִיתָ 2 Sa. 15. 33; בָּנִתִי 1 Ki. 8. 44; תַּעֲשֹׂנָה Job 5. 12.

II. NIPHAL.

8. In the *pret.* occurs also the form נִגְלִינוּ (instead of נִגְלִינוּ) 1 Sa. 14. 8; נִקִּיתָ Ge. 24. 8. In pause is נִטָּיוּ Nu. 24. 6, comp. rem. 5.

9. An anomalous form of the *inf. abs.* is נִגְלוֹת 2 Sa. 6. 20; כְּהִנָּלוֹת נִגְלוֹת אַחַד הָרֵקִים lit. *as uncovering uncovers himself one of the vain fellows;* where the second inf. is to be regarded as pleonastic, and this form is probably chosen to agree in sound with the termination of the preceding הִנָּלוֹת, comp. also rem. 2.

Another inf. abs., with the termination ָה (which occurs also in Hiph.), is נָחְבָּה *to hide oneself*, Je. 49. 10, instead of נָחְבֹּא

10. The *apocope* of the *future* occasions here no further changes, e. g. וְאֶפָּת *and I was persuaded*, Je. 20. 7; וַיִּפְגֹּר *and he met*, Nu. 23. 16. There is, however, יִפַּח Ps. 109. 13; יִיפַּח Ge 7. 23, for יִפְחַ (from פָּחָה).

III. PIEL.

11. In the *pret.* the second syllable has *Hhirek* in the greater number of examples, as קִוִּיתִי, דִּמִּיתִי, which is therefore adopted in the paradigm.

12. The *fut. apoc.* loses the Dagesh forte of the second radical, e. g. וַיְצַו *and he commanded;* יְגַו *let him look for*, Job 3. 9. Hithp. וַיִּתְגַּל *and he uncovered himself*, Ge. 9. 21. In but few instances the vowel is lengthened, as וַיְתָו, *and he made marks*, 1 Sa. 21. 14; יְתָאֵו *he desires*, Ps. 45. 12.

The *apocope* occurs also in the *imp.* of Piel and Hithp., as הַס for הַסֵּה *be silent*, Am. 6. 10; הִתְחַל *feign thyself sick*, 2 Sa. 13. 5; with ר as the second radical הִתְנַר (for הִתְנַגֵּר = הִתְנַגֵּה) De. 2. 24.

13. Examples where the original י has been retained (comp. rem. 5): imp. דְּלִיוּ* prop. *draw off*, i. e. *take away*, Pr. 26. 7. Fut. תְּדַכְּיוּנִי Is. 40. 25; יְכַסְיוּמוּ *they cover them*, Ex. 15. 5; אַרְוֶיךָ by transp. for אַרְוֶנְךָ *I will water thee*, Is. 16. 9.

IV. HIPHIL.

14. In the *pret.* the forms הִגְלִיתָ and הִגְלִיתָּ are about equally common; before suffixes the latter is used as being somewhat shorter than the other.

For the 3 pers. fem. there occurs also the Aramaic form of תַּ— (as in Kal), e. g. הִרְצַת, Le. 26. 34; הֶחֱלַאת Ezc. 24. 12. Hoph. הָגְלָת Je. 13. 19.

15. The Tseri of the *inf. abs.* is the regular vowel (as הַגְלֵה), to this corresponds the inf. abs. of Hoph., as הָפְדֵּה Le. 19. 20 (comp. rem. 20).

The verb רָבָה *to be much* or *many*, has three forms of the infinitive, viz. הַרְבֵּה *much* (used adverbially), הַרְבּוֹת used when the inf. is pleonastic, and הַרְבּוֹת the inf. constr.

16. The *fut. apoc.* either remains a monosyllabic like יַרְדְּ *that he may have dominion over*, Is. 41. 2; יַפְתְּ *may he enlarge*, Ge. 9. 27, or it takes the helping vowel as in יִגַּל for which, however, is invariably substituted the form יָגֶל (comp. § 35. No. 1), as וַיָּגֶל 2 Ki. 18. 11; יָפֶר *he makes fruitful*, Ps. 105. 24. Examples with gutturals: וַיָּתַע *he made to err*, 2 Ch. 33. 9; אַל תֶּחַם Ne. 13. 14; when the first radical is a guttural, like יָעַל, וַיָּעַל Eze. 14. 7; Nu. 23. 2. The latter forms can be distinguished from the *fut. Kal* only by the context.

17. The *imp. apoc.* has invariably the auxiliary vowel, hence הָרֵב *increase*, for הַרְבֵּ; הָרֵף *let alone*, for הַרְפֵּ, הָרְפֵּ De. 9. 14; הָעֵל for הַעֲלֵה, Ex. 33. 12.

18. In the Aramaic the *preterite* (as in all conjugations) terminates in ִי—, the *fut.* in ֵי—. The form with ִי is found also in the Hebrew with the pret. and future. Pret. הֶחֱלִי for הֶחֱלָה *he made sick*

* This seems the only way of accounting for this form, if derived from דָּלָה. Prof. Lee, who takes it as the *pret. of* Kal, does not sufficiently account for the form; for we should then expect דָּלִיוּ. Gesenius has finally declared himself in favour of the Rabbinic opinion, that דְּלִיוּ stands for דְּלִלוּ, comp. his Man. and Thes. under דָּלַל.

Is. 53. 10; pl. הִמְסִיו *they caused to faint*, Jos. 14. 8 (which is quite Aramaic, comp. רְמִיו Da. 3. 21; הַיְתִיו Da. 5. 3). Fut. וַתְּזֵנִי Je. 3. 6; תָּמְחִי Je. 18. 23, for תִּמְחֶה (masc.).

V. Aramaisms.

19. In the same manner as the verbs לי״א have occasionally some forms inflected after the analogy of לי״ה (§ 23. rem. 8—11), so it happens, *vice versâ*, that the latter borrow forms from the former, though not so frequently, according to the following division:—

(*a*) The ה is retained and the punctuation alone of לי״א is adopted, e. g. Kal fut. אֶשְׁעֶה *I will have respect to*, for אָשְׁעֶה, Ps. 119. 117; תִּכְלֶה for תְּכַלֶּה 1 Ki. 17. 14, comp. Da. 10. 14. Niph. part. יוֹם נֶחֱלֶה, for נַחֲלָה *a grievous day*, Is. 17. 11,* and defective אֶתֶּנוּ *we come*, Je. 3. 22.

(*b*) The א is adopted and the punctuation of לי״ה is retained, e. g. Kal pret. רָצֵאתִי *I delight*, Eze. 43. 27; fut. יִשְׁנָא *it is changed*, La. 4. 1; וַיֶּחֱלָא *he became sick*, 2 Ch. 16. 12; inf. נְשֹׁא for נָשֹׁה, *to forget*, Je. 23. 39. Piel שִׁנֵּא 2 Ki. 25. 29. Pual יְשֻׁנָּא Ec. 8. 1. Comp. also וַיֹּרְאוּ הַמֹּרֵאִים *and the archers shot*, 2 Sa. 11. 24.

(*c*) The consonant and the vowels of לי״א are adopted, as תְּלָאוּם *they hanged them*, 2 Sa. 21. 12; יַפְרִיא for יַפְרֶה *he is fruitful*, Ho. 13. 15. (But here we may suppose roots תְּלָא and פְּרָא i. q. תָּלָה and פָּרָה, comp. Gesenius' Manuale.)

20. In the Aramaic, where the verbs לי״א and לי״ה flow into one another, both classes terminate, in the fut. and part. of all the conjugations, in the Syriac in ־ָא, in the Chald. in ־ֵי. As intimations of this mode of formation we are to regard those forms of the inf., imp. and fut. in ־ֶה, less frequently ־ָא and ־ֵי, which are found in Hebrew also. Inf. הֱיֵה Eze. 21. 15. Imp. הֱוֵא *be thou*, Job 37. 6. Fut. תְּהֵיֶה Je. 17. 17; תֵּבֵא for תֵּאבֶה *thou wilt*, Pr. 1. 10; וַיֵּתְיָא for וַיֵּאֶתָה *he came*, De. 33. 21. Piel inf. עַנֵּא Ex. 22. 22; imp. בַּלֵּא 1 Sa. 3. 12; 2 Ch. 24. 10; חַבֵּי Ho. 6. 9; fut. תְּנַבֵּא Le. 18. 7. Hiph. (comp. rem. 15). Hoph. הָפְדֵּא Le. 19. 20.

VI. Forms with Suffixes.

21. The annexing of the suffixes to the verbs לי״ה occasions various changes, viz.:—

(*a*) In all the forms which end in ה, the ה is dropped with the preceding vowel. E. g. עָנֵנִי *he answered me*, Ps. 118. 5, צִוָּךְ *he has commanded thee*, De. 6. 17;† קָנָךְ *he has bought thee*, De. 32. 6; fut. יַעֲנֶךָּ Ps. 20. 2. Piel אֲכָלֶךָּ for אֲכַלֶּךָּ *I consume thee*, Ex. 33. 3 (comp. Chald. מָנֵי for מַנִּי Ezr. 7. 25). Hiph. הֶעֱלֶךָּ Ne. 9. 18; seldom fut. like יַחְתֵּךְ *he shall take thee away*, Ps. 52. 7.

(*b*) Very seldom does ־ֵי take the place of ־ָה, ־ֶה, as חַיֵּינוּ *revive it*, Hab. 3. 2; יְחַיֵּינוּ Ho. 6. 2; הַכֵּינִי *smite me*, 1 Ki. 20. 35; אַפְאֵיהֶם (Hiph. fut. from פָּאָה) De. 32. 26, perhaps also נוֹטֵיהֶם Is. 42. 5, in reference to Jehovah, which may be regarded as a plural.

(*c*) The *pret.* 3 pers. sing. fem. takes invariably the form ־ָלְתָ. E. g. עָשִׂתָנִי Job 33. 4; רָאִיתָךְ Job 42. 5; כְּלִיתָהּ for כִּלִּיתָהּ Zec. 5. 4; צְוִיתָה Ru. 3. 6; הֶעֱלִיתָם Jos. 2. 6.

VII. Pilel (comp. § 6. No. 2).

22. This conjugation with its reflexion occurs in three verbs לי״ה, where the third radical, which the conjugation requires to be doubled, appears under the form וּה, as

נָאָה (*to be comely*) in Kal not used, Pil. נַאֲוָה, contracted נָאְוָה, pl. נָאוּ Ca. 1. 5; 2. 14. Deriv. adj. נָאוֶה.

טָטָה, in Kal not used, Pil. part. כְּטַטְחֵי קֶשֶׁת *archers*, Ge. 21. 16.

שָׁחָה *to bow down* (usual in Kal and Hiph.), Pil. שִׁחֲוָה hence Hithpal. הִשְׁתַּחֲוָה (comp. § 9 & 12. rem. 3), fut. יִשְׁתַּחֲוֶה, apoc. יִשְׁתַּחוּ for יִשְׁתַּחֲוִי (analogous with יְהִי for יִהְיִי). Inf. Chald. הִשְׁתַּחֲוָיָה 2 Ki. 5. 18.

* Unless we prefer to take נַחֲלָה (with Gesenius, comp. his Manuale) as a substantive, and render *day of possession*, i. e day of harvest.

† The form ־ָךְ for the masc. *thy*, which is seldom found with other verbs (§ 2. rem. 2), is here somewhat more usual, e. g עָנְךָ Is. 30. 19; Je. 23. 37.

SECTION XXV.—VERBS DOUBLY ANOMALOUS.

1. Such is the designation of verbs which have two radical letters affected by the anomalies which are exhibited in the paradigms of irregular verbs. These verbs exhibit no new changes; and even in cases where two anomalies might occur, usage must teach whether the verb is actually subject to both or but one of them, or, as it sometimes happens, to neither.

Thus from נָדַד (*to flee*) are formed יִדַּד Na. 3. 7; יָדַד Ge. 31. 40 (after the analogy of verb פ״ן); Hiph. הֵנֵד (after ע״ע); Hoph. הֻנַּד, but fut. יִנַּד (after פ״ן).

Thus the verbs פ״ן and ע״ו, as נוּד, נוּעַ, are irregular only in respect to the middle radical letter, not in respect to the Nun.

2. The following are examples of doubly anomalous verbs, and of difficult forms derived from them:—

(*a*) Verbs פ״ן and ל״א, as

נָשָׂא (*to bear, carry*) Kal imp. שָׂא; inf. constr. שְׂאֵת (for שַׂאֵת), also שֵׂאת, with suff. שָׂאתִי; fut. תִּשָּׂאנָה, יִשָּׂא (for תִּשְׂאֶנָה) Ru. 1. 14.

נָשָׂא (*to deceive*) Hiph. fut. יַשִּׁי (for יַשִּׂיא) Ps. 55. 16 Keri.

(*b*) Verbs פ״ן and ל״ה:

נָטָה (*to bow, incline*) Kal fut. יִטֶּה, apoc. יְטֵ Zep. 2. 12; fem. תְּטֵ Ps. 4. 5, 27; Hiph. imp. הַטֵּה, apoc. הַטֵ Ps. 17. 6; fut. יַטֵּה, apoc. וַיַּטְ 2 Sa. 19. 15; 1 pers. אַטְ Job 23. 11; וָאַטְ Je. 15. 6; 2 pers. אַל תַּטְ Ps. 27. 9; with suff. יַטֵּךְ.

נָכָה (*to smite*) Hiph. הִכָּה; inf. הַכּוֹת; imp. הַכֵּה, apoc. הַךְ Ex. 8. 12; fut. יַכֶּה, apoc. יַךְ Ho. 14. 6; 1 pers. וָאַךְ Ex. 9. 15, with suff. יְכוֹ 2 Sa. 14. 6; יְכַכֶּה Ps. 121. 6.

נָזָה (*to sprinkle*) Kal fut. apoc. יִזְ Is. 63. 3; וַיִּזְ 2 Ki. 9. 33. Hiph. fut. apoc. יַזְ Le. 8. 11, 30.

(*c*) Verbs פ״א and ל״ה, as

אָתָה (*to come*) Kal pret. אָתְנוּ Je. 3. 22; imp. אֲתִיוּ (for אֶתְוּ, אֱתוּ, § 19. rem. 6, & § 24. rem. 5) Is. 21. 12; 56. 9; fut. וַיֵּתְא (for וַיֵּאתֶה, § 19. rem. 3) De. 33. 21; apoc. וַיֵּאת, וַיֵּאתָה, § 19. rem. 3). Hiph. imp. הֲתִיו (for הַאֲתִיו, § 19. rem. 8) Is. 21. 14.

אָלָה (*to swear*) Hiph. fut. ap. וַיֹּאל (from יַאלֶה, § 24. rem. 3) 1 Sa. 14. 24.

אָפָה (*to bake*) Kal imp. אֲפוּ (for אֱפוּ § 19. rem. 6) Ex. 16. 23; וַתֹּאפֶהוּ (for וַתֹּאפֶהוּ § 19. r. 5) 1 Sa. 28. 24.

(*d*) Verbs פ״י and ל״א, as

יָצָא (*to go out*) Kal inf. צֵאת (for צָאֵת, comp. § 23. rem. 4); imp. צֵא, Hiph. הוֹצִיא.

(*e*) Verbs פ״י and ל״ה:

יָדָה (*to throw*, Hiph. *to confess*) Piel fut. וַיְיַדּוּ (for וַיְיַדּוּ § 20. rem. 8) La. 3. 53. Hiph. fut. יוֹדֶה, with suff. אוֹדְךָ Ps. 35. 18; אוֹדֶךָּ Ps. 30. 13, and ה retained יְהוֹדוּךָ (§ 20. rem. 10).

יָנָה (*to oppress*) Kal fut. with suff. יְנֹנֶם Ps. 74. 8. Hiph. הוֹנָה fut. with suff. תּוֹנֶנּוּ De. 23. 17; part מוֹנִיךְ Is. 49. 26.

יָפָה (*to be fair*) Kal fut. apoc. וַיֵּיף (fr. וַיֵּיפֶה) Eze. 31. 7. Unusual conj. Pu. יָפְיָפִיתָ Ps. 45. 3, see § 6. No. 9.

יָרָה (*to throw*, Hiph. *to show, instruct*) Kal imp. יְרֵה; inf. יְרוֹת, יָרֹה; fut. with suff. נִיְרֵם Nu. 21. 30. Hiph. הוֹרָה; inf. הוֹרוֹת; fut. יוֹרֶה, apoc. וַיּוֹר 2 Ki. 13. 17, with suff. תּוֹרְךָ Ps. 45. 5; Job 12. 7, 8; יוֹרֶנּוּ Ps. 25. 12.

(*f*) Verbs ע״ו and ל״א, as

בּוֹא (*to come*) Kal pret. בָּא, pl. בָּאנוּ 1 Sa. 25. 8; inf. בּוֹא; fut. יָבוֹא, once וַיָּבוֹ 1 Ki. 12. 12 Kheth. Hiph. הֵבִיא, 2 pers. הֲבֵאתָ; fut. יָבִיא, 1 pers. אָבִי for אָבִיא 1 Ki. 21. 29; Mi. 1. 15; imp. הָבִיא once הָבִי Ru. 3. 15.

נוּא Hiph. הֵנִיא (*to withhold, refuse*) fut. יָנִי for יָנִיא Ps. 141. 5.

(*g*) One verb ע״ע and ע״י is

חָיָה=חָיַי (*to live*) only in the pret. חָי, in such connection where it cannot be the adj. חַי (*living*), e.g. Ge. 5. 5; 11. 12, 14; 25. 7.

REM. A few other anomalies must be mentioned here, which are occasioned by the verbs ל״ן and ל״ת, of which ן and ת are assimilated with the afformatives. Such are: לָנְנוּ Ju. 19. 13, for לָנוּן (from לוּן); from מוּת (*to die*) מַתִּי *thou diest, I die*, Eze. 28. 8, for מַתְתִּי, מַתְתָּה Ge. 19. 19. Pil. מוֹתַתִּי *I put to death*, 2 Sa. 1. 16. Hiph. הֲמִתָּה, הֲמִתִּי *thou puttest, he put to death*, with suff. הֲמִיתִיו 1 Sa. 17. 35, with the *mater lectionis* in Kheth., for הֲמִתִּיו Keri.

Finally, the anomaly of the verb ל״ד, viz. יָלַד, inf יָלֹד, contracted לֶת 1 Sa. 4. 19.

SECTION XXVI.—NOUNS DERIVED FROM THE REGULAR VERB.

We distinguish here—

I. *Forms originally Participles, and Participial Nouns, from Kal.*

1. קָטֵל, *fem.* קְטָלָה the most simple participial form of verbs *middle A* (comp. § 8. r. 1); in use as a participle only in verbs ע״ו (e g. קָם for קָוֹם). It is most frequently employed as an adjective expressing *quality*, as חָכָם *wise*, חָדָשׁ *new*, יָקָר *precious*, יָשָׁר *straight*, נָבָל *foolish*. It occurs, however, also as an infinitive form (No. 12).

2. קָטֵל, *fem.* קְטָלָה, seldom קִטְלָת. Part. of verbs *middle E* (§ 8. r. 1), is likewise the form of adjectives of quality, e. g. זָקֵן *old, old man*, יָבֵשׁ *dry*. The Tseri is sometimes *immutable*, and the form is then related to No. 5, e. g. אָבֵל *mourning* (in other dialects אביל), *fem.* גְּזֵלָה *that which is plundered*.

3. קָטַל and קָטוֹל (with Hholem *immutable*), *fem.* קְטֹלָה, Part. of verbs *middle O*; e. g. יָרֵא *fearing*, יָקֹשׁ *fowler*; then frequently as an adjective, even when no preterite with Hholem is found, as גָּדוֹל *great*, רָחוֹק *far*, עָשׁוֹק=עָשַׁק *oppressor* (comp. No. 21).

4. קוֹטֵל, קִטֵל, *fem.* קִטְלָה, קִטְלָת, the usual participial form of transitive verbs; e. g. אוֹיֵב *enemy*, יוֹנֵק *suckling*, hence of the instrument by which the action is performed, as חָרֵשׁ *a cutting instrument, a tool*. A feminine with collective signification is אֹרְחָה *caravan*.

5. קָטוּל and קָטִיל passive participles of Kal, the latter (Chaldaizing) form employed rather as a substantive, like the Greek verbals in *τός*, e. g. אָסוּר *imprisoned*, מָשׁוּחַ *anointed*, אָסִיר *prisoner*, מָשִׁיחַ *one anointed*.

In intransitive verbs, also with an active signification, as צָעִיר *small*, עָצוּם *strong*. Some words of this form indicate the *time* of the action, as קָצִיר *time of harvest*, חָרִישׁ *time of ploughing*. The feminines and the plurals are apt to take the abstract signification, as יְשׁוּעָה *deliverance* (*the being delivered*), חֲנָטִים *the act of embalming*.

6. קָטֵל (Arab. קַטָّאל) with Kamets *immutable* in the Arabic, the usual intensive form of the participle, hence in the Hebrew expresses what is habitual, e. g. נָגָח *apt to butt*, חַטָּא *sinner* (different from חֹטֵא *sinning*), גַּנָּב *thief*; so of occupation, trades, e. g. טַבָּח *cook*, חָרָשׁ (for חַרָשׁ) *smith*. Here, again, the feminine often takes the abstract signification, as חַטָּאת for (חַטָּאָת) *sinfulness, sin*. Such intensitive forms are also the three following.

7. קַטִּיל and קַטּוּל, of which forms are most adjectives in the Chaldee, צַדִּיק *righteous*, אַבִּיר *strong*, חַנּוּן *compassionate*. In Hebrew from intransitive verbs alone

8. קַטּוּל, as יְסוּר *censurer*, שְׁכוּר *one drunken*, גִּבּוֹר *strong one, hero*; rarely in a passive sense, יְלוּד *born*, אֱיוּב proper name (*persecuted*).

9. קִטֵּל indicates very great intensity, often excessive, so as to become a fault and a defect; e. g. קֵרֵחַ, *bald-headed*, אִלֵּם *dumb*, עִוֵּר *blind*, פִּסֵּחַ *lame*, חֵרֵשׁ *deaf*. The abstract signification is found in the feminine, as עִוֶּרֶת *blindness*.

II. *Forms which were originally infinitives of Kal.**

10. קָטֵל, קֶטֶל, קִטֹל (with *mutable* vowels) the simplest forms of the infinitive, of which the first and last are employed in the verb (§ 8. rem. 9). They seldom occur as nominal forms, e. g. גֶּבֶר *man*, פְּאֵר *ornament*, צְחֹק *laughter*. Instead of these, the three following—

11. קָטֶל, קֶטֶל, קִטֹל, called Segolate forms, are the more frequent; e. g. מֶלֶךְ *king* (for מַלְכְּךָ, מַלְכֵּךְ), סֵפֶר (for סִפְרְךָ) *book*, קֹדֶשׁ (for קִדְשׁ) *holiness*. These have the characteristic vowel in the first syllable, and the auxiliary vowel Segol in the second. When the second or third radical letter is a guttural, *Pattahh* is used instead of *Segol*, as זֶרַע *seed*, נֶצַח *eternity*, פֹּעַל *work*. Examples of feminines: מַלְכָּה *queen*, יִרְאָה *fear*, עֶזְרָה *help*, חָכְמָה *wisdom*.

In masculines as well as feminines the *abstract* is the prevailing signification, and is the original one even in cases where the *concrete* occurs; e. g. מֶלֶךְ and מַלְכָּה prop. *royalty*;† נַעַר *a youth* (prop. *the season of youth*, comp. in Eng. *youth* and *a youth*); בַּעַר *brutish* (prop. *brutishness*). For the abstract in such cases another form is employed, as מַלְכוּת *royalty*, נֹעַר *youth*.

* All these forms are found, *mutatis mutandis*, in the Arabic as infinitives, or the so called *nomina actionis*.

† As there is a tendency to employ abstract terms for names of offices, e. g. פֶּחָה *governor* (prop. *office of governor*, comp. the English *lordship*).

12. קָטֶל, like No. 1, and קִטֶל, *fem.* קִטְלָה, often from verbs *middle E*, with the abstract signification, e. g. רָעָב *hunger*, אָשֵׁם *guilt*, along with the concretes of the form No. 2 (רָעֵב *hungry*, אָשֵׁם *guilty*), very frequent in the feminine, as צְדָקָה *righteousness*.

13. קָטֶל (for קָטָאל), קָטֵל, (for קָטִיל), קָטִיל, קָטוֹל, קָטוּל, with an *immutable* vowel between the second and third radical, as כְּתָב *book*, כְּאֵב *pain*, שְׁבִיל *way*, חֲלוֹם *dream*, זְבוּל *habitation;* sometimes also with prosthetic Aleph as אַכְזָב (prop. *deception*), *deceitful stream*, i. e. whose waters fail in the summer; אֶפְרֹחַ *brood*. The corresponding feminines will suggest themselves; but the forms קְטִילָה, קְטוּלָה coincide with the feminines of No. 5.

14. מִקְטָל, the Chaldee form of the infinitive, e. g. מִשְׁפָּט *judgment*. Related forms are מִזְמוֹר *song*, מַחְמָד *desire*, מַלְקוֹחַ *booty*, מַמְלָכָה *kingdom*, מַשְׂכֹּרֶת *wages*. This form indicates, not only the action itself, but also often the place of the action, as מִזְבֵּחַ *altar*, מִדְבָּר *a place of driving*, i. e. to which cattle are driven, whence *a desert*.

15. קִטְלָן, קִטְלָן, and other similar forms with the terminations וֹן & ָן, which are generally appended to the Segolates, as חֶשְׁבּוֹן *reckoning* (from חָשַׁב), קָרְבָּן *offering* (immediately from קָרַב); but there are also forms like זִכָּרוֹן *remembrance*.

16. With the feminine termination וּת appended to the Segolate form, e. g. רְפָאוּת *healing*. In the Syriac this is the usual termination of the infinitive. The ת is properly the sign of the feminine, and the masculine form would be רְפָאוּ (like עִבְרִית, עִבְרִי).

III. *Participles of the derived conjugations.*

17. From Niph. נִקְטָל, as נִפְלָאוֹת *wonders*.

18. 19. From *Piel* and *Hiph.*; e. g. מְזַמֶּרֶת *snuffers*, מַזְמֵרָה *pruning-knife*.

20. From *Poel*, as חוֹתָם, *signet-ring*, prop. *that which seals*.

21. From *Pil.* קָטַל, *fem.* קָטֶלָה; and 22. קִטְלָל for the most part adjectives of colour, as אָדֹם *fem.* אַדְמָה *red*, רַעֲנָן *green*.

23. קָטַלְטָל, קִטַלְטָל, adjectives with a *diminutive* signification, as אַדַמְדָּם *reddish*, שַׁחַרְחֹר *blackish;* hence in a contemptuous sense (like *miser*, *misellus*), as אֲסַפְסֻף *collected rabble* (with the passive form, for אָסוּף).

IV. *Infinitives of the derived conjugations.*

24. From *Niph.*, as נַפְתּוּלִים *struggles*.

25. From *Piel*, like נַפֵּץ *dispersion*, more frequently in the fem., as בַּקָּשָׁה *request*, with Kamets *immutable*.

26. קְטוּל, and 27. תַּקְטִיל, תַּקְטוּל, likewise infinitives of *Piel* (the latter very common in the Arabic); e. g. חִבּוּק *folding of the hands*, תַּגְמוּל *benefit*, תַּכְרִיךְ *mantle*.

28. From *Hiph.*, like אַזְכָּרָה *remembrance-offering*, הַשְׁמָעוּת *annunciation* (with Kamets *immutable*), an Aramaic infinitive.

29. From *Hithpa.* הִתְיַחֵשׂ *register*.

30. From *Poel*, like הוֹלֵלָה *folly*, and 31. like קִיטוֹר *smoke*, the latter form common in Arabic.

32. From *Pil.*, אֲפֻדָּה *a putting on*, and 33, נַאֲפוּף *adultery*.

34. פְּקַחְקוֹחַ *opening*, inf. of No. 23.

35. שַׁקְטֶל, e. g. שַׁלְהֶבֶת *flame* (comp. § 7. No. 6).

36. Quadriliterals, like סֶלְעָם *locust*.

SECTION XXVII.—NOUNS DERIVED FROM THE IRREGULAR VERBS.

The formation of these is perfectly analagous to that of the regular verb, and whatever is differently modified is caused merely by the peculiar structure of these verbs. We shall therefore follow the preceding order, and exhibit such verbs and forms only in which the irregularity has been of some important influence.

I. From Verbs פ״ן.

Connected with the *infinitive* of *Kal* 14. מַתָּן *gift*, מַגֵּפָה *overthrow;* of Hiph. 28. הַצָּלָה *deliverance*. The noun מַדָּע *knowledge* from יָדַע; comp. § 20. 16.

II. From Verbs ע״ע.

From the *part.* of *Kal*—1. תָּם *upright* (like קָטֶל) more frequently with *Pattahh* (to indicate the sharpening of the syllable), דַּל *abject*, רַב *much*, fem. דַּלָּה, תַּמָּה. 2. מַחַ *fat*. From the inf. 10. 11. בַּז *booty*, חֵן *favour*, חֹק *law*, fem. מִלָּה *word*, חֻקָּה *law*. 14. מָעוֹז *fastness* מֶסַב *that which surrounds anything*, fem.

מְגִלָּה *roll*. The form מַסַּב sometimes, by retraction of the tone, becomes a Segolate form, as מָמֳרַּ *bitterness*, מְרַךְ *timidity* (from רָכַךְ). 22. קְלֹקֶל *contemned*, עֲרֹעַר *naked* (a collateral form of Pilpel). 27. תְּהִלָּה *praise*, תְּפִלָּה *prayer*, with the Segolate form also תֶּמֶס *a melting away* (from מָסַס), תֹּרֶן *mast* (from רָנַן *to shout*). From the unfrequent conjugation Pilpel (§ 6. No. 4), גַּלְגַּל *wheel*, from גָּלַל *to roll*.

III. From Verbs פ״ו and פ״י.

The *participial* forms are regular. Forms originally *infinitives* are—10. יֶדַע, fem. דַּעַת, דֵּעָה *knowledge*, עֵצָה *counsel*. 13. סוֹד for יְסוֹד *divan*. 14. מוֹרָא *fear*, מוֹקֵשׁ *snare*, מוֹלֶדֶת *birth*, מוּסָר *punishment*; and from a verb properly פ״י, מֵיטָב *the best*. 27. תּוֹשָׁב *inhabitant*, תּוֹלֶדֶת *generation*, תֵּיכָן *the south*.

IV. From Verbs ע״ו and ע״י.

Participles: 1. זָר *foreign*. 2. גֵּר *stranger*, עֵדָה *a witness, testimony*. 3. טוֹב *good*, טוֹבָה *what is good*. *Infinitives:* 11. the different Segolate forms, as מָוֶת *death*, and בַּיִת *house*, קוֹל *voice*, רוּחַ *spirit*, and in the *fem.* עֹלָה, בְּשֶׁת. 14. מָנוֹחַ, *fem.* מְנוּחָה *rest*, מָקוֹם *place*, also מְשׁוֹט *oar* (from שׁוּט). 27. תְּבוּנָה *intelligence*, תְּעוּדָה *testimony*, תָּמִיד *continuance*. 28. הֲנָחָה *rest*.

Rem. A ו in one of these nouns is not sufficient warrant to limit its derivation to ע״ו, nor is י sufficient to limit it to ע״י, since each of these classes sometimes borrow forms from the other, e. g. תְּבוּנָה from בִּין.

V. From Verbs ל״ה.

Participles: 2. יָפֶה, יָפָה *fair*, קָשֶׁה *hard*, *fem.* קָשָׁה. Some lose ־ֵה, as תָּו *sign*, for תָּוֶה. 4. רֹאֶה *seer*, *fem.* עוֹלָה *burnt-offering*. 5. כָּסוּי *covering*, נָקִי *pure*, עָנִי *poor*. Originally *infinitives:* 11. the Segolates in different forms, not often with ה retained, as בֶּכֶה *a weeping*, רֵעֶה *friend*, חֹזֶה רְאֶה *vision, revelation*, commonly without it, as רַע (for רֵעֶה), or with the original י or ו, which then becomes quiescent in Hhirek (comp. on יְהִי § 24. rem. 3), e. g. פְּרִי *fruit*, חֳלִי *sickness*, בְּהוּ *waste*, and in the masc. seldom *moveable*, as קְצֵה *end*, but always in the fem. עַנְוָה *humility*, לְוָיָה *garland*. 13. סְתָו *winter*, שְׁתִי fem. שְׁתִיָּה *a drinking*, fem. מָגֵן (for מָגֵנָה, מְגִנָּה) *part*, חֲצוֹת *the midst*, שְׁבוּת *captivity*. 14. מִקְנֶה *possessions*, מַרְאֶה *appearance*; fem. מַצְוָה *command*. Apocopated form מַעַל for מַעֲלֶה. 15. קִנְיָן *wealth*, כְּלָיוֹן *destruction*. 27. תַּבְנִית *structure*, תַּרְבּוּת *brood*, also perh. תֶּבֶן (for תַּבְנָה) *straw*. 28. אָשֶׁךְ *testicle*, for אַשְׁכָּה from שָׁכָה.

VI. From Doubly Anomalous Verbs.

We exhibit only some cases of special difficulty:—

1. From פ״ן and ל״א, שֵׁת for שְׁאֵת, from נָשָׂא.
2. From פ״י and ל״ה, תּוֹרָה *precept, law*, מוֹפֵת *sign*, perh. from יָפָה; but see the analysis.
3. From ע״א and ל״ה, שֵׁת Nu. 24. 17, from שְׁאֵה for שְׁאֵת.
4. From ע״ו and ל״ה, אִי *island*, from אָוָה *to dwell*, for אָוִי; אוֹת *sign*, for אְוֹת from אָוָה; קָו *cord*, from אָוִי, קָוָה, תָּא *chamber*, for תָּו from תָּוָה *to dwell*, גּוֹי *people*, from גָּוָה.

The root is also often obscured by contraction of Nun, Daleth, He, e. g. גַּת *wine-press*, for גַּנְת, יִנְּנֵת (from יָנַן); אַף *anger*, for אַנָף; אֵת *coulter*, for אַדָת; זִו for זִהְיו (from זָהַה) *brightness*.

SECTION XXVIII.—THE VOWEL-CHANGES OF NOUNS.*

1. The consideration of the *cases* of the noun does not belong to this part of Hebrew Grammar,† but to the syntax, because the cases do not at all affect the inflexion of the noun, as they are merely indicated by prepositions without any change of the *form* of the word itself. On the contrary, the connection of the noun with suffixes—with the feminine, dual and plural terminations—or with a noun following in the genitive, produces numerous changes in its form, and thus originates another species of declension. The theory of this peculiar, but important, system of inflexion can be displayed conspicuously only by a full exhibition of paradigms, inasmuch as the term declension is used in Hebrew Grammar, with a meaning differing considerably from that it bears in the Grammar of the Greek and Latin languages.‡

* The adjective entirely agrees in form with the substantive, so that in treating of the declension of nouns, adjectives are included.

† This work having especially the etymology of words alone for its object.

‡ In these latter, the term *declension* (κλίσις) properly denotes the variation of the ground-form by cases (*casus*, πτώσεις). We may, however, be permitted to retain the term *declension*, though it does not properly express the mode of inflexion of Hebrew nouns just as the term *conjugation* is employed, though not in its ordinary sense (Gesen. Gram. 78. 2).

These vowel-changes are caused (*a*) by a noun following in the genitive; (*b*) by the suffixes; (*c*) by the dual and plural terminations; to which is added, again, the effect of a genitive following, or suffix.

2. The tone in all these cases is moved forward more or less, or even thrown upon the following word. We here distinguish three cases, viz.:—

(*a*) *When the tone is moved forward only one place.* This is the case when the appendage to the noun is either monosyllabic, or at least has the tone on the penultima, and likewise begins with a vowel. Such are (1) the terminations for the plural and dual (־ִים; ־ַיִם; וֹת); (2) the light suffixes for the singular nouns (־ִי; ־ֵךְ; ־ֶךָ; ־ֵהוּ, וֹ; ־ָהּ; ־ֵנוּ; ־ָם, ־ֶם, ־ָמוֹ); (3) the light suffixes for the plural nouns (־ַי; ־ֶיךָ, ־ַיִךְ; ־ָיו; ־ֶיהוּ, ־ָיהָ; ־ֵינוּ; ־ֵיכֶם, ־ֵימוֹ). In this case, generally, only one of two mutable vowels in the noun is dropped, e. g. from דָּבָר—דְּבָרִים, דִּבְרֵי, דִּבְרִי; in a few forms the second only is dropped, e. g. אֹיֵב—אֹיְבִים, or the ground-form of the word, which, in the leading form, has undergone some change, appears again, as from מַלְכְּךָ (for מַלְכֵּךְ)—מַלְכֶּיךָ.

(*b*) *When the tone is moved forward two places,* as in the plural *constr. st.*, and when the *grave* suffixes are appended to the plural (־ֵיהֶם ־ֵיכֶם, ־ֵיהֶן ־ֵיכֶן, ־ֵיהֶם ־ֵיכֶם). In this case both vowels, if mutable, are dropped, as דִּבְרֵי הָעָם *words of the people*; דִּבְרֵיכֶם *your words*, דִּבְרֵיהֶם *their words*.

(*c*) When the suffix begins with a consonant without a union-vowel, and forms a syllable by itself, as the suffixes of the singular, as ךָ, ךְ, הֶם, הֶן, כֶם, כֶן (more commonly ־ָם, ־ָן). Of these the first is a light suffix, and regularly affects the tone in just the same manner, as ־ִי, וֹ, e. g. דָּבְרְךָ, דָּבְרֵךְ, זִקְנְךָ, זִקְנֵךְ. The others are grave suffixes, and have more effect in shortening the vowels, as דִּבַּרְכֶם, &c. A similar effect is seen in the *constr. st.* of the singular number, as חֲצַר הַבַּיִת; דִּבַּר אֱלֹהִים (from חָצֵר).

The application of these three cases to the different forms of the masculine noun is exhibited in the nine paradigms of the *Masculines* given below, to which also the necessary explanations are subjoined. For the sake of brevity, we will use the terms *first*, *second*, *third*, &c. *declension*.

3. In the formation of the Feminine from the Masculine, by appending the termination ־ָה, the same change of vowels is introduced as in No. 2 (*a*), since the tone is moved forward in the very same proportion as shown there. The vowel-change is somewhat different when the second feminine termination ־ָת is appended. Both will be shown in § 39.

SECTION XXIX.—ON THE DECLENSION OF THE MASCULINE NOUNS IN GENERAL.

1. The following paradigms exhibit—of each noun—the *absolute* and *construct state* in the sing., plur., and dual, and the singular and plural forms with *light* and *grave* suffixes. To render this subject easier, it should be noticed that:

(*a*) The shortening of the vowels is the same in the dual and the plural, except in the sixth declension, where the dual is more shortened than the plural, e. g. pl. מְלָכִים, but du. רַגְלַיִם.

(*b*) In the plural, *light suffixes* are, without exception, attached to the *absolute*, and *grave suffixes* to the *constr. state*, e. g. דִּבְרֵי, דְּבָרִי; דִּבְרֵיכֶם, דִּבְרִיכֶם.

2. According to the nine paradigms of the masculines alluded to, are also declined those feminine and common nouns which are without a distinctive feminine termination, e. g. אֶבֶן *stone*, חֶרֶב *sword*, except that in most cases they take in the plural the ending וֹת, which remains unchanged in the constr st. and before suffixes.

3. The changes of the vowels generally affect the two last syllables, and in a very few instances only the third from the end is affected (comp. § 31. r. 3) Changes of consonants occur in the ninth declension alone.

TABLE O. DECLENSION OF MASCULINE NOUNS.

	I.		II.		III.			IV.				V.		
	a.	b.	a.	b.	a.	b.	c.	a.	b.	c.	d.	a.	b.	c.

* See note to the heading of § 41.

SECTION XXX.—FIRST DECLENSION OF THE MASCULINES. (TABLE O.)

EXPLANATORY.

1. In this declension the noun itself undergoes no change of vowels before the suffixes, and stands, as an indeclinable, merely for comparison with the others. It is, however, important to know the various forms which are thus indeclinable.

2. To this paradigm belong all nouns whose vowels are immutable,* e. g. (according to the note given below, No. 1) עִיר *city*, קוֹל *voice*, לְבוּשׁ *garment*, זְרוֹעַ *arm*; (No. 2) קָם, part. of קוּם, *arising*, גָּר, part. of גּוּר, *stranger*, גָּר (for גִּיר) *lamp*, כָּתָב (כְּתָאב) *book*; (No. 3) גִּבּוֹר *hero*, צַדִּיק *righteous*, מַלְכוּת *kingdom*, אֶבְיוֹן *poor*, מַשְׁחִית *destruction*; (No. 4) פָּרָשׁ for פֶּרָשׁ *horseman*.

3. The vowels (ָ) and (ַ) occasion here peculiar difficulty, as it often cannot be determined, at first sight, whether they are *pure* or *impure*, or whether a Dagesh is omitted in the form (comp. note No. 2). There is, however, no difficulty in forms like קָם, גָּר, as soon as we are aware of their derivation from קוּם, גּוּר, from which it becomes evident that they stand for גַיִר,קָאם (§ 21. rem. 1); in קָטֹל, מַקָּטֵל, the general formation of nouns that (ָ) is *impure*, and therefore immutable (§. 25. No. 6); but with regard to forms like כְּאֵב *pain*, פָּרָשׁ *horseman*, it can be known only from the existing inflexions (as, constr. state כְּאֲבִי, פָּרְשֵׁי), that they stand for כַּאֵיב, פַּרַשׁ, since there are also words of the like forms in which the vowels are *pure*, and therefore mutable.

4. Hence, of the classes of *verbal nouns* (of § 26), the following belong to this declension:

(*a*) Of the derivatives from the regular verb, the forms of No. 6. חַטָּא *sinner*, פָּחָר (for פַּחַר) *potter*, פָּרָשׁ (for פַּרְאשׁ) *horseman*, חַנּוּן *compassionate*, צַדִּיק *righteous*; 8. גִּבּוֹר *hero*; 13. כְּתָב *book*, כְּאֵב *pain* (though the forms קָטֹל, קְטָל, occur also with *pure* vowels, and are inflected according to dec. 6. § 35. rem. 10); 14. מִזְמוֹר *song*, מַלְבּוּשׁ *garment*; 15. שִׁלְטוֹן *government*, חֶסְרוֹן *want*; 16. גְּבוּל *border*, &c.; 19. מַשְׁחִית *destruction*; 26. חִבּוּק *a folding*, זֵרוּעַ (for זְרוּעַ *herbs*; 27. תַּלְמִיד, תַּגְמוּל.

(*b*) Of the derivatives from the irregular verbs (of § 27), II. 16. סְכוּת *tabernacle*; 27. תַּעֲלוּל *action*; IV. 13. סוֹד, בּוּל; 14. מִישׁוֹר; 28. תִּירוֹשׁ; V. 1. קָם; 2. גָּר; 3. 5. 8; VIII. 13. שְׁבִית, שְׁבִית, מְנָת; 15. רַעְיוֹן; 16. גָּלוּת (note, with *Kamets impure*).

REMARKS.

1. That Kamets is *impure*, and therefore *immutable*, in the form קָטֹל, is sufficiently evident from a comparison with the Arab. קַטָּאל, and also from many examples where it remains unchanged in the declension, e. g. חַטָּאֵי Am. 9. 10, comp. אִכָּרֵיכֶם *their husbandmen*, Is. 61. 5. The punctuators, however, have sometimes from neglect shortened this Kamets. E. g. דַּיַּן אַלְמָנוֹת *judge of the widows*, Ps. 68. 6, חָרָשׁ *smith*, constr. state חָרַשׁ Ex. 28. 11; Is. 44. 12, 13, פָּרָשׁ, constr. state פָּרַשׁ Eze. 26. 10. Moreover, צָנוּר (which even in the Hebrew is written *in full*), pl. constr. צִנּוּרֵי. This plural, however, must doubtless be derived from a feminine צִנּוֹרֶת, with the pl. termination ־ִים (comp. שִׁבֶּלֶת, pl. שִׁבֳּלִים), according to the 4th declension of the feminines.

2. Of the form קָטוֹל there occurs also an example which changes *Hholem*, viz. צִפּוֹר (*a small bird, sparrow*), pl. צִפֳּרִים Le. 14. 4, 49; Ec. 9. 12; Is. 31. 5. Here, however, the plural appears to be derived from a sing. fem. צִפֹּרֶת, Hholem of which is *pure*, comp. קָטוֹר, fem. קְטֹרֶת with suff. קְטָרְתִּי (§ 39. No. 4 d), as in צָנוּר, comp. rem. 1.

3. As regards the forms of No. 15 (of § 26), we might reasonably expect the Kamets to be *impure* in קָרְבָּן, שָׁלְחָן, since in the Arabic they assume the form like קָרְבַּאן. The punctuators, however, have seldom attended to it, and have usually shortened Kamets. E. g. אָבְדָן, constr. אָבְדַן *destruction*, Est. 8. 6; שָׁלְחָן Nu. 4. 7; קָרְבָּן

* Immutable vowels are: 1. Those in which their homogeneous vowel is quiescent, as ־ָא; ־ֵי; וֹ, וּ, e. g. רֵאשׁ, הֵיכָל, קוֹל, פְּקִיד, זְבוּל. These are sometimes written *defectively*, which, however, is not an essential shortening.

2. Those which must originally have been written *in full*, but from which the vowel letter has been omitted; hence called *impure* (*vocalis impuræ*). E. g. רָשׁ for רֵאשׁ, מָשְׁחַ for מָשִׁיחַ, קוֹלוֹת for קוֹלוֹת, זְבֶל for זְבוּל. Whether a vowel is thus made *impure*, can be known only from etymology, flexion, and comparison of the kindred dialects. The cases are noticed in the grammars and lexicons.

3. A short vowel in a sharpened syllable followed by *Dagesh forte*, as גִּבַּב, גִּבּוֹר; also a short vowel in a compound syllable, when another such syllable immediately follows, e. g. מַלְכוּת, אֶבְיוֹן, מִשְׁקָל, מִדְבָּר.

4. Vowels after which a *Dagesh forte* has been omitted on account of a guttural. E. g. חָרָשׁ for חָרַשׁ, אַחִים for אַחִּים, חֲרֵשׁ for חֲרַשׁ.

Le. 2. 1; קָרְבָּנֵיהֶם Le. 7. 38 (but where several MSS. have קָרְבָּנֵיהֶם).

4. Among the indeclinables here, there are yet a few with וֹ in the final syllable, which they change to וּ before suffixes and in the plural. E. g. מַחְסוֹר *want*, pl. מַחְסוֹרֶיךָ Pr. 24. 34 (according to some copies); שְׁפוֹט, pl. שְׁפוּטִים Eze. 23. 10; מַטְמוֹן, pl. מַטְמוֹנִים, but constr. מַטְמֻנֵי Is. 45. 3, comp. § 32 rem. 5.

5. Several forms which belong here will be noticed also among the exceptions of the following declension.

SECTION XXXI.—SECOND DECLENSION OF THE MASCULINES. (TABLE O.)

EXPLANATORY.

1. To this declension belong all nouns which have a *pure changeable Kamets* in their final syllable, and are either monosyllabic or have their preceding vowels immutable. E. g. יָד *hand*, הֵיכָל *palace*, מִיכָל *little water*, אוֹצָר *treasure*, מוּסָר *chastisement*, מִשְׁמָר *custody*, &c., comp. § 26. Nos. 14, 20; § 27. III. 14, 27. Here belong also the plurals, נָשִׁים *women*, יָמִים *days*, the particle עַל *above*, constr. state עַל *upon*, pl. constr. עֲלֵי, with suff. עֲלֵיהֶם, עָלָיו.

2. The vowel-change consists simply in this, that (*a*) In the *constr. state* and before the *grave suffixes* of the *singular* (ָ) is changed into (ַ); (*b*) This (ָ) is altogether dropped in the *constr. state*, and before the *grave suffixes* in the plural.

3. There are nouns which resemble in form the above examples, but which have an *impure* Kamets in their final syllable, and therefore do not belong to this declension, comp. § 30. No. 4. Other exceptions are contained in the following remarks.

REMARKS.

1. Certain nouns of the form מָקְטָל have Kamets *impure* in their final syllable, especially derivatives from the irregular verbs. E. g. מַעֲבָדֵיהֶם *their works*, Job 34. 25; מַטָּעֵי כֶרֶם *plantings of a vineyard*, Mi. 1. 6; מוֹרְשֵׁי לִבִּי *possessions of my heart*, Job 17. 11, comp. מוֹרְשֵׁיהֶם Ob. 17; מַתָּן אָדָם *gift of a man*, Pr. 18. 18. This is especially the case in the derivatives from verbs לא (where א seems to have some hold upon the vowel Kamets), as מִקְרָאֵי *assemblies*, Le. 23. 2, 4, 37; מוֹצָאֵי *goings out*, Ps. 65. 9; מוֹצָאֵיהֶם Nu. 33. 2, and so צֶאֱצָאֵי *shoots*, Is. 48. 19. Comp. Is. 61. 9; Job 21. 8.

Kamets is, moreover, immutable in תּוֹשָׁב *inhabitant*, whence תּוֹשָׁבִי 1 Ki. 17. 1, to which there is a corresponding form in the Arabic تُفْعَال.

2. In the word יָם Kamets has been retained even before Makkeph, e. g. always יַם־הַמֶּלַח *salt-sea*; יָם כִּנֶּרֶת *sea Chinereth*, i. e. Genesareth; except in the combination יַם־סוּף *sea of reeds*. (Notwithstanding the constancy of this punctuation, no ground can be assigned for the difference.) There are, moreover, found in the constr. st. the forms אוּלָם *porch, portico*, Eze. 40. 7; פִּתְגָם *word*, Est. 1. 20. without changing Kamets.

3. With the suffix כֶם, יָד becomes יֶדְכֶם (for יֶדֶכֶם) Ge. 9. 2; דָּם becomes דִּמְכֶם Ge. 9. 5 (because the forms (ֶ:) and (ֶ:-) are shorter than (ֵ:-), comp. rem. 1), is מוֹרָאֲכֶם *fear of you*, Is. 8. 13.

The form like נֶחְבָּאִים, נֶטְמָאִים is doubtless the plural of a Niph. part. with (ֶ-) in the final syllable, from נֶחְבָּא, נֶטְמָא comp. § 23. rem. 6.

4. For מִבְטָח with suff. מִבְטַחוֹ, pl. מִבְטָחִים see below § 37. rem. 7.

5. The few words with *Pattahh* in the ultimate, preceded by an immutable syllable (comp. § 30. No. 2. note), follow the analogy of this declension in their inflexion, as far as regards the suffixes and the plural. They are, אֶצְבָּע *finger*, with suff. אֶצְבָּעוֹ, pl. אֶצְבָּעוֹת; אַרְבַּע *four*, pl. אַרְבָּעִים *forty*; שַׁד dual שָׁדַיִם *breasts*; כּוֹבַע *helmet*, pl. כּוֹבָעִים. The latter noun is written with the tone on the ultimate, כּוֹבַע, in Eze. 27. 10; but כּוֹבַע in 1 Sa. 17. 5; Is. 59. 17, according to which it is a Segolate form written, by way of exception, with a full Hholem. The first form, however, is favoured by the fact that וֹ is retained in the plural, which is inconsistent with the Segolate forms.

SECTION XXXII.—THIRD DECLENSION OF THE MASCULINES. (TABLE O.)

EXPLANATORY.

1. This declension embraces all nouns which have an *immutable vowel* in the final syllable, and *mutable Kamets* or *Tseri* in the penultima, as פָּקִיד, or some other syllables may precede, as כְּלָיוֹן. Of the derivatives from the regular verb (§ 26) belong here those of No. 3. קָדוֹשׁ *holy*, גָּדוֹל *great*; No. 5. עָצוּם *mighty*, פָּקִיד *officer*; No. 15. רָעָבוֹן *famine*, עֵרָבוֹן (for עַרְבוֹן) *pledge*, זִכָּרוֹן *remembrance*. Of the derivatives from the irregular verbs (§ 27), from פ״א, as אֵזוֹר *girdle*, אֱמוּן *faithfulness*; from ע״ו No. 14. מָקוֹם *place*; No. 27. תָּמִיד *continuance*; moreover, the participles of Hiphil, as מֵלִין, מֵשִׁיב, מֵקִים. From ל״ה No. 15. הָמוֹן *multitude*, גָּלָיוֹן *roll*. The primitives and denominatives follow the same analogy.

2. The vowel-change here consists in this, that Kamets (or Tseri) of the penultima is dropped in all the forms, except the absol. state of the singular. In the forms like כְּלָיוֹן, זִכָּרוֹן, Dagesh of the middle radical is likewise dropped, and the first two syllables are combined into one, as כִּלְיוֹן, זִכְרוֹן. Another combination of the letters is effected in פִּרְיוֹן, with suff. פִּרְיוֹ, with guttural רָעָבוֹן, constr. רַעֲבוֹן (for רַעֲבוֹן).

3. Here also are to be distinguished nouns which resemble the above forms, but which have *impure* Kamets, and as such do not belong here, as בָּרִיחַ (for בַּרִיחַ) *fugitive*, עָרִיץ (for עַרִיץ) *tyrant*, חָרוּץ (for חֲרוּץ) *diligent* (according to § 26. No. 7), and the derivatives of ל״ה of the form חָזוּת, גָּלוּת, the Kamets of which is likewise *impure*.

REMARKS.

1. Of the forms קָטֹל, קָטוֹל, קָטֵל (§ 26. Nos. 3 & 4) there are some few words in which Kamets is *impure*. E. g. שָׁלִישׁ *charioteer*, pl. שָׁלִישִׁים Ex. 14. 7, with suff. שָׁלִשָׁיו, שָׁלִשָׁיו 2 Ki. 15. 25; Ex. 15. 4; שָׁבוּעַ *week*, pl. שָׁבֻעוֹת Da. 9. 24, 25, with suff. שָׁבֻעוֹתֵיכֶם Nu. 28. 26 (though also שָׁבְעוֹת Je. 5. 24; Eze. 45. 21), and in the Gentilic nouns יָמִינִי, מָכִירִי Nu. 26. 12, 29; comp. 2 Sa. 20. 26, instead of which we would expect יְמִינִי, מְכִירִי.

2. With regard to some words with middle guttural, the punctuators seem to have disagreed among themselves, as to whether they belong to the form קָטִיל or קָטֵל, i. e. whether Kamets is to be changed or not. Hence inconsistencies like the following: בְּרִיחִים *fugitives*, Is. 43. 14 (from בַּרִיחַ); but, on the contrary, בְּרִיחֵיהָ Is. 15. 5; סָרִיס *eunuch*, constr. state סְרִיס Ge. 37. 36, pl. סָרִיסִים 2 Ki. 9. 32, constr. state סְרִיסֵי Est. 2. 21, and סְרִיסֵי Ge. 40. 7, with suff. סָרִיסָיו Ge. 40. 2; פָּרִיץ *violent*, constr. state פְּרִיץ Is. 35. 9, but pl. פָּרִיצִים Je. 7. 11; פָּרִיצֵי Da. 11. 14.

3. Some nouns of the form זִכָּרוֹן, when shortened, take Segol instead of Hhirek. Thus, חֶזְיוֹן *vision*, constr. state חֶזְיוֹן Job 33. 15, pl. חֶזְיוֹנוֹת Job 4. 13; עִשָּׂרוֹן *tenth deal* (dry measure), pl. עִשָּׂרֹנִים Ex. 29. 40; Le. 14. 10. This is doubtless the effect of the first letter which is a guttural (§ 35. rem. 6), though עֲצָבוֹן has the constr. state עֲצָבוֹן, and the pl. חֲשָׁבוֹנוֹת.

4. In the forms like אֲבוּס, אֲזוֹר where, on account of א, Tseri stands, by Syriacism, for (comp. § 19. r. 6), it is retained also in the constr. state, because the same cause continues to exist here as in the abs. state, as אֲבוּס בְּעָלָיו Is. 1. 3; אֲטוּן מִצְרַיִם Pr. 7. 16; אֲפוֹד בַּד 1 Sa. 2. 18; but, in the plural, where the shorter (־) is to be introduced, the Syriacism is no longer employed; hence אֲבוּסִים *cribs*, Job 39. 9; אֲסוּרִים *bands*, Ju. 15. 14; also אֲמוּנִים *faithful*, Ps. 31. 24*.

5. In several nouns of the form מָקוֹם, especially such as are derived from verbs ע״ו, ו is changed to י in the shortening. E. g. מְנוּחַ *rest*, pl. מְנוּחִים; מָנוֹס *flight*, with suff. מְנוּסִי; מָעוֹן *habitation*, pl. מְעוֹנִים; מָגוֹר *fear*, pl. מְגוּרִים; מָצוֹר, with suff. מְצוּרְךָ, as there exists no ground-form with Kibbuts for any of these forms. This is moreover the case in the adj. מָתוֹק of which the pl. is מְתוּקִים (comp. § 39. No. 3. r. 1).

6. Among the derivatives from ע״ו there are a few of the form לָצוֹן (from לוּץ) in which Kamets is shortened, contrary to analogy (comp. § 30. Nos. 2 & 3), as זָדוֹן *arrogance*, constr. זְדוֹן Ob. 3, with suff. זְדוֹנְךָ 1 Sa. 17. 28; שָׂשׂוֹן *joy*, constr. שְׂשׂוֹן Ps. 51. 14, from זוּד or זיד and שׂוּשׂ. The vowel-change here gives them the character of derivatives from (as it were) שָׂשָׂה, שָׂדָה.

7. In some few instances *Hholem* of the form קָטֹל (§ 26. No. 3) is treated as a *pure* vowel, and is shortened to *Kamets-hhatuph*, as שְׁלֹשׁ־אֵלֶּה *these three*, Ex. 21. 11; גְּדֹל Ps. 145. 8; Na. 1. 3 Keri; טָהֳרֹ Job 17. 9; Pr. 22. 11 Keri. Still more striking is the kind of shortening in הֲמֻנְכֶם Eze. 5. 7, for הֲמוֹנְכֶם *your noise*. Comp. also קְנֻמֹן Ex. 30. 23, from קִנָּמוֹן *cinnamon*.

8. מָדוֹן *contention*, (from דִּין or דוּן) has the pl. מְדָנִים with moveable Vav, comp. § 35. rem. 13.

* Comp. § 13. rem. 2, note; also rem. 7 and 9.

SECTION XXXIII.—FOURTH DECLENSION OF THE MASCULINES. (TABLE O.)

EXPLANATORY.

1. This declension embraces nouns of two syllables, either with *Kamets pure* in both, or *Tseri pure* in the first and Kamets in the second. Here belong only the derivatives from the regular verb (§ 26. Nos. 1 & 2), as זָהָב *gold*, זָנָב *tail*, שֵׁכָר *strong drink*, and with gutturals, אָשָׁם *guilt*, רָעָב *famine*, שָׂבָע *satiety*, שֵׂעָר *hair*, עֵנָב *cluster of grapes*.

2. The vowel-change in this declension consists in this, that

(*a*) Kamets or Tseri of the first syllable is always dropped, except in the ground-form;

(*b*) in the constr. st. sing., and before the suffix כֶם, (ר) of the final syllable is changed to (-);

(*c*) in the plural, Kamets is altogether dropped in the constr. st. and before the *grave* suffixes, and the two Shevas, now coming to stand under the first two radicals (דְּבָ), are combined in one syllable by Hhirek, with a guttural by Pattahh, hence שַׂעֲרֵי, חִכְמֵי, דִּבְרֵי. E. g. עָפָר *dust*, pl. constr. עַפְרוֹת; עָנִי *afflicted*, pl constr. עֲנִיֵּי, &c.

3. For some exceptions like חֹדֶשׁ *smith*, פָּרָשׁ *horseman*, see § 30. No. 4, also rem. 1.

REMARKS.

1. In the pl. constr. there is *Pattahh* found under the first radical, even where there is no guttural, e. g. כְּנַף *wing*, du. constr. כַּנְפֵי; זָנָב *tail*, pl. constr. זַנְבוֹת; צֵלָע *rib*, pl. constr. צַלְעוֹת. On the contrary, *Hhirek* is found also under guttural instead of *Pattahh*, as עִמְקֵי *deep*, Is. 33. 19, from עֹמֶק; עִנְבֵי *grapes*, De. 32. 32 (with euphonic Dagesh for עִנְבֵי); חִזְקֵי *strong*, Eze. 2. 4; 3. 7, from חָזָק.

2. This class of nouns derived from ל״א retain in the constr. st. the (ר) in which א is quiescent, as צָבָא *host*, constr. צְבָא; צָמָא *thirst*, constr. צְמָא.

3. For a few nouns of this class (קָטָל and קִטָל), the Segolate form is used in the constr. st. and before suffixes (comp. dec. 5). E. g. עָשָׁן *smoke*, constr. עֲשַׁן and עָשָׁן; עָנָף *branch*, with suff. עֲנָפָם Eze. 36. 8; צֵלָע *rib*, constr. צַלַע and צֶלַע (Milêl), with suff. צַלְעִי.

The case is reversed in חָדָר *chamber*, with suff חָדְרוֹ, but constr. חַדַר (as if from חֶדֶר).

SECTION XXXIV.—FIFTH DECLENSION OF THE MASCULINES. (TABLE O.)

1. This declension embraces nouns of two syllables, which have *Tseri pure* in the final, and *Kamets* in the preceding syllable, hence chiefly derivations of the regular verb only of No. 2 (§ 26). The two forms exhibited in the paradigm differ only with respect to the first radical when a guttural.

2. This declension is very similar to the preceding, as regards the vowel-change, and is properly a mere variation of the same. In this the *Tseri* of the final syllable is treated like final *Kamets* in the foregoing, except that the form קְטָל, which might be expected in the constr. st., occurs but very seldom (see, however, לֶבֶן *white*, Ge. 49. 12; אֵבֶל *mourning*, Ps. 35. 14), and instead of it the forms like either that of זְקַן or כְּתָף are used. According to the latter form are inflected, גְּדֵר, constr. גֶּדֶר *wall*; יְרֵךְ, constr. יֶרֶךְ *hip*; גְּזֵל, constr. גֶּזֶל *robbery, any thing taken by violence*; אְרֵךְ, constr. אֶרֶךְ *long*; to the first belong יְתֵד, constr. יְתֵד *peg, pin*; קְצַר, constr. קְצַר *short*, &c. Both forms appear in כְּבֵד *heavy*, constr. כְּבֵד Ex. 4. 10, and כָּבֵד Is. 1. 4; עָרֵל *uncircumcised*, constr. עָרֵל Ex. 6. 12, 30 and עָרֵל Eze. 44. 9.

REMARKS.

1. The nouns of this form derived from ל״א retain *Tseri* in the constr. st., e g. מְלֵא, מָלֵא; טְמֵא, טָמֵא; יְרֵא, יָרֵא (§ 33. rem. 2); this, however, is not confined to forms with א merely, comp. יְוֵן, constr. יָוֵן *mire*, Ps. 69. 3; עְקֵב *heel*, constr. עָקֵב Ge. 25. 26; יְפַח, constr. יָפַח *puffing out*, Ps. 27. 12; finally, חְמֵשׁ *five*, constr. חֲמֵשׁ.

2. Some nouns retain *Tseri* in the pl. constr. st., e. g. יְשֵׁן *sleeping*, constr. יְשֵׁנֵי Da. 12. 2; אְבֵל *mourning*, אֲבֵלֵי Is. 61. 3; שְׂמֵח *joyful*, שְׂמֵחֵי Ps. 35. 26 (but also שִׂמְחֵי Is. 24. 7); שְׁכֵח *forgetful*, שְׁכֵחֵי Ps. 9. 18; חְפֵץ *delighting*, חֲפֵצֵי Ps. 40. 15; 70. 3.

3. אָבֵל *(grassy place)* remains entirely unchanged in the pr. names אָבֵל הַשִּׁטִּים Ju. 7. 22, אָבֵל מְחוֹלָה 11. 33, &c.; comp. also כָּתֵף פְּלִשְׁתִּים Is. 11. 14.

4. *Hhirek* under the first radical when a guttural, like עִקְבֵי in paradigm *c*, is a mere exception; it occurs in Ca. 1. 8, and with euphonic Dagesh, עִקְּבֵי Ge. 49. 17; Ju. 5. 22; for the like Dagesh, comp. עֲצִבֵּיכֶם Is. 58. 3, from עָצַב. (This, however, may be derived from עָצַב in the sense of *labour*.)

SECTION XXXV.—SIXTH DECLENSION OF THE MASCULINES. (TABLE O.)

EXPLANATORY.

1. This declension embraces the large class of nouns denominated *Segolate forms*, i. e. those dissyllabic nouns which have the tone and characteristic vowels in the first, and an auxiliary Segol (with guttural Pattahh) in the second syllable. The characteristic vowel may be either A, E, or O; hence the following forms:—

(*a*) From the regular verb, like מֶלֶךְ for מַלְךְ, סֵפֶר, קֹדֶשׁ; (*b*) with gutturals, like נַעַר, פֹּעַל, בַּעַל; (*c*) from the verb ע״ו like מָוֶת, חֵיל, or שׁוֹר for שְׁוֹר (§ 27. IV); (*d*) from verbs לי״ה, like אֲרִי, לֶחִי, חֵלִי (§ 27. V). They are closely related to the forms like שִׁבֳּלֶת, שִׁכְמָה, קִטֹּל (§ 26. No. 10), which in the Aramaean occupy the place of the Hebrew Segolates.

2. The peculiarity in their inflexion is as follows:—

(*a*) In the constr. st. the form remains unchanged, with the exception of חֵיל מָוֶת, in which ו and י become quiescent.

(*b*) Before the suffixes the original monosyllabic form is introduced, which they have in the Arabic (מַלְכִּי, סִפְרִי, &c. This is likewise the case in the constr. st. of the plural and dual.

(*c*) The plural is not formed immediately from the Segolate form of the singular, but from the kindred form מַלְךְ, סְפַר, קְדַשׁ or קֶדֶשׁ, which they have in the Aramaean, hence מְלָכִים, סְפָרִים, so that Pattahh, which in this case would stand in an open syllable, is changed into Kamets, like שַׁר dual שָׁרִים (§ 31. rem. 5).

REMARKS.

I. ON THE FORM מֶלֶךְ (& נַעַר).

1. In the form of two Segols, like מֶלֶךְ, the first *generally* stands for *Pattahh* (מַלְךְ), and this again for the monosyllabic מֹלֶךְ. The latter form is the Arabic, which the Arabian usually pronounces *mĕlk*, and the vulgar even *mĕl'k*. The Hebrew language exhibits this original form in the word גַּיְא *a valley*, and the proper name אֶרֶךְ Ge. 46. 21; Nu. 26. 40. The Greek translators of the Old Testament have also sometimes expressed this form in the same way, e. g. חָרָן Aqu & Symm. *καρν* Job 42. 14; חָרֶשׁ *αρς* Is. 17. 9.

2. In a few words only the original *a*, as ַ(-) & ָ(ר), appears already in the ground-form, viz., (*a*) in the nouns which have a guttural for their second radical, as בַּעַל, נַעַר, פֹּעַל; (*b*) in the derivatives from ע״ו, as חַיִל, מָוֶת; (*c*) in the contracted forms like אַף from אַנָף *wrath*, בַּת from בִּנְת; (*d*) in the word הָאָרֶץ, but only with the article (for הָאֲרֶץ); (*e*) in pause, as מָלָךְ, בָּרָם, and with paragogic ה אַרְצָה *to the ground*.

3. There is, however, a considerable number of nouns of this form, in which, seemingly, the first Segol does not stand for Pattahh or Kamets, but for *Tseri*, as לֶדֶת for לֵדֶת, קִטֶּלֶת for קִטֵּלֶת. These, though similar to the preceding in the ground-form, are nevertheless inflected like the form סֵפֶר (to which they originally belong) with *Hhirek*, seldom *Segol*, in the first syllable. An example of this kind is presented in the paradigm סֵפֶר.

Nouns inflected in this manner with *Hhirek*, the ground-form being סֶמֶל not סֵמֶל, are the following: בֶּגֶד *garment*, בֶּטֶן *belly*, בֶּרֶךְ *knee*, גֶּזַע *stem*, גֶּשֶׁם *rain*, גֶּרֶשׁ *something pounded*, דֶּגֶל *banner*, דֶּשֶׁן *fat*, זֶבַח *sacrifice*, טֶבַח *slaughter*, יֶתֶר *string*, כֶּלְא *confinement*, לֶקַח *doctrine*, מֶתֶג *bridle*, נֶגַע *stroke*, נֶזֶם *ring*, נֶטַע *planting*, נֶשֶׁר *eagle*, נֶשֶׁף *twilight*, פֶּגֶר *carcase*, פֶּלֶךְ *district*, פֶּסֶל *image*, צֶדֶק *righteousness*, צֶמַח *sprout* קֶרֶב *midst*, קֶשֶׁר *conspiracy*, רֶכֶב *chariot*, רֶסֶן *bridle*, רֶשֶׁף *flame*, שֶׁקֶר *falsehood*, שֶׁמֶשׁ *sun*. In others this characteristic of the word becomes apparent in its change to the feminine, e. g. גֶּבַע fem. גִּבְעָה *hill*. With Segol in the first syllable are inflected חֶלֶד *life-time*, נֶגֶב (with ה parag. נֶגְבָּה) *south*, נֶגֶד *before*, נֶכֶד *progeny*.

4. Sometimes both forms (like מַלְכִּי and בִּנְתִּי) are found with one ground-form like סֶמֶל, e. g. יֶלֶד *child*, hence יַלְדִּי Is. 57. 4, and יִלְדִּי Ho. 1. 2 (fem. יַלְדָּה); חֶדֶר *chamber*, with suff. חֶדְרִי, but with ה parag. חַדְרָה, pl. constr. חַדְרֵי; הֶבֶל *vanity*, with suff. הַבְלִי, but pl. constr. הַבְלֵי; חֶבֶל *band*, pl. חֲבָלִי, but with pref. ב always בַּחֲבָלִי Is. 5. 18; Job 36. 8. So likewise in the change to the feminine, as בֶּשׁ *lamŏ*, fem. בַּבֶּשָׂה and כִּבְשָׂה.

5. When the third radical is a guttural, the pointing is like that of זֶרַע *seed*, פֶּתַח *door*, סֶלַע *rock*, פֶּסַח *passover*, when the second is a guttural, like that of נַעַר (parad. d). The cases, however, are but rare where the punctuation is not affected by the guttural, e. g לֶחֶם *bread* רֶחֶם (but also רַחַם) *womb*. In the

word כְּנַעֲנֶיהָ *her merchants*, Is. 23. 8, from כְּנַעַן, the Sheva coming, in the plural, to stand under נ is combined into one syllable with the Sheva under כְּ (for כְּנַעֲנֶיהָ). כְּנַעַן stands for כְּנַעֲנִי *Canaanite*, which latter is used for *a merchant* in general.

Nouns of the form נָעַר are often found with simple Sheva, in those combinations where the latter exhibits a composite Sheva, as יַעְרִי for יַעֲרִי from יַעַר *wood, forest* (comp. § 13. rem. 5).

II. On the form סֵפֶר (& גֹּבַהּ).

6. The nouns of the form סֵפֶר (seldom in the monosyllabic form like חֵטְא, נֵרְד) are all inflected according to the paradigm, e. g. סֵתֶר *covering*, שֵׁבֶט *rod*, נֵדֶר *vow*; those, however, with the first radical guttural, take nearly all of them *Segol* instead of *Hhirek* in the first syllable, as אֵבֶר *pinion*, with suff. אֶבְרוֹ, אֶבְרָהּ חֵלֶב *fat*, חֵלֶק *part*, חֵפֶץ *delight*, חֶרֶם *net*, עֵבֶר *country on the other side*, עֵגֶל *calf*, עֵדֶר *flock*, עֵזֶר *help*, עֵרֶךְ *valuation*. There are, however, some few with guttural which retain *Hhirek*, as חֵקֶר *searching*, עֵמֶק *valley*, pl. constr. עִמְקֵי. The noun יֵשַׁע *salvation* has both forms, יִשְׁעָךְ 2 Sa. 22. 36, and יֵשַׁע Ps. 85. 8.

חֵטְא *sin*, has in the pl. constr. חִטְאֵי 2 Ki. 10. 29; Am. 9. 10, with suff. חִטְאֵיכֶם Is. 1. 18, where ע is retained on account of א (comp. § 30. rem. 1).

7. Some few Segolates of the forms נֶזַע, נֶצַח, have their constr. state like זֶרַע Nu. 11. 7, as שֶׁבַע *seven*, and תֵּשַׁע *nine*, constr. שְׁבַע and תִּשַׁע, so likewise in the proper name יְשַׁעְיָהוּ (for יֵשַׁע יָהוּ) *salvation of the Lord*. The same analogy follows חֶדֶר *chamber*, in the constr. state חַדְרֵי.

III. On the Form קֹדֶשׁ (& פֹּעַל).

8. The form קֹדֶשׁ takes sometimes *Kibbuts* in the inflexion before suffix, as סְבֻכּוֹ *thicket*, סְבֻכּוֹ Is. 4. 7, גְּדֻלַּת *greatness*, גְּדֻלּוֹ Ps. 150. 2 (also גָּדְלוֹ), קְמֻץ *handful*, קְמֻצוֹ.

Those with the middle letter guttural like פֹּעַל take sometimes, though not often, simple Sheva under the guttural, as בָּאְשׁוֹ *his stink*, Joel ii. 20; רָחְבּוֹ *his breadth*, Ex. 25. 10. In some instances the vowels ◌ָ◌ֶ are put instead of ◌ֹ◌ַ, as פָּעֳלוֹ for פֹּעֲלוֹ *his work*, Is. 1. 31; תָּאֳרוֹ *his visage*, Is. 52. 14, for תָּאֲרוֹ 1 Sa. 28. 14.

With the suffix ךָ the form becomes פָּעֳלֶךָ Is. 45. 9; Hab. 3. 2, אָהֳלֶךָ (*thy tent*), Ps. 61. 5, and even so without the influence of a guttural, as קָטֳבֶךָ Ho 13. 14, from קֹטֶב *destruction*; the usual form, however, is like קָדְשֶׁךָ, קָדְשָׁכֶם. (The same form is found under the infinitive, § 16. rem. 7—9.)

9. The plural with *Hhateph-Kamets* under the first letter is found (besides קָדָשִׁים of the parad.) onlv in חֳדָשִׁים *months*, from חֹדֶשׁ, and אֳרָחוֹת *ways*, from אֹרַח, but everywhere else with simple Sheva (like in the plural of סֵפֶר, גֹּבַהּ); as בְּקָרִים *mornings*; גְּרָנוֹת *threshing-floors*; סְבָכִים, סֻבָּכִים *thickets*; קְמָצִים *handfuls*; שְׁעָלִים *hollow hands*; רְמָחִים *spears*; כְּפָרִים *cyprus flowers*; רְחָמִים *genista*; פְּעָלִים *actions*; and so probably כְּמָרִים *idol-priests*, from an obsolete כָּמַר*.

Kamets-Hhatuph (instead of *Hhateph-Kamets*) under the first radical occurs in שָׁרָשִׁים (shŏrashim) and קָדָשִׁים (so usually with the article, but without it, קְדָשִׁים, according to the paradigm).

The noun אֹהֶל (*tent*) has by Syriacism pl. אֳהָלִים for אָהֳלִים, whence אָהֳלָיִךְ, אָהֳלָיו for אָהֳלֶיךָ, אָהֳלֶיהָ, but again, אָהֳלֵיכֶם; אֳהָלִים also makes אָרְחָתָם, אָרְחֹתָיו.

בֹּהֶן *thumb*, has for its plural בְּהֹנוֹת, so that, instead of לְטֹל, the parallel form קְטֹל is used.

IV. On the Forms קְטֹל, קָטֹל, קָטֵל.

10. The Chaldee has, instead of the forms מַלְכָּא, סַפְרָא, the corresponding forms מְלָךְ, מָלְכָא, מָלְכָא, with the vowel between the last two radicals. Examples of this kind are found also in the Hebrew, which agree with the Segolates in the inflexion: they are, however, of too rare occurrence for a paradigm and general rule to be given for them. They are:—דְּבַשׁ *honey*, with suff. דִּבְשִׁי; גְּבַר i. q. גָּבֶר *man*; שְׁכֶם *shoulder*, in pause שָׁכָם Ps. 21. 13, with suff. שִׁכְמִי, with ה parag. שְׁכֶמָה (*to Shechem*) Ho. 6. 9; בְּאֵר *cistern*, pl. constr. בְּאֵרוֹת; פְּאֵר *head-dress*, pl. פְּאֵרִים, constr. פַּאֲרֵי (also, on the contrary, פְּאֵרֵיכֶם Eze. 24. 23); חֶבֶל *vanity*, Eze. 1. 2; 12. 8; בְּאֵשׁ *ill-savour*, with suff. בָּאְשׁוֹ Joel 2. 20.

Here belong also the infinitives of Kal of the form קְטֹל, קָטֹל, for the inflexion of which see § 16. rem. 7—10.

For שְׂלָו *quails*, pl. שַׂלְוִים, see below, rem. 16.

V. On the Forms מָוֶת, זַיִת.

11. Of the form מָוֶת are the following nouns:—אָוֶן *adversity*, with suff. אוֹנִי, pl. אוֹנִים; תָּוֶךְ *midst*,

* Hence it is, that some have in the pl. constr. the form קָדְשֵׁי instead of קָדְשֵׁי, viz. כְּבָךְ, pl. סְבָכִים, סִבְכֵי; שְׂפָת, pl. constr. שִׂפְתוֹת, so that there is no *necessit*~ to suppose other ground-forms, like סִבָּךְ, שִׂפָּת.

constr. תּוֹךְ, with suff. תּוֹכִי; and the monosyllabic שָׁוְא *nothingness*. The only instance without the contraction is עָוֶל, constr. עָוֶל, with suff. עַוְלוֹ Eze. 18. 26; 33. 13. The plurals אוֹנִים, מוֹתִים (not מָוְתִים, אָוֲנִים, which one would naturally expect here; comp. מָלְכִים, סָפְרִים) are the only instances which occur of this form, which properly is a contraction of the shortened form מָוְתִים, אָוְנִים (rem. 16).

12. Of the form זַיִת are, אַיִל *ram*, לַיִל *night*, צַיִד *hunting*. A few others have י־ instead of י־ before suffix, e. g. עִיר *foal*, עִירֹה Ge. 49. 11; שַׁיִת *thorns*, שִׁיתָו Is. 10. 17; לַיִל *night*, pl. לֵילוֹת, but derivative לֵילִית.

The plural is generally contracted, as in the paradigm. There are, however, some instances with *moveable Yod* in the plural, as חֲיָלִים *forces*, עֲיָנוֹת *fountains* (from עַיִן, but dual עֵינַיִם), עִיָרִים *foals*. Here belongs also גַּיְא, pl. גְּיָאוֹת Khethib (see under the irreg. nouns, § 45). Compare the following remark.

13. It has already been noticed, § 27. No. 11, of the verbs ע״ו, that nouns of the form קוֹל, קוּל, קִיל may likewise be *originally* Segolate forms, for קַוֹל, קֻוֶל, קִיֶל. As such they are inflected, at least in the plural, like the Segolates, so that ו and י may again become moveable. E. g. שׁוֹר, pl. שְׁוָרִים *oxen*; חוֹחַ *thorn*, pl. חוֹחִים 2 Ch. 33. 11, and חֲוָחִים 1 Sa. 13. 6; דּוּד, pl. דְּוָדִים *pots*; שׁוּק, pl. שְׁוָקִים *streets*.

VI. On the Forms חֶלְיִ, פָּרִי.

14. For the origin of this form see § 27. No. 11, of the verbs ל״ה. Nouns of this form may also be properly divided into three classes, likewise distinguished by the sounds *A*, *E*, and *O*, e. g. חֲלִי, אֲרִי, חֶלְיִ, אֲרִי, חֳלִי, in pause חֲלִי (חֲצִי), אֲרִי, with suff. חֶלְיִי, אֲרִיִי, חֳלָיִי, in the plural and dual חֲלָיִים, אֲרָיִים, חֶלְיַיִם. Those of the second class have almost always *Hhirek* before suffixes which begin with a vowel, and *Segol* before ה; e. g. פִּרְיִי, פִּרְיוֹ Le. 19. 23; Ps. 1. 3; פִּרְיָהּ Ho. 14. 9; שִׁבְיִי *captivity*, שִׁבְיוֹ De. 21. 10; שִׁבְיֵךְ Ju. 5. 12; מִרְיִי *rebellion*, מִרְיָם Ne. 9. 17; מִרְיֵךְ De. 31. 27, and so כֶּלְיֵךְ *thy vessel*, De. 23. 25; תֶּלְיֵךְ *thy quiver*, Ge. 27. 3. Before the suffixes כֶם, כֶן, הֶם, הֶן, the ground-form usually remains unchanged, as פִּרְיֹהֶם Am. 9. 14; פִּרְיֹהֶן Je. 29. 28; שִׁבְיֹכֶם Nu. 31. 19 (otherwise פִּרְיָם, שִׁבְיָם, פִּרְיָן), comp. however פִּרְיֵכֶם Eze. 36. 8.

Examples in which the first radical is a guttural: חֲלִי *necklace*; עֲדִי *ornament*, with suff. עֶדְיִי; עֲלִי *pestle*; with the middle guttural, לְחִי *jaw-bone*, with suff. לֶחְיוֹ Job 40. 26; לֶחְיָה La. 1. 2.

15. Examples of the plural, according to the paradigm: אֲרִי *lion*, pl. אֲרָיוֹת, אֲרָיִים; גְּדִי *kid*, pl. גְּדָיִים; צְבִי *gazelle*, pl. צְבָיִים 2 Sa. 2. 18; פְּתִי *simple*, pl. פְּתָיִים. On account, however, of the preceding characteristic Kamets, the third radical י is often changed into א. Hence חֲלִי, pl. חֲלָאִים *necklaces*; לְבִי. pl. לְבָאִים, לְבָאוֹת *lions, lionesses*; and צְבִי, פְּתִי take, besides the form *exhibited* in the paradigm, also that of צְבָאִים 1 Ch. 12. 8, and צְבָאוֹת Ca. 2. 7, פְּתָאִים Pr. 1. 4.*

The dual לְחָיַיִם, as given in the paradigm, corresponds to the form of the plural, though the greater shortening, as לְחָיַיִם, לְחָיִים, would have been expected here.

The interchange of י and א is doubtless the reason why Kamets remains immutable in גְּדָיִי Ge. 27. 9, 16, and לְחָיִי Is. 30. 28 (instead of לֶחְיִי, גְּדְיִי) they resemble the form חֲטָאַי (see rem. 6). For the form לְחָיִם *your cheeks*, Ho. 11. 4, an abs. לְחַיִם must be supposed, like כְּלִי, כֶּלִים (see irreg. nouns, § 45).

VII. In General.

16. Some few plurals of this class deviate from the general formation in this, that in the abs. state and before light suffixes the greater shortening is introduced, which otherwise is used only in the constr. state. Such are, עֶשְׂרִים *twenty* (not עֲשָׂרִים, from עֶשֶׂר *ten*); שִׁבְעִים *seventy* (from שֶׁבַע *seven*); תִּשְׁעִים *ninety* (from תֵּשַׁע *nine*); בָּטְנִים *pistacia-nuts* (comp. the Arab. בָּטְם); פִּילַגְשִׁים *concubines* (from פִּילֶגֶשׁ); שַׂלְוִים *quails* (from שֶׂלְוִי, שַׂלְוִי); דַּלְיָו *his buckets*, Nu. 24. 7 (from דֶּלִי, for דַּלְיִי); אַשְׁרַיִךְ, אַשְׁרֵיךְ *thine, his happiness* (i. e. happiness to thee, him); שִׁקְמִים *at a suitable season*, Pr. 25. 11; הַבְנִים *sycamore trees*, *ebony*. The singulars אִשֵּׁן, אֶשֶׁר, הֹבֶן, שֶׁקֶם are merely supposed forms, and do not really occur.

17. In the pl. constr. a euphonic Dagesh is often inserted in the letter which has Sheva, e. g. (*a*) of the form מֶלֶךְ there is חַלְקֵי for חַלְקֵי; (*b*) of the form סֵפֶר there are שִׁבְּלֵי, עִשְּׂבוֹת; (*c*) of the form קֹדֶשׁ,

* In a similar manner may be accounted for the plurals דּוּדָאִים *mandrakes*, לוּלָאוֹת *winding stairs*, viz. probably from lost singulars דּוּדַי, לוּלִי, with the Aramaean adjective termination י־, hence דּוּדַי signifies properly *pertaining to love*, from דּוֹד=דּוּד *love*. The plural which was to have been דּוּדָיִים is become דּוּדָאִים, similar to the Chaldee קַרְמֵי, emph. קַרְמָאֵה.

† In the Mishna (tract. Kilaim. No 8, ed. Surenh.) is found the sing. שִׁקְמָה.

סֻבְּלוֹ, also שִׁבְּתוֹת in which Dagesh is omitted and compensated by composite Sheva under the following letter, comp. כִּנְּרוֹת and וַתְּאַלְּצֵהוּ, כִּנֳּרוֹת and וַתְּאַלְּצֵהוּ, עַנְּנִי for עַנֵּנִי; comp. also אִמֳּרוֹת, רַמְּפֵשׁ, יִצְּחָק, which forms are to be regarded as if they had euphonic Dagesh in *syllaba brevi* (Lehrg. § 15. 4, lit. *c*).

18. The paragogic ה effects no further change in the form of these words than that the auxiliary Segol becomes Sheva. Hence אֶרְצָה, אֶרֶץ (rem. 2); קֶדְמָה and קֵדְמָה *towards the east*; אָהֳלָה, אֹהֶל *into the tent*; גָּרְנָה, גֹּרֶן *to the threshing-floor*, Mi. 4. 2; מָוְתָה *death*, לֵילָה *night*, from מָוֶת, לַיִל. שָׁכְמָה becomes שֶׁכֶם (rem. 10).

SECTION XXXVI.—SEVENTH DECLENSION OF THE MASCULINES. (TABLE O.)

EXPLANATORY.

1. To this declension belong nouns which have Tseri *pure* in their final syllable, and are either monosyllabic or have their preceding vowels immutable. It accordingly embraces participles in Kal (§ 26. No. 4); those in Piel and Hithpael, and other words of a similar form, e. g. כֹּהֵן *priest*, עֹרֵב *raven* (also the Chaldee שָׂהֵד *witness*, Job 16. 19); to which must be added of the verbal nouns from the regular verb (§ 26) No. 9. קִטֵּל; No. 14. the forms מְכַסֶּה, מְכַסֵּשׂ; No. 25. קַטֵּל; and the primitives of the like forms, as כִּסֵּא *throne*, מַטֶּה *staff*, or pluriliterals, as צְפַרְדֵּעַ *frog*. Nouns derived from verbs פ״י, as מוֹעֵד *time*; and those from verbs ל״ה, as בֵּן *son*. The verbal nouns, however, of No. 19 do not belong to this declension, e. g. מַקְהֵל, pl. מַקְהֵלִים.

2. This declension is characterised by the following peculiarities:

(*a*) Most of the words of this class do not change at all in the constr. state of the singular, e. g. שֵׁם, אֵיב, in others Tseri is changed into Pattahh, e. g. מִזְבֵּחַ, מִזְבַּח.

(*b*) In all the forms, other than the ground-form of the singular, the vowel of the final syllable is entirely lost, except the monosyllabic words which retain Tseri in the plural abs. e. g. שֵׁמוֹת.

(*c*) In the singular, where two Shevas would occur together before the suffixes ךָ, כֶם, כֶן, they are combined into one syllable by Hhirek, e. g. אֹיִבְךָ, אֹיִבְכֶם.

For the numerous deviations see the remarks.

REMARKS.

1. The words in which ֵ (ē) is changed to ֶ (e) are, besides the one given in the paradigm, מַעֲשֵׂר *tenth*, מִסְפֵּד *lamentation*, מַטֶּה *staff* (constr. מַטֵּה Ge. 30. 37, and מַטֵּה Je. 1. 11), and in participles of Kal and Piel of the verbs with guttural, e. g. שֹׁמֵעַ Le. 11. 7, and without guttural in אֹבֵד עֵצוֹת *of corrupt coinsel*, De. 32. 28.

It is, moreover, to be observed, that some nouns of the form מַקְטֵל have for their constr. state מִקְטַל; e. g. מַפְתֵּחַ *key*, constr. מִפְתַּח; מַרְבֵּץ *place of lying down*, constr. מִרְבַּץ; מַשְׁבֵּר *matrix*, constr. מִשְׁבַּר; מַרְזֵחַ *cry*, constr. מִרְזַח; מַשְׁחֵת *destruction*, constr. מִשְׁחַת; מַשְׁעֵן *stay*, constr. מִשְׁעַן; this last, however, may be referred to the ground-form מִשְׁעָן which actually occurs.

2. Some monosyllabic words *retain Tseri* in the singular before the *light suffixes*, e. g. גֵּו *back*, גֵּוִי Is. 50. 6; גֵּוֵךְ Is. 38. 17; עֵץ *wood*, עֲצִי, עֲצֵךְ; דֵּעַ *knowledge*, דֵּעִי Job 33. 6, 10; רֵעַ *companion, friend*, also *thought*, רֵעִי Ps. 139. 2; רֵעֲךָ Le. 19. 18. Those monosyllabic words are, of course, excepted which from the nature of their derivation have Tseri *impure*, e. g. the participles of ע״י, as מֵת *dead*, גֵּר *stranger*, אֵל *God* (from אוּל).

3. Before the suffixes ךָ, כֶם, כֶן some of these nouns take Segol, as מַקֵּלְכֶם *your staff*, Ex. 12. 11; יֵשְׁךָ *thou art* (as a particle belongs also to this declension); אִשְׁכֶם *your fire*, Is. 50. 11 (with gutturals they take Pattahh, as אֹהַבְךָ 2 Ch. 20. 7; שֹׂנַאֲךָ Ex. 23. 5); on the contrary, however, with Sheva is כִּסְאֲךָ 2 Sa. 7. 16; Ps. 45. 7; 89. 5; 93. 2 (for כִּפְאֲךָ, comp. § 10. r. 7, not כִּפֵּאךָ, from כִּפֵּא); others have immutable Tseri, as אַבְנֵטְךָ *thy girdle*, Is. 22. 21.

Changes of ֵ (ē) into ֶ (e) occur only in the words בֵּן constr. בֶּן *son*, six times, the form שֵׁם־ from שֵׁם; עֵת *time*, constr. עֵת, but also עֶת־ Le. 15. 25; Hag. 1. 2.

4. In the *plural abs.* all the monosyllabic words retain Tseri, e. g. עֵץ *wood*, pl. abs. עֵצִים, constr. עֲצֵי; דֵּעָה *knowledge*, pl. דֵּעִים; du. רֵחַיִם *hand-mill*. There are, however, several plurisyllabic nouns which follow the same analogy, e. g. שִׁלְּשִׁים, רִבְּעִים *descendants of the third, fourth generation*; שִׁמְּמוֹת *desolations*, Da. 9. 26; and quadriliterals, עֲטַלֵּפִים *bats*, סַנְוֵרִים *blindness*, פַּרְדֵּסִים *parks*, אַבְנֵטִים *girdles*. רֵעַ *friend*, מֵעִים *intestines*, retain Tseri even before the *grave* suffixes; רֵעֵיכֶם Ps. 28. 3; מֵעֵיהֶם Eze. 7. 19 (but also מֵעַי). These examples are better regarded as so many irregularities than *forma dagessanda*, according to which רֵעַ is to be supposed to stand for רֵעָה, רֵעֵה; מֵעַיִם for מְעָיִם.

5. The analogy of these nouns is followed also in several nouns which have *Pattahh* in the final syllable, and are derived from verbs ל״ה, or, at least, they assume a similar form, and are consequently of the same origin as the form בֵּן, שֵׁם. They are בַּר *son*, with suff. בָּרִי Pr. 31. 2 (from בָּרָא=בָּרָה); זַן, pl. זָנִים *kind*; מָתִים *men*, from a lost singular מַת, Ethiopic מת (with the sixth vowel) *man, husband*.

Here is to be noticed also other nouns with *Pattahh*, in which this vowel is substituted for *Tseri* on account of a guttural, e. g. הִכָּנַע (for הִכָּנֵע Niph. inf.), with suff. הִכָּנְעוֹ 2 Ch. 12. 12.

6. There are a few nouns ending with *Kholem pure*, in which this vowel is dropped like Tseri in this declension, as קָדְקֹד *crown of the head*, with suff. קָדְקֳדוֹ; אֶשְׁכֹּל *cluster*, pl. אֶשְׁכֹּלוֹת; צִפֹּר *bird*, pl. constr. צִפְּרֵי, though the two last may be derived from a fem. צִפֹּרֶת, אֶשְׁכֹּלֶת (according to § 30. rem. 2). In the same manner the punctuators have inflected the original plural בָּמוֹת *heights*, viz. בָּמֳתַי, בָּמֳתֶי (bamŏthim, bamŏthai).

7. תֹּבֶל is without vowel-change, prob. for תֵּיבֵל from יָבֵל.

SECTION XXXVII.—EIGHTH DECLENSION OF THE MASCULINES. (TABLE O.)

EXPLANATORY.

1. This declension embraces nouns which double the final consonant whenever a suffformative is added at the end, e. g. יָם *sea*, pl. יַמִּים; אֵם *mother*, pl. אִמּוֹת. This reduplication lies doubtless already in the character of the ground-form יָם itself, only that, according to a rule of Hebrew orthography, no such reduplication is to be expressed at the end of the word.*

2. According to the original form with Dagesh, the forms mentioned above would have had short vowels (יַמ, אִמ, כִּל), but having lost the sharpening, they are changed into long vowels, יָם, אֵם, כֹּל.† When the sharpening is now again introduced, by an accession at the end, the long vowel is again shortened, viz., *Kamets* into *Pattahh*, *Tseri* into *Hhirek*, *Kholem* (and *Shurek*) into *Kibbuts*. *Pattahh* is either retained or attenuated to *Hhirek*.

In the *constr. st.* of the singular, the vowel-change depends upon the general character of the form, e. g. עָם, constr. עַם (according to the second declension), but on the contrary אֵם, constr. אֵם (according to the seventh declension).

If the word is of more than one syllable, the penultimate vowel conforms to the principles which regulate the vowel-changes, as אוֹפָן pl. אוֹפַנִּים, גַּלְגַּל pl. גַּלְגִּלִּים, where the first syllable is immutable (according to the second declension), but on the other hand גֶּמָל pl. גְּמַלִּים, constr. גִּמְלֵי (according to the fourth declension).

3. This reduplication of the final radical is found, however, in nouns of the most heterogeneous forms; and whether or not a noun is to be inflected according to the scheme mentioned above, can seldom be known from the ground-form, though its etymology will generally decide. Etymology refers to this declension the following classes of nouns:—

(*a*) All the derivatives of the verbs ע״ע (§ 27. II), in which the geminate terminates the word,‡ e. g. תָּם, תָּמִים, תֹּם, תֻּמִּים, מָגֵן, מָעֹז, מֶסַב, חֹק, חֵן, גַּן, No. 10. רַב, No. 14. and the primitives which follow the same analogy, יָם *sea*, אֵשׁ *fare*, גַּג *roof*.

(*b*) Many contracted forms in which נ is assimilated in the final letter. E. g. אַף (for אַנְף) *wrath*, with suff. אַפִּי; בַּת (for בַּנְת) *daughter*, with suff. בִּתִּי; תֵּת (for תֶּנְת) *to give*, תִּתִּי; אֱמֶת (for אֱמֶנֶת) *truth*, אֲמִתִּי; חֵךְ (Arab. חנך) *palate*, חִכִּי; עֵז (Arab. עזז) *goat*, pl. עִזִּים.

(*c*) Derivatives from the regular verb (§ 26) of the following forms: No. 1. עָצָב *idol*, pl. עֲצַבִּים; קָטֹן *small*, fem. קְטַנָּה. No. 5. חָרוּל *nettle*, pl. חֲרִלִּים; No. 6. שַׁבָּת *sabbath*, with suff. שַׁבַּתּוֹ. No. 10. זְמַן *time*, לֶשַׁד *juice*, אֲשֻׁבָּב *window-lattice*, אֲשְׁמַנִּים *darkness*. No. 14. מַחְשָׁךְ *darkness*, מַחְמָד *loveliness*, מִשְׁגָּב *height*, מִשְׁמָן *fatness*, מִשְׁפַּת *destruction*, מַאֲמָץ *strength*, &c. No. 20. אוֹפָן *wheel*. No. 21. אָדֹם *red*, pl. אֲדָמִים; נָקֹד *spotted*, pl. נְקֻדִּים. No. 22. שַׁאֲנָן *quiet*, pl. שַׁאֲנַנִּים. No. 34. גֶּבֶן, pl. גַּבְנֻנִּים *summits*. Finally, several quadriliterals, as עַקְרָב *scorpion*, pl. עַקְרַבִּים; חַרְטֹם *magician*, pl. חַרְטֻמִּים; גַּרְזֶן *axe*, with suff. גַּרְזְנִי. Primitives of the forms mentioned are, גָּמָל *camel*, שָׁפָן *coney*, מוֹרָג *threshing instrument*, pl. מוֹרָגִים.

4. Here also are to be noticed other derivatives from irregular verbs of the following forms: (*a*) like עָנִי *afflicted*, pl. עֲנִיִּים, for עָנְיִי (after the form קָטֹיל); (*b*) אִי *island*, pl. אִיִּים; עִי *heap*, pl. עִיִּים, for עָוִי, עָוִי (the geminate Yod properly stands for וי); קָו *cord*, with suff. קָוָּם (from קוה, קוו, properly for קְוִוּ). Finally, several patronymic and gentilic nouns terminating in יִ־, as לֵוִי, pl. לְוִיִּים, כּוּשִׁי, pl. כּוּשִׁיִּים, (on the contrary יְהוּדִי has the pl. יְהוּדִים *Jews*).

* Comp. אַף *anger* for אַנְף, (aff) וַיֵּצְוּ, אַנְף for וַיֵּצְוּ (y'tzavv) &c.

† Comp. בָּרְךָ for בָּרַךְ, בִּרְכִי for בָּרַךְ, בִּרְכִי for בָּרַךְ, בָּרְכִי for בָּרַךְ, יָגֵל for יָגְל.

‡ In others, where the geminate stands in the middle, as חַלּוֹן, מְגִלָּה, the reduplication has already been effected on account of the terminations ־ָה, ון.

REMARKS.

1. Some nouns of the form אַם take *Pattahh* before the accession, as בֵּן *pedestal*, with suff. בֵּנוֹ (from בֶּנְ); עֵת *time*, with suff. עִתִּי, but with ה parag. עַתָּה *at this time, now.*

2. The nouns of the form חֹק generally have *Makkeph* in the *constr. st.*, and thence *Kamets-hhatuph* for their vowel, e. g. כֹּל *all*, כָּל; רֹב *multitude*, רַב־; עֹז *strength*, עָז־.

Before the suffixes which begin with a vowel, *Kamets-hhatuph* occurs also, though but seldom, as עָזִּי Ex. 15. 2; Ps. 118. 14; but more frequently before the suffixes ךָ, כֶם, כֶן, as עָזְּךָ Ex. 15. 13; Ps. 21. 2 (also עֻזְּךָ Ps. 63. 3), where, however, *Kibbuts* is not unfrequent, e. g. כֻּלְּכֶם.

Instead of Kibbuts, *Shurek plene* is sometimes found, as עוּזֵנוּ Ps. 81. 2, comp. § 10. rem. 5.

3. According to paradigm מַד (lett. e) are inflected, סַף *threshold*, pl. סִפִּים; פַּת *morsel*, pl. פִּתִּים; בַּז *spoil*, גַּלְגַּל *wheel*, מוֹרֶג *threshing instrument*, חַת *fear*; מֶסַב *divan*, with suff. מְסִבּוֹ. מוֹרִיגִים 1 Ch. 21. 23, is written *in full* for מוֹרְגִים from מוֹרֶג.

Nouns having *Segol* in the final syllable follow the same analogy, בַּרְזֶל, בַּרְזְלוֹ; גַּרְזֶן, &c. All others with *Pattahh* retain this vowel in the inflexion.

4. Some of the derivatives from ע״ע, with the preformative מ (from No. 14) do not shorten Kamets under מ, e. g. מָעוֹז *fortress*, pl. מָעֻזִּים; מָסָךְ *covering*, constr. מָסַךְ; מָגֵן *shield*, with suff. מָגִנִּי, pl. מָגִנִּים.

5. Some few nouns are, in different passages, inflected either with or without Dagesh, which in some instances may be ascribed to a mere inconsistency of the punctuators. E. g. אֵת *ploughshare*, whence אִתּוֹ, אִתִּים 1 Sa. 13. 20, 21 (in several MSS. even איתו, איתים), but also אִתִּים Is. 2. 4; Joel 4. 10; מַעֲדַנִּים *dainties*, Je. 51. 34, and מַעֲדָנִים Pr. 29. 17; Ge. 49. 20, comp. מַעֲדָנוֹת Job 38. 31; נִכְבָּדִים *honourable*, Nu. 22. 15, with suff. נִכְבָּדֵיהֶם Ps. 149. 8, but also נִכְבַּדֵּי Is. 23. 8, 9; Pr. 8. 24; נִכְבַּדֵּיהָ Na. 3. 10; כַּרְמֶל *fruitful field* also pr. name), with suff. כַּרְמְלוֹ 2 Ki. 19. 23, but gentile noun כַּרְמְלִי 1 Sa. 30. 5; 2 Sa. 23. 35. Especially fluctuating in the inflexion is ־ִי in the patronymic and gentilic nouns, as יְהוּדִי, pl יְהוּדִים and יְהוּדִיִּם.

In some cases the signification is affected by this difference of inflexion, עֲרֻמִּים *naked* (from עָרוֹם), Job 22. 6, and עֲרוּמִּים *wise*, Job 5. 12; so also the particle אֵת, whence אוֹתִי *me*, and אִתִּי *with me*.

6. The noun חַי *living*, *life*, from חָיָה is inflected in the same manner, e. g. pl. חַיִּים, fem. חָיָה, with this difference, that it is contracted in the constr. state of the singular to חֵי. So also דַּי *sufficient*, constr. דֵּי with suff. דַּיּוֹ דַּיִּי.

7. When the geminate letter is a guttural or ר, the omission of the Dagesh is compensated by lengthening the preceding vowel. E. g. שַׂר *prince*, with suff. שָׂרוֹ (for שַׂרּוֹ), pl. שָׂרִים, but with grave suff. שַׂרְכֶם. There are, however, a few exceptions as regards ר, e. g. שָׁרְרֵךְ *thy navel*, Eze. 16. 4, from שׁוֹר. Others have the so called *Dagesh forte implicit.*, e. g. לַח *fresh* pl. לְחִים (for לַחִּים); אָח *brother*, pl. אַחִים; מִבְטָח, with suff. מִבְטַחוֹ, pl. מִבְטָחִים.

SECTION XXXVIII.—NINTH DECLENSION OF THE MASCULINES. (TABLE O.)

EXPLANATORY.

1. This declension comprises derivatives from verbs ל״ה (§ 27. V) which terminate in ־ֶה, as No. 2. יָפֶה *beautiful*; No. 4. רֹאֶה *seer*; No. 11. קָצֶה *end*; רֵעֶה *friend*; No. 14. מַרְאֶה *appearance*; from Pilel נָאוֶה *comely* (§ 24. rem. 22); finally, the primitives analogous to the above, as שָׂדֶה *field*.

2. The first syllable is treated according to the nature of its form; ־ָה, however, undergoes the following changes:—

(*a*) In the constr. state of the singular it becomes ־ֵה.

(*b*) Before any of the afformatives it is entirely dropped.

REMARKS.

1. The original termination ־ַי for which ־ֶה is substituted* is often restored, and affects the inflexion of the word. Thus, with suff. מְכַסָּיִךְ (sing. *thy covering*, which might also be expressed by מְכַסֵּךְ),

* As יִגְלֶה prop. for יִגְלַי, מַרְאֵה for מַרְאַי, comp. שָׂדֶה, poet. שָׂדַי, Gesen. gram. § 42. 2; comp. also above, § 24. r. ה ה ג

Is. 14. 11; מִקְנֶיךָ Is. 30. 23; מַרְאֵיכֶם (almost universally, though erroneously, taken for the plural), Ca. 2. 14; מַרְאֵיהֶם, מַרְאֵיהֶן Da. 1. 15; Eze. 1. 5. In the plural מְמֻחִים from מְמֻחָה for מְמֻחַי Pual part., Is. 25. 6 (Ges. Gram. § 90. 9).

2. To this declension is properly to be referred the plural שְׁמַיִם (from a singular שָׁמַי, comp. rem. 1), constr. שְׁמֵי, with suff. שָׁמֶיךָ. The form שְׁמַיִם is only an apparent dual, but is a plural in fact, on account of the final י, like גּוֹי which makes the plural גּוֹיִם (not גּוֹיִם), מַי pl. מַיִם, which latter has likewise the dual form, comp. Lehrg. p. 537.

3. In a few instances ־ָה is retained even before a genitive, e. g. רֵעָה הַמֶּלֶךְ *friend of the king*, 1 Ki. 4. 5; מִשְׁנֵה שִׁבָּרוֹן *double destruction*, Je. 17. 18.

SECTION XXXIX.—VOWEL-CHANGES IN THE FORMATION OF FEMININE NOUNS.

EXPLANATORY.

1. A substantive or adjective feminine is formed from its corresponding masculine, by appending either of the two terminations ־ָה and ־ַת (with gutturals ־ָת). Where the one or the other termination is used, and how the masculine is thereby modified, especially with respect to the vowels, has already become evident from the examples given in § 26 and 27, being everywhere accompanied by the corresponding feminine forms; a closer consideration, however, of the general analogy of this formation is still necessary in this place.

2. The termination ־ָה is more general than ־ַת (־ָת), since, in most cases, the latter occurs only in connection with the other, and is commonly used for the *constr. state*, because ת with Pattahh or Segol affords a convenient transition to the following word. E. g. מַמְלָכָה and מַמְלֶכֶת *kingdom*, מִשְׁפָּחָה and מִשְׁפַּחַת *family*, אַשְׁמוּרָה and אַשְׁמֻרַת *night-watch*, the latter invariably as the *constr. state*. With the participles, however, and certain infinitives, the termination ־ֶת is, on the contrary, more commonly in use, e. g. קְטֹלֶת is more frequent than קְטֹלָה, לֶדֶת more frequent than לֵדָה. In like manner the feminine of nouns terminating in ־ֵי is seldom ־ָיָה, but frequently ־ַיִת (for ־ָיֶת). The latter termination, however, is very seldom appended to words which have a quiescent letter, especially ־ֵי, וֹ, in the final syllable, e. g. צְדִיק, עָצוּם.

3. The termination ־ָה appended to a masculine noun effects the tone of the word, and consequently its vowel, in the same manner as the light suffixes beginning with a vowel (§ 28. No. 21). The following are examples of the formation of feminines in the several declensions:—

Decl.			fem.	
1.	סוּס	*horse*	סוּסָה	*mare*
	תַּחְתּוֹן		תַּחְתּוֹנָה	*lower*
2.	מוֹצָא		מוֹצָאָה	*origin*
3.	גָּדוֹל		גְּדוֹלָה	*great*
	עָצוּם		עֲצוּמָה	*mighty*
	בָּרִיא		בְּרִיאָה	*fat*
	מֵקִים		מְקִימָה	*raising*
4.	נָקָם		נְקָמָה	*vengeance*
5.	זָקֵן	*old man*	זְקֵנָה	*old woman*
6.	מֶלֶךְ	*king*	מַלְכָּה	*queen*
	גֶּבַע		גְּבָעָה	*hill*
	אֹמֶר		אִמְרָה	*word*
	עֵגֶל	*vitulus*	עֶגְלָה	*vitula*
	אֹכֶל		אָכְלָה	*food*
	חָזָק		חָזְקָה	*strength*
	עָוֶל		עַוָּלָה	*wrong*
	צַיִד	*hunting*	צֵידָה	*game, provision*
7.	אֹרֵחַ	*traveller*	אֹרְחָה	*caravan*
	מוּקָד		מוּקְדָה	*burning*
	דַּע		דֵּעָה	*knowledge*
8.	תֹּם		תַּמָּה	*innocent*
	נֵץ		נְצָה	*flower*
	בֵּן		בַּנָּה	*pedestal*
	חֹק		חֻקָּה	*law*
	בַּז		בִּזָּה	*spoil*
	גַּן		גִּנָּה	*garden*
	שַׂר	*prince*	שָׂרָה	*princess*
9.	יָפֶה		יָפָה	*fair*
	מַרְאֶה		מַרְאָה	*appearance.*

REMARKS.*

On Declension 3.

1. In some few words וֹ of the final syllable is changed in the feminine into וּ (comp. § 32. rem. 5). E. g. מָתוֹק *sweet*, fem. מְתוּקָה; מָלוֹן *lodging*, fem

* The reader, when directed to the remarks of this section, should bear in mind that there are other remarks, besides these after No. 4.

מְלוּנָה; מָנוֹחַ *rest*, fem. מְנוּחָה; מָנוֹס *flight*, fem. מְנוּסָה; מָצוֹר *fortress*, fem. מְצוּדָה.

2. An example of *Kamets pure* in the first syllable is בָּגוֹדָה Je. 3. 7, 10, comp. § 32. rem. 1.

On Declensions 4 & 5.

3. The forms קָטֶל and קָטֶל have sometimes feminines which seem to be derived from *Segolate forms*, which, from their close relation, is quite natural. E. g. יָעֵל, fem. יַעֲלָה (not יְעֵלָה) *wild goat*, יָעֵן, fem. יַעֲנָה *ostrich*; יָרֵךְ, fem. יַרְכָּה *thigh*;* שָׂעָר, fem. שַׂעֲרָה *hair*.

On Declension 7.

4. *Tseri* of the final syllable is even more frequently retained here than in the accession of the suffixes (§ 36. rem. 4). As עֵץ *wood*, fem. עֵצָה (collect.); מַשְׁעֵן *stay*, fem. מַשְׁעֲנָה; especially so with the participles, as בֹּגֵדָה *treacherous*, Je. 3. 8, 11; יוֹלֵדָה *bearing*, Is. 21. 3; נֹטֵרָה *watching*, Ca. 1. 6; סֹרֵרָה *rebellious*, Ho. 4. 16; זוֹלֵלָה *despised*, La. 1. 11; אֹכְלָה *eating*, Is. 30. 30 (but also אֹכְלָה De. 4. 24); בֹּעֲרָה *burning*, Is. 34. 9 (but בֹּעֲרָה ch. 30. 33); שֹׁמֵמָה *desolate*, Is. 54. 1; שֹׁקֵקָה *eager*, Ps. 107. 9; Piel מְשַׁכֵּלָה *miscarrying*, Ex. 23. 26; מְכַשֵּׁפָה *sorceress*, Ex. 22. 17; מְרַקֵּדָה *dancing*, Na. 3. 2; Hithp. מִתְנַכְּרָה *feigning a stranger*, 1 Ki. 14. 5, 6.

4. The penultimate vowel is affected in the same manner (No. 3) when the feminine termination תֶּ֫ (ָ֫ת) is employed, e. g. עֲטֶרֶת, עֲטָרָה *crown* (from masc. עֲטָר); עָקָר *barren*, fem. עֲקָרָה; חָבֵר *companion*, fem. חֲבֶרֶת; but remains immutable in declensions 2 and 7. as חוֹתָם fem. חוֹתֶמֶת, קֹטֶל fem. קְטָלָה. The final vowel is also affected in several ways, viz.:—

(*a*) *Kamets* and *Pattahh* are both changed to *Segol* (like מֶלֶךְ for מַלְכָּ֫, מַלְכָּ֫), e. g. כְּשָׁפִים *staff*, fem. מִשְׁעֶנֶת.

(*b*) *Tseri* is retained in some words, in others it is changed to *Segol*, e. g. חֲמֵשׁ *five*, fem. חֲמֵשֶׁת; גֶּדֶר *wall* fem. גְּדֵרָה; inf. לֶד *to bear*, fem. לֶדֶת.

(*c*) תֶּ֫, employed when a word ends with a guttural, changes the preceding *Kamets* or *Tseri* to *Pattahh*, as מוֹדָע fem. מוֹדַעַת *acquaintance*; דַּעַת fem. דַּעַת *knowledge*; נָחַת *rest*, שַׁחַת (perhaps from masculines שַׁחַ, נָחַ).

(*d*) In the few examples which admit of this termination, though they have an *immutable* vowel (ָ֫, ִי, ֻ, וּ) in the final syllable (comp. No. 2), this vowel is exchanged for its corresponding mutable one, as אִישׁ, fem. אִשָּׁה (for אִישֶׁת); שַׁלִּיט, fem. שַׁלֶּטֶת *imperious*, Eze. 16. 30; מַקְטִיל, fem. מַקְטֶלֶת (§ 11. rem. 8); גְּבִיר *master*, fem. גְּבֶרֶת (but also גְּבִירָה); בּוּשׁ *shame*, fem. בֹּשֶׁת (with suff. בָּשְׁתִּי); נְחוּשָׁה and נְחֹשֶׁת *brass*; שָׁלוּשׁ, fem. שָׁלֹשֶׁת and אַשְׁמוּרָה *night-watch* (from a masc. אַשְׁמוּר); and אִשְׁמֶרֶת however, in Le. 5. 21, ִי has remained unchanged, and so in the pr. name תַּחְנֻחִימֶת 2 Ki. 25. 23, Je. 40. 8.

The like feminines most probably existed from צָנוּר and צִפּוֹר, viz. צִפֹּרֶת, צִנֹּרֶת, which accounts for the plurals צִנֹּרִי, צִפֳּרִים § 30. rem. 1 & 2. This gives rise to another three Segolate forms for the declension of the feminines, like מֶלֶךְ, סֶפֶר, קֹדֶשׁ, viz. קְדֹשֶׁת, אֶשֶׁת, קְטֹלֶת.

When the word terminates in a quiescent vowel-letter, the *Segol*, as a toneless vowel, is entirely dropped, hence חַטֹּאת *sin*, for חַטֹּאאת (from חַטָּא), עִבְרִית for עִבְרִיִת.

REMARKS.†

I. On the Termination תֶּ֫.

1. This termination is not generally appended to masculine nouns of the eighth declension which have the final letter doubled, but where this does take place, the reduplication of the last radical is omitted. E. g. אַדְמֹנִי *reddish*, pl. אַדְמֹנִים Le. 14. 37, but fem. אַדְמֶדֶּת Le. 13. 19; קַשְׂקַשִּׂים *scales*, 1 Sa. 17. 5, but fem. sing. קַשְׂקֶשֶׂת, whence the plural קַשְׂקְשׂוֹת Eze. 29. 4. The same analogy exists in the feminines of the patronymics, gentilics, and ordinals terminating in ִי־, which are inflected יָה־, and ִית־ by solving the reduplication. E. g. מוֹאָבִיָּה Ru. 4. 5, and מוֹאָבִית 2 Ch. 24. 26, *a Moabitish woman*; אֲרַמִּיָּה *Syrian woman* 1 Ch. 7. 14, and אֲרַמִּית *in the Syrian language*, 2 Ki. 18. 26; שְׁלִישִׁיָּה Is. 15. 5, and שְׁלִישִׁית *third*; and in like manner the cardinal numerals חֲמִשָּׁה and חֲמֵשׁ *five*, שִׁשָּׁה and שֵׁשׁ *six*.‡

2. Where the Hebrew has the Segolate termination (ֶת֫) the Aramaean has usually (ַת֫), as מַלְכָּ֫, מַלְכָּ֫. The like Syriacism is found here in the feminine termination, as שְׁאֵת for שְׂאֵת *to bear*; בַּשְׁאֵת for בִּשְׂאֵת

* In this word, however, there appears to be a twofold derivation, viz. יְרֵכָה (with suff. יְרֵכְתּוֹ, du. יַרְכָתַיִם) from יֶרֶךְ; and יַרְכָּה (whence du. יַרְכָּתַי) from the Segolate form יַרֵךְ, the constr. of יָרֵךְ.

† For other remarks in this section see above, after No. 3.

‡ This accounts for the plural termination וֹת־ used for the nouns of ִית־ as עִבְרִית pl. עִבְרִיּוֹת), namely, an original form of יָה־ must likewise be supposed as the ground-form, comp. Ges. Lehrg. § 124. 3.

gift; מִצְאָת for מְצָאָת *finding*, invariably, as it appears, when the last radical is א.

3. The reverse of the inflexion just mentioned is that of the Arabic, which has (־ֶ) instead of (־ַ) as מַלְכָּה for מֶלֶךְ. A similar form in the Hebrew is יֹלֶדֶת *bearing*, for יֹלֶדֶת Ge. 16. 11; Ju. 13. 5.

II. IN GENERAL.

4. The vowels are shortened in the same manner when the formative syllables ־ִי, ־וֹן, ־ָן, ־וּת are appended, as when the termination ־ָה is appended, which affords the explanation for the vowel-changes of § 26. Nos. 15, 16, &c.

5. Finally, it is to be observed that, since there are not masculines extant for every feminine, it is often doubtful to which class a certain feminine is to be referred. Thus, for instance, there is an entire want of masculine forms corresponding to the feminines of וּת; there can, however, be no doubt that they must have ended in ו.

SECTION XL.—ON THE DECLENSION OF THE FEMININE NOUNS IN GENERAL

The declension of these nouns is much more simple than that of the masculines, since the addition of the feminine termination has already occasioned a shortening of the vowels. In the plural no distinction is made between the *light* and *grave* suffixes, both being appended to the *constr. state*. The inflexion of the feminine nouns is best exhibited in four declensions (comp. the note to the following section).

SECTION XLI.—TENTH DECLENSION, OR THE *FIRST* OF THE FEMININES.* (TABLE O.)

EXPLANATORY.

1. This declension, like the first of the masculines, has no vowel-change, and is inserted merely for the sake of comparison.

2. After what has been said, it is hardly necessary to point out the nouns belonging to this declension, viz. the feminines terminating in ־ָה from the masc. dec. 3. גְּדוֹלָה, 7. קְטֹלָה, 8. חַקָּה, בְּצָרָה, תַּמָּה.

SECTION XLII.—ELEVENTH DECLENSION, OR THE *SECOND* OF THE FEMININES. (TABLE O.)

EXPLANATORY.

1. To this declension belong those nouns which have a *pure Kamets* or *Tseri* before the feminine termination ־ָה. Such are the following derivatives from the regular verb (§ 26), the feminine forms of Nos. 1. as נְבָלָה *foolish*, חֲכָמָה *wise*; 2. לְבֵנָה *brick*; 4. תּוֹעֲבָה *abomination*; 12. נְקֹמָה *vengeance*; 14. מַמְלָכָה *kingdom*, מַצֵּבָה *pillar*; 17. נִפְלָאָה *wonder*; also the following derivatives from the regular verbs (§ 27) are, e. g. from פ״י, Nos. 10. עֵצָה *counsel*, חֵמָה *wrath*; 14. מוֹעָצָה *counsel*; from ל״ה, Nos. 2. יָפֶה *fair*; 11. בֹּרָה *pit*; 12. כְּלָה *destruction*; consequently the feminine forms from dec. 2, 4, 5, 9.

2. This inflexion is analogous to that of the second declension of the masculines, whether the vowel is *Kamets* or *Tseri*. When Sheva precedes the terminations ־ָה, ־ֶה, ־ָה, as in paradigm c, the two Shevas of the shortened form (צְדָקַת) are combined in one syllable, צְדָקַת.

3. The following are regular exceptions, in which (־ַ) and (־ֶ) are *immutable*, either as being *impure* vowels, or as standing in sharpened syllables with Dagesh, *syllaba dagessanda*:—

Of the derivatives from the regular verb (§ 26), the feminine forms of Nos. 6. יַבֶּשֶׁת *dry land*; 13. חֲשֵׁכָה (for חֲשֶׁכָה) *darkness*, and several others; בַּקָּשָׁה *request*, נְאָצָה *reproach*,† פְּרָשָׁה (for פְּרִשָׁה) *exposition*; 28. אַזְכָּרָה *memorial*; also from פ״ן, as הַצָּלָה *deliverance*, הַכָּרָה *a knowing*; and so all the

* Gesenius gives two separate tables: one for the masculines, consisting of nine declensions, and another for the feminines, consisting of four. For the sake of convenience, we have given both in one table, making together *thirteen* declensions; here, however, in the explanations, where they must necessarily be kept distinct, we have in this manner contrived to point out both orders.

† נְאָצָה with *Dagesh forte implicit.* for נַאֲצָה, *Pattahh* is changed to *Segol* before the *guttural* with *Kamets*, comp. אָח § 45, also § 37. rem. 7 and § 14. rem. 3.

feminines whose geminate letter is a guttural, on account of which it cannot be doubled, and are therefore preceded by ◌ֲ or ◌ֳ; e. g. (§ 27) Nos. 1. צָרָה *enemy* (from צָר), רָעָה *evil* (from רַע), בָּרָה *pure* (from בַּר); 2. גֵּרָה *rumination* (from גָּרַר); 14. מְאֵרָה *curse* (from אָרַר), מְגֵרָה *a saw* (from גָּרַר); so also derivatives from ע״י and ע״ו (whose Kamets and Tseri are invariably *impure*), as Nos. 1. זָרָה *strange*, קֹמָה *height*; 2. עֵדָה *witness*; and finally, derivatives from ל״א, No. 2. מְלֵאָה *full*, טְמֵאָה *unclean*.

REMARKS.

I. On the form with ◌ָה.

1. Forms of parad. c, when their first or second letter is a guttural, take in the shortened form either ◌ֲ or ◌ֳ; e. g. חֲכָמָה *wise*, pl. c. חֲכָמוֹת; עֲגָלָה *waggon*, with suff. עֲגָלָתוֹ; זְעָקָה *cry*, constr. זַעֲקַת.

2. In a small number of derivatives from כ״ה Kamets of the penultima is immutable, as תְּלָאָה *travail* (from לָאָה), תְּעָלָה *aqueduct* (from עָלָה), אָלָה *oath*, with suff. אָלָתִי, אָלָתוֹ Ge. 24. 41; De. 29. 11; מָנָה *portion*, whence מְנוֹתַיִךְ Est. 2. 9 (but sing. constr. מְנַת Je. 13. 25); הָרָה *pregnant*, whence הָרוֹתַיִךְ 2 Ki. 15. 16; הָרוֹתֵיהֶם 2 Ki. 8. 12 (but sing. constr. הַרַת Je. 20. 17); יָפָה *fair*, with suff. יָפָתִי Ca. 2. 10, 13 (elsewhere constr. יְפַת, pl. יְפוֹת).

3. An irregularity similar to the preceding is found in the word קְעָרָה *dish*, of which the pl. constr. is קַעֲרוֹת, and yet with suff. קְעָרוֹתָיו.

II. On the form with ◌ָת.

4. By far the greater number of this class of nouns retain the Tseri in the inflexion, and but few occur with *mutable Tseri* besides those given in No. 1 of this section, viz., אֶשְׁדָּה *outpouring*, pl. constr. אַשְׁדוֹת; שְׂדֵמָה *field*, pl. constr. שַׂדְמוֹת; בְּהֵמָה *cattle*, constr. בַּהֲמַת, pl. בַּהֲמוֹת; comp. also שְׁאֵלָה, with suff. שְׁאֵלָתִי. With *immutable Tseri* are, אֲבֵדָה *something lost*, גְּזֵלָה *robbery*, אֲפֵלָה *darkness*, בְּרֵכָה *pool*, גְּנֵבָה *something stolen*, מֵרֵרָה *gall*, שְׂרֵפָה *burning*, תְּאֵנָה *fig*; from (§ 26) No. 14. מַהֲפֵכָה *overthrow*, מַגֵּפָה *plague*, &c.

With some nouns both the contracted and uncontracted forms are found to consist together, as נְבֵלָה *dead body*, whence נִבְלָתִי, but constr. נִבְלַת, with suff. נִבְלָתוֹ Le. 5. 2; De. 21. 3; שְׁאֵלָה *request*, whence שְׁאֵלָתִי 1 Sa. 1. 27, and שְׁאֵלָתִי Job 6. 8; גְּדֵרָה *wall*, pl. גְּדֵרוֹת 1 Sa. 24. 4, but pl. with suff. גְּדֵרוֹתָיו Ps. 89. 41.

III. In General.

5. Several nouns of both the foregoing forms take in the constr. st., and before suffixes, the secondary Segolate form ◌ַת, ◌ֶת, a case similar to that of the masculines (§ 34. No. 2), as the following examples show:—

מַמְלָכָה *kingdom*,	constr.	מַמְלֶכֶת,	with suff.	מַמְלַכְתִּי
מִשְׁפָּחָה *family*	„	מִשְׁפַּחַת	„	מִשְׁפַּחְתִּי
מְלָאכָה *work*	„	מְלֶאכֶת	„	מְלַאכְתִּךָ
מֶרְכָּבָה *chariot*	„	מַרְכֶּבֶת	„	מֶרְכַּבְתּוֹ
מֶמְשָׁלָה *government*	„	מֶמְשֶׁלֶת	„	מֶמְשַׁלְתּוֹ
מִלְחָמָה *war*	„	.....	„	מִלְחַמְתִּי
תִּפְאָרָה *ornament*	„	תִּפְאֶרֶת	„	תִּפְאַרְתּוֹ

Comp. also עֲטָרָה, constr. עֲטֶרֶת *crown*; דְּבֵלָה, constr. דְּבֶלֶת *a lump of figs*; נֶחֱרָצָה *determined*, constr. נֶחֱרֶצֶת; גְּבִירָה *mistress*, constr. גְּבֶרֶת; לְהָבָה *flame*, constr. לַהֲבַת; אֲיָלָה, constr. אַיֶּלֶת *hind*; בְּהֵמָה *cattle*, with suff. בְּהֶמְתֶּךָ, בְּהֶמְתֵּנוּ, and of the numerals אַרְבָּעָה constr. אַרְבַּעַת *four*, עֲשָׂרָה constr. עֶשְׂרֶת *ten*.

Several of these, e. g. תִּפְאֶרֶת, אַיֶּלֶת, occur also in the absolute state, which is sufficient warrant that the Segolate is a ground-form; the latter, however, is so frequently used as the construct in connection with the form ◌ָה, that constructs like תִּפְאַרַת, אַיֶּלֶת do not occur any longer.

SECTION XLIII.—TWELFTH DECLENSION, OR THE *THIRD* OF THE FEMININES. (Table O.)

1. To this declension belong the feminines derived from the Segolate form of the regular verb (§ 26. No. 11), or of the irregular verbs, as long as this form is unaffected by the irregularity, e. g. from פ״י, as יַלְדָּה *maiden*, and ל״ה, as שַׁלְוָה *rest*, רַעְיָה *companion*; hence the feminines from the masculine forms of declension 6.

2. The inflexion is analogous to that of the masculines, and is especially distinguished by the peculiar formation of the plural, for which see explanation § 35. No. 2 c.

3. There are other nouns resembling this in form, but as they are not feminines derived from the Segolate forms, they do not belong to this declension, especially derivatives from ל״ה like מִצְוָה *commandment* (from צָוָה), מִרְמָה *deceit*, &c., which form their plural without any vowel-change מִצְוֹת, מִרְמוֹת.

REMARK.

There are a few words which deviate from the paradigm, in having their middle Vav *moveable* in the ground-form, but *quiescent* in the shortening; as עַוְלָה *wickedness*, with ה parag. עַוְלָתָה Job 5. 16, pl. עוֹלוֹת Ps. 58. 3; 64. 7; לְוָיָה *garland*, pl. לְיוֹת 1 Ki. 7. 29, 30, 36.

SECTION XLIV.—THIRTEENTH DECLENSION, OR THE *FOURTH* OF THE FEMININES. (TABLE O.)

I. To this declension belong the feminines formed by the addition of the feminine termination תֶ֫ or תַ֫ (§ 39. Nos. 2 & 3). They are properly Segolate forms, and as such correspond in the inflexion to the masculine Segolates.

2. Their inflexion is,

(*a*) In the singular, in every respect the same as that of the masculines. There is, therefore, no change of vowels in the constr. state, and before the suffixes *Segol* of the penultima is changed to *Pattahh* (and *Hhirek*), *Tseri* to *Hhirek*, *Hholem pure* to *Kamets-hhatuph*, like in מֶלֶךְ (מֶ֫לֶךְ), סֵ֫פֶר, קֹ֫דֶשׁ.

(*b*) In the plural there exists this peculiarity, that the vowel preceding the final Segol (or Pattahh) is dropped even in the absolute state; the form תֶ֫, however, either leaves some trace behind in the vowel (ִי), as שִׁבְלִים, pl. שִׁבֶּ֫לֶת, as in the paradigm, or is entirely dropped, as גְּלֻגָּלוֹת, pl. גֻּלְגֹּ֫לֶת.

These vowels are invariably *pure* and mutable, viz. (ֵי), (ֹו) (ֻו), (—) *pure*. The entire rejection of these vowels in the inflexion will be easier understood, if it is borne in mind that the terminations (ִית), (ֹות), (ֻת), are also elsewhere interchanged with (ַת), (ָה), (ֶ֫ת); (comp. § 26. Nos. 10 & 11, & § 35. rem. 10). Here also may be adduced as an instance, מַשְׂאֵת for מַשָּׂאוֹת, pl. מַשָּׂאוֹת.

REMARKS.

I. ON THE SING. WITH SUFFIX.

1. According to the paradigm, the form ending in תֶ֫ takes, before suffixes, in some words, Pattahh; in others, Hhirek. This, however, is not merely arbitrary, but depends upon the origin of the form. If the masculine from which it is derived terminates in (ֵי) or (ֶ֫), as is the case with most of them, the *Pattahh* appears in the inflexion of the feminine; but if the masculine terminates in (ֹו) or יֹ֫, the feminine takes *Hhirek* (comp. § 35. rem. 3). Thus the following are inflected:—

With *Pattahh*, e. g. מִשְׁמֶ֫רֶת *custody* (from מִשְׁמָר), מִשְׁמַרְתִּי; דֶּ֫לֶת *door* (from דַּל), comp. the examples given in § 42. rem. 5).

With *Hhirek*, all the infinitives of the verbs פ״י, e. g. שֶׁ֫בֶת *to dwell* (masc. שֶׁ֫בֶר), with suff. שִׁבְתִּי; רֶ֫דֶת *to descend* (masc. רֶ֫דֶר), רִדְתִּי; לֶ֫דֶת *to bear*, לִדְתִּי; in the same manner גְּבִ֫רֶת *mistress* (masc. גְּבִיר), with suff. גְּבִרְתִּי; מֵינֶ֫קֶת *nurse* (masc. מֵינִיק), מֵנִקְתּוֹ; זֶ֫פֶת *pitch* (masc. Chald. זִפָּא, זֵ֫פֶת), זִפְתִּי; אֶ֫מֶת contracted אֱמֶת *thrust* (masc. אֶ֫מֶן), with suff. אֲמָתּוֹ; בַּת contr. from בִּ֫נֶת *daughter* (masc. בֵּן), with suff. בִּתּוֹ for בִּנְתּוֹ.

There are, comparatively, but few examples in which the punctuation does not conform to the origin of the form. Such are, e. g. יוֹנֶ֫קֶת *sprout* (masc. יוֹנֵק), יוֹנַקְתּוֹ, and so אוֹתָ֫ת *letter*, אִוֶּ֫לֶת *folly*, מְצֻבָ֫ת *pillar*, which have Pattahh, though (according to § 26. No. 9) we must suppose them derived from masc. מַצֵּבָה, אַוִּיל, אִוֶּ֫לֶת, אֹתִי (for which comp. מַצֵּבָה). There occurs, moreover, שַׁבְתִּי *my dwelling*. Ps. 23. 6, which elsewhere is שִׁבְתִּי, comp. Ps. 27. 4.

2. Of the form (ִית) the shortening is constantly Hhirek, e. g. אִשְׁתִּי, אֶשֶׁת.

3. The forms תֶ֫ and תַ֫, which have commonly (ֶ֫) and (ַ֫) in the shortening, occur also with *Segol*, but almost exclusively before the suffix, ךָ, e. g. אֶשְׁתְּךָ *thy wife*, Ps. 128. 3; otherwise, אִשְׁתִּי, אִשְׁתּוֹ; and even אִשְׁתְּךָ Ge. 6. 18; Am. 7. 17; חֶבְרַת *companion*, חֶבְרְתְּךָ Mal. 2. 14; בְּהֶמְתְּךָ, בְּהֶמְתֶּ֫ךָ Le. 19.19; 25.7; but also בְּהֶמְתֵּנוּ Nu. 32.26; Ne. 9.37 So, finally, לֶ֫כֶת *to go*, with all the suffixes, לֶכְתִּי, לֶכְתּוֹ, לֶ֫כְתָּם, לֶכְתְּךָ.

4. The form תַ֫, besides its inflexion given in the paradigm, is in certain words also inflected with *Kibbuts*. Here, however, like in rem. 1, reference must be made to the origin of the form, viz. where the masculine has originally וֹ, the feminine takes *Kamets-hhatuph;* but *Kibbuts* when the masculine has וּ. E. g. בֻּ֫שֶׁת *shame* (from בּוֹשׁ), with suff. בָּשְׁתִּי; גֻּלְגֹּ֫לֶת *skull* (as if from גֻּלְגֹּל, with suff. גָּלְגָּלְתִּי; שְׁלֹ֫שֶׁת *three* (from שָׁלוֹשׁ). with suff. שְׁלֹשְׁתָּכֶם; but נְחֹשֶׁת

brass (masc. נְחוּשׁ, comp. the other form נְחֹשֶׁת), with suff. נְחָשְׁתִּי; and so מַשְׂכֶּרֶת *wages*, מַתְכֹּנֶת *measure*, מַחְלֹקֶת *division*, may be derived from forms like מַשְׂכּוּר. An exception is נָחְשְׁתִּי La. 3. 7.

II. ON THE FORM OF THE PLURAL.

5. The characteristic of the inflexion of the plural, which is the rejection of the vowel preceding the final syllable, may be seen in numerous examples, as אוֹת, pl. אוֹתוֹת *letters*; יוֹנֶקֶת, pl. יוֹנְקוֹת *sprouts*; מַחְלֹקֶת, pl. מַחְלְקוֹת *divisions*; גֻּלְגֹּלֶת, pl. גֻּלְגְּלוֹת *skulls*; and with (r.) צִפֹּרִים *birds* (from a fem. צִפֹּרֶת). Several nouns, however, of this class, borrow their plural from the coexisting fem. form ־ָה, ־ֶה (though this form does not actually occur), so that the vowel of the original masculine appears again in full. Such are:—כַּתָּרֶת *chapiter* (from כֹּתֶר), pl. כֹּותָרוֹת; מַאֲכֶלֶת *knife* (as if from מַאֲכָל), pl. מַאֲכָלוֹת; תּוֹכַחַת *reproof*, pl. תּוֹכָחוֹת (as if from תּוֹכֵחָה); טַבַּעַת *ring*, pl. טַבָּעוֹת (as if from מַטְבֵּעָה); מִשְׁפָּחַת *family*, pl. מִשְׁפָּחוֹת, מִקְלַעַת, pl. מִקְלָעוֹת *carved work*; מֵינֶקֶת *nurse*, pl. מֵינִיקוֹת (as if from מֵינִיקָה); מַחֲרֵשֶׁת, pl. מַחֲרֵשׁוֹת *ploughshares*. A few, however, of the form ־ֶת occur likewise with the pl. ־וֹת, e. g. עַשְׁתֹּרֶת *Astarte*, pl. עַשְׁתָּרוֹת; בַּצֶּרֶת *draught*, pl. בַּצָּרוֹת. Thus the plurals אַרְמְנוֹת *palaces*, אַשְׁכְּלוֹת *clusters*, should probably be derived from singulars אַרְמֹנֶת, אַשְׁכֹּלֶת, though only the masculines אַרְמוֹן, אֶשְׁכּוֹל occur.

Here belongs, moreover, חַטָּאת *sin*, for חַטָּאָה, pl. חַטָּאוֹת.

SECTION XLV.—IRREGULAR NOUNS.

There are several anomalous forms of inflexion chiefly occurring in single examples only, or, at the most, in very few. Most of these irregularities of inflexion consist in the derivation of the *constr. state*, or of the *plural*, not from the absolute state of the singular, but from another wholly different form.

These irregularities require the more attention, because, as in all languages, the words which they affect are those in most common use. And though most of these nouns are primitives, they nevertheless follow the analogy of verbal nouns without even their roots occurring as verbs. They follow here in alphabetical order:—

אָב, *father*, for אָבָה; as if from אָבָה (like a derivative from a verb ל״ה § 27. V. No. 2); constr. state אֲבִי (like a Segolate form from ל״ה No. 11); with light suff. אָבִי, אֲבִיךָ, אָבִיךְ, אֲבִינוּ, with grave suff. אֲבִיכֶם, אֲבִיהֶם, (from אָב). Plur. אָבוֹת (with fem. termination).

> The regular form of the constr. state, viz. אַב, occurs only in Ge. 17. 4, 5, in order to bring in the etymology of אַבְרָהָם, as in the like cases rare forms are often introduced. This form occurs also besides in several proper names, e. g. אַבְשָׁלוֹם, אַבְנֵר. The Chald. and Arab. form אֲבוּ is found, according to Khethib, in the proper name אֲבוּנַיִל 1 Sa. 25. 18.

אָח, *brother*, constr. אֲחִי with suff. אָחִיךָ, אָחִיו, אֲחֵיכֶם, plur constr. אֲחֵיכֶם, אֲחֵי. All these forms follow the analogy of verbs ל״ה, as if אָח stood for אָחָה, from אָחָה, comp. the preceding אָב. But the plur. abs. is אַחִים with *Dag. forte implicit.* (comp. § 37. r. 7), as if from אָחַח, hence אַחַי, אַחֶיךָ אַחֶיהָ, &c. But אֶחָיו, אֶחָי for אַחְיו, אַחְי, where Segol takes the place of Pattahh before the guttural ח with Kamets (חָ), comp. הֶחָזוֹן for בְּחָשׁ, כַּחָשׁ for חַחָזוֹן.

אֶחָד, *one* (for אַחַד, with *Dag. forte implicit.*, comp. the preceding אָח), constr. state אַחַד, fem. אַחַת for אַחֲדַת, אַחַדְתּ, in pause אַחַת (for אַחַת comp. אֶחָיו above). In one instance, Eze. 33. 30, it takes the form חַד by aphaeresis. Pl. masc. אֲחָדִים as if from אָחָד or אַחַד.

אָחוֹת, *sister* (contr. for אַחָוֹת from a masculine for אָחוּ, comp. חָצוֹת § 27. V. No. 13, & § 24. rem. 2). Plur. only with suff. אַחְיוֹתַי, אַחְיוֹתֶיו (from a sing. אַחְיָה, fem. of אָחִי), also אֲחוֹתַיִךְ (as if from a sing. אֲחוֹתָה fem. from אָח, אָחָה).

אַחֵר, *another*, fem. אַחֶרֶת (with *Dag. forte implicit.*); but plur. אֲחֵרִים, אֲחֵרוֹת, as if from a form אָחֵר (after dec. V).

אִישׁ *man*, a softened form from אֱנָשׁ; in the plural it has very seldom אִישִׁים, the usual form being אֲנָשִׁים (from אֱנָשׁ) constr. אַנְשֵׁי.* Comp. אִשָּׁה.

* This is true as far as the use of these forms is concerned; but it seems more natural to class together אִישִׁים with אִישׁ, אֲנָשִׁים with אֱנוֹשׁ; so that there remains the only one irregularity, that the plural of אֱנָשׁ is used for אֱנוֹשׁ. This is the order we have followed in this work, and have accordingly adopted two roots אנשׁ, and אישׁ, the latter being secondary, and softened from the former. Under אנשׁ we have put אִשָּׁה for אַנְשָׁה, plur. נָשִׁים. Under אישׁ we have put אִשֶּׁת for אִישַׁת (§ 39. 4. d).

אָמָה *maid-servant*, plur. (with ה inserted) אַמְהוֹת, אֲמָהוֹת. Comp. in Chaldee אֲבָהָן *fathers*.

אִשָּׁה *woman* (for אֲנָשָׁה fem. from אֱנָשׁ), plur. נָשִׁים by aphaeresis for אֲנָשִׁים. For אֵשֶׁת see the note under אִישׁ above.

בַּיִת *house*, constr. בֵּית, plur. בָּתִּים, with light suff. בָּתָּיו, but with grave suff. בָּתֵּיהֶם, בָּתֵּיכֶם (with Metheg). The root of this word is doubtful. It is usually derived from בּוּת, *to pass the night*, and the plur. בָּתִּים for בָּתְּתִים from a sing. בַּתַּת (after the form בִּשֶּׁת from בּוּשׁ). Or בַּיִת is supposed to be a softened form from בֶּנֶת (like אִישׁ for אֶנֶשׁ) derived from בָּנָה *to build*; plur. בָּתִּים (bottim) for בָּנְתִּים from another sing. בִּנַּת. For this plural form comp. § 35. rem. 16.

בֵּן *son* (for בָּנֶה from בָּנָה), constr. state בֶּן־, seldom בֵּן, once בָּנִי, and finally בְּנוֹ. With suff. בְּנִי, בְּנֵךְ; plur. בָּנִים (as if from בָּן, for בָּנֶה), constr. state בְּנֵי.

בַּת *daughter* (for בַּנֶת, fem. from בֵּן), with suff. בִּתִּי (for בִּנְתִּי), plur. בָּנוֹת (from the sing. בָּנָה comp. בָּנִים *sons*, pl. of בֵּן), constr. state בְּנוֹת.

גַּי *fully*, גַּיְא *valley*. The Khethib גיאות, 2 Ki. 2. 16, ought, doubtless, to be pointed גְּיָאוֹת, which is the regular plural (§ 35. rem. 12); but it is often transposed גְּאָיוֹת.

חָם *stepfather*, with suff. חָמִיךָ, and חֲמוֹת *stepmother*, comp. אָח *brother*, אֲחוֹת sister.

יוֹם *day*, with suff. יוֹמִי, dual יוֹמַיִם. Plur. יָמִים by Chaldaism יָמִין (as if from יָם for יָמֶה) constr. יְמֵי and poet. יְמוֹת.

כְּלִי *vessel*, plur. כֵּלִים (as if from כֵּל, כֵּלֶה).

כְּנָת *associate*, prop. for כְּנָאת, כְּנָאָת (§ 39. No. 4), plur. with suff. כְּנָוָתַי. As if from כְּנָוָה, comp. מָנָת

מַיִם plur. *water*, constr. state מֵי, and also מֵימֵי, with suff. מֵימֵיכֶם. The last two are regular plural forms from מַיִם regarded as a singular, like בַּיִת.

מָנָת *portion* (from מָנָה), for מְנָאת, whence plur. מָנָאוֹת and מָנָיוֹת (both with ֯ *pure*).

This inflexion is best accounted for in the following manner:—the form מָנָת=מְנָאת is derived from a masc. מָנָא, which stands for מָנִי (after the form כָּתָב § 26. No. 13). Hence מָנָאת for מְנִית, מְנָיָת. Whence the plural, but not immediately from the form מָנֹת, but from מָנָאָה, מָנָיָה, according to § 44. rem. 5, as the termination תָ֯ would lose the preceding long vowel.

עִיר *city*, plur. עָרִים (according to § 35. rem. 12), only Ju 10. 4, elsewhere עָרִים. This might indeed be taken as a contraction from עֲיָרִים; but better from עָר = עִיר, which still occurs in the proper names, e. g. עָר מוֹאָב.

עַם, with distinctive accent and with the article עָם, *people*, plur. עַמִּים, but also by Aramaism עַמְמִים, עַמְמֵי (as if from a Segolate form עַמְם).

פֶּה *mouth* (prop. for פַּאֲה, comp. שָׂה), constr. state פִּי (for פַּאִי), with suff. פִּי (my mouth), פִּיךָ, פִּיו, &c. Plur פִּים, also פִּיוֹת. Fem. פִּיָּה from פֶּה.

פֶּחָה *governor*, for פַּחָה (with Dag. forte implicit.), comp. אָחִיו under אָח), plur. פַּחוֹת, with suff. פַּחוֹתָיִךְ, but constr. state פַּחֲוַת, like the Chald. פַּחֲוָתָא.
The sing. with suff. is פַּחְתָּם Ne. 5. 14, as if from פַּח.

רֹאשׁ *head* (for רָאְשׁ Segolate form), plur. רָאשִׁים (for אָשִׁים once with suff. רֹאשָׁיו.

שֶׂה *sheep* or *goat*, for שָׂיֶה (like פֶּה), constr. state שֵׂה, with suff. שִׂיוֹ and שִׂיֵהוּ.

CHALDEE PARADIGMS.

Since the Biblical Chaldee occupies only a few chapters, viz. Ezr. 4. 8; 6. 18; 7. 12—26; Da. 2. 4—7. 21; Je. 10. 11, it needs hardly to be noticed, that but an exceedingly small number of examples can be found in the Bible itself applicable to the Chaldee paradigms But it must be remarked, that were we, agreeably to the purpose of this work, to form paradigms for the Biblical portion alone, they would not only be incomplete, but they would likewise, in a measure, misrepresent its true Chaldee character, because this portion is so replete with Hebraisms. We give, accordingly, the paradigms as they are found in Winer's Chaldee Grammar but confine our remarks to the occurrences of the Biblical portion.

SECTION XLVI.*—ON THE SUFFIXES TO NOUNS SINGULAR AND PLURAL.

REMARKS.

I. On the Suffix to Nouns Singular.

1. Instead of ־ֵהּ there is twice found ־ָא in פְּשָׁרָא *its interpretation*, Da. 4. 15; 5. 8 Kheth., but which is not recognised by the Masorites, who give ־ֵהּ in the Keri.

Appended to the words אָב, אָח, which before suffix become אֲבִי, &c., the suffixes of the 2nd and 3rd pers sing. take the forms ךָ, הִי, ָהּ; which forms do no elsewhere occur (in the Bible) as nominal suffixes E. g. אֲבוּךְ Da. 5. 11, 18; אֲבוּהִי Da. 5. 2.

2. The same forms are attached to preposition

* We continue the sections from the Hebrew to the Chaldee, for the sake of convenience to the reader

(especially such as are originally plural nouns) and to signs of cases, בְּ, לְ, מִן, &c.; as, יָתֵהּ, לִי, בִּי, &c.; as, *and his concubines*, Da. 5. 2; בְּנָוָתֵהוֹן *their companies*, כַּחֲלַקָּתֵהוֹן, פִּלְגָּתֵהוֹן Ezr. 4. 17; 6. 18.

II. ON THE SUFFIX TO NOUNS PLURAL.

3. These suffixes are regularly appended, however, only to plurals masculine. Feminines frequently take the singular suff. יְ־, ־הּ, &c. E. g. יַרְכָתֵהּ *his sides*; Da. 2. 32; וּלְחָנָתֵהּ, שֵׁנְלָתֵהּ *his wives*

4. The suffix יְהוֹ־ frequently appears abbreviated יֵהּ־; e. g. רְעִיוֹנֵהּ Da. 5. 10, comp. Da. 2. 29.

5. Prepositions, which are originally plural nouns, take the suffixes of plur. nouns; e. g. קֳדָמוֹהִי, קֳדָמַי, עֲלֵיהוֹן, עֲלוֹהִי.

	f.	קָטְלָא		מָקַטְּלָא		מַקְטְלָא	

SECTION XLVII.—ON THE REGULAR VERB. (TABLE Q.)

I. GENERAL REMARKS.

1. Forms with ◌ֻ often take ◌ַ instead; e. g.

(*a*) *Part. act.* of *Peal*, נָחֵת Da. 4. 10, 20; יָכֵל Da. 3. 17; 4. 34.

(*b*) *Pret.* of *Ithpeel*, אִתְרְחֵצוּ Da. 3. 28.

(*c*) *Pret.* of *Pael*, קַטֵּל Da. 3. 22, בָּרְכוּ Da. 2. 19.

(*d*) The *part. pass.* sometimes, though seldom, appears in a contracted form, like קְטֵל, as תְּקֵל Da. 7. 25.

2. *Preterite.* Instead of the affformative תְּ for the 3 pers. masc., sometimes appears תָּ, by a Hebraism, e. g. יְדַעְתָּ Da. 5. 22; רְשַׁמְתָּ Da. 6. 13, 14; Pael שַׁבַּחְתָּ Da. 5. 13; and even the full form חֲזַוְתָּה Da. 2. 41.

3. *Future.* The 3 pers. pl. masc. takes sometimes the termination וּ instead of וּן, as יָחִיטוּ Ezr. 4. 12.

4. In those conjugations in which א is preformative, ה is generally used instead in the Biblical Chaldee. E. g. *Ithpeel*, הִתְרְחִצוּ Da. 3. 28, for אִתְרְחִצוּ (comp. No. 1); *Ithpael*, הִתְנַדַּבוּ Ezr. 7. 15; *Aphel*, הַכְרְזוּ Da. 5. 29; so in the fut. and part., even after the characteristic prefix, as יְהַשְׁפֵּל Da. 7. 24; מְהַקְרְבִין Ezr. 6. 10. Comp. also note to Table T.

5. *Infinitive.* The Biblical Chaldee has everywhere א֫ instead of ה֫ of the Targums, a termination of all infinitives excepting Peal. E. g. הוֹבָדָה Da. 2. 12 (Aph. of אֲבַד); קַטָּלָה ver. 14; בְּקָרָה Ezr. 7. 14; הַשְׁפָּחָה Da. 6. 5. Once, however, occurs לְהַשְׁנָיָה Ezr. 6. 12.

II. ON THE SEVERAL CONJUGATIONS.

6. *Peal.* (*a*) Some verbs, especially such as are intransitive, take ◌ֵ, ◌ֶ, or even ◌ִ as the characteristic vowel of the *preterite*; e. g. בֶּאֱשׁ *to be evil*, טָאַב *to be good*, יָתַב *to sit*, עֲשִׁית *to think*. These vowels remain in those persons, where ◌ַ is usually retained; e. g. שְׁאֵלְנָא *we asked*, Ezr. 5. 9; סְלִקוּ *they went up*, Ezr. 4. 12. The 3 pers. sing. fem. also retains its vowel, as בְּטֵלַת *it ceased*, Ezr. 4. 24.

(*b*) The *future* has also in the final syllable ◌ֶ instead of ◌ַ, as תִּלְבֶּשׁ *thou shalt be clothed*, Da. 5. 16.

7. *Ithpeel.* The preformative sometimes takes אָת instead of אִת, Da. 7. 15. The final syllable takes ◌ַ instead of ◌ְ, תִּשְׁתְּבַח Da. 2. 44, comp. No. 1.

8. *Pael.* As in Hebrew, Dagesh forte is sometimes omitted when the middle radical has Sheva, comp. § 10. rem. 7.

9. *Aphel.* Hiphil (and pass., Hoph.) sometimes takes the place of Aphel in the Biblical Chaldee; comp. No. 4.

10. *Ittaphal.* The place of this conjugation, which occurs very seldom anywhere, is supplied in the Biblical Chaldee, by Hophal. E. g. Ezr. 4. 15; Da. 4. 33; 7. 11. There occurs, however, one form of this conjugation, usually taken for *Ithpeel*, viz. יִתְזִין Da. 4. 9, fut. of זוּן; but comp. § 54. rem. 3.

III. PERSONAL INFLEXION OF THE PARTICIPLE PEIL.

11. In the Biblical Chaldee a kind of *Preterite passive* tense is in use, formed by appending the affformatives of the Preterite to the participle Peil It takes the place of Ithpeel.*

	3 *m.*	3 *f.*	2 *m.*	2 *f.*	1 *c.*
Sing.	קְטִיל	קְטִילַת	קְטִילְתָּ, ◌ְתָּא	קְטִילְתְּ	קְטִילֵת
Plur.	קְטִילוּ	קְטִילָא	קְטִילְתּוּן	קְטִילְתֵּן	קְטִילְנָא

E. g. תְּקִילְתָּא Da. 5. 27, יְהִיבַת ver. 28; comp. ver. 30; 7. 4; 6. 11; יְהִיבוּ Ezr. 5. 14.

SECTION XLVIII.—UNFREQUENT CONJUGATIONS

As in Hebrew, there are here certain unfrequent conjugations, some of which are confined to particular classes of irregular verbs.

(*a*) *Poel* and *Ithpoal*, especially in verbs ע״ע; the characteristics are the same as in the Hebrew. E. g. מְסוֹבְלִין Ezr. 6. 3.

(*b*) *Palel* and *Ithpalel* in verbs ע״ו; e. g. רוֹמֵם Da. 4. 34 הִתְרוֹמֵם (for אִתְּ) Da. 5. 23

(*c*) *Shaphel* and *Ishtaphal*; e. g. שַׁכְלֵל Ezr. 4. 12; יִשְׁתַּכְלֵל Ezr. 4. 13; שֵׁיצִיא Ezr. 6. 15, is Shaphel from יְצָא.

(*d*) Altogether peculiar is the verb שֵׁיזִיב (שֵׁיזֵיב) Da. 3. 28. Fut. יְשֵׁזִיב ver. 17. Inf. שֵׁיזָבוּת ibid. Part. מְשֵׁיזִיב Da. 6. 28. Passive אִשְׁתֵּיזִיב in the Targum Ge. 32. 30.

* In the Targums *both participles* are inflected by the addition of pronominal fragments, which forms there the present tense; as קְטִילְנָא *I slay*, קְטִילְנָא *I am slain*.

SECTION XLIX.—VERBS WITH GUTTURALS.

1. The gutturals (א, ה, ח, ע, and in part ר) present the same peculiarities as in Hebrew. It will be sufficient, therefore, to give examples of the most important forms.

2. *Verbs Pe guttural.* *Peal* pret. עָבַד f. עַבְדַת 1 c. עַבְדֵת; imp. עֲבֵד, עַבְדִי; inf. מֶהֱדַר, מֶעְבַּד (comp. § 13 rem. 1, 2, 3, 4); fut. יֵעֱרֹךְ, יֶחֱזוֹר (§ 139. 4); participles עָבֵד, עָבִיד. *Ithpeel* אִתְעֲבַד. *Pael* pret. עַבַּד; fut. יְעַבַּד. *Ithpaal* אִתְעֲבַד. *Aphel* pret. אַחְרִיב, אַחְסֶן, אַעֲבַד; fut. יַחֲפֵּס; part. מַחְלַף.

3. *Verbs Ayin guttural.* *Peal* pret. בְּחַן; imp. בְּחַן; inf. מִבְחַן; fut. יִבְחַן; part. בָּחִין, בָּחַן. *Ithpeel* אִתְבְּחַן, אִתְבְּחִין. *Pael* חָרֵשׁ. *Aphel* אַבְחַן.

4. *Verbs Lamed guttural.* *Peal* pret. שְׁבַח, שְׁכַחַת; imp. שְׁכַח, שִׁבְחִי; fut. יִשְׁבַּח, יִשְׁלַח; part. שָׁכַח, שָׁכְיַח. *Ithpeel* אִשְׁתְּכַח, fem. אִשְׁתְּכַחַת. *Pael* pret. שַׁבַּח; fut. יְשַׁבַּח. Ithpaal אִשְׁתַּבַּח. Aphel אַשְׁכַּח, אַשְׁכִּיחַ 1st pers. אַשְׁכַּחַת.

REM. 1. *Verbs Lamed guttural* have the pret. 3 pers. sing. fem. sometimes terminating in ־ַת (־ָ֫ת) with the tone on the penultima, of which there is no example in the Bible (comp. Targ. אֲמַרַת Ge. 30. 16), though there are some without gutt., as אֲמֶרַת Da. 5. 10; אִתְגְּזֶרַת Da. 2. 45; הַדֶּקֶת Da. 2. 34, 45 (from דָּקַק).

2. Instead of שְׁמָעַת (1 pers. com.) Da. 5. 14, Buxtorf, and after him Dr. Fürst, in his Concordance, give the form שְׁכָמְעַת Da. 5. 16, but we cannot tell on what authority.

3. When the first radical takes a composite Sheva, verbs פ״א and פ״ה have ־ֲ (־ֱ), as אֲמַרוּ Da. 2. 9; verbs פ״ח and פ״ע take generally ־ַ (־ֲ).

4. Forms like חֲחֻסִין Da. 7. 22, belong not to Aphel but to Hiphel, and are Hebraisms.

SECTION L.—ON THE REGULAR VERB WITH SUFFIXES.

REMARK.

An epenthetic נ is frequently inserted between the verb and the suffix. This occurs as the prevailing usage in the *fut.* and *imp.*, less frequently in the pret., and still less frequently in the inf. In the Biblical Chaldee examples are only found with the future. Once the union-vowel is (ו) instead of (ֹ), יְשַׁאֲלֻנָכוֹן Ezr. 7. 21.

* All that may be remarked here is, (*a*) that the *Dagesh forte* is sometimes resolved in נ, as הַנְּעַל Da. 2. 25; comp. Da. 4. 3 (for הַעַל, הַעַל, comp. § 52. rem. 2); (*b*) that several Hebraisms occur, as Aph. הַדְּקוּ Da. 6. 25; הָעֱלָנִי Da. 2. 24; Hoph. הָעְלוּ, הָעַל Da. 5. 13, 15 (comp. § 47. rem. 4 & 9).

SECTION LI.—ON VERBS PE NUN.

REMARKS.

1. Some verbs of this class are inflected regularly, e. g. תִּנְתֵּן Ezr. 7. 20; יִנְתֵּן Da. 2. 16; הִנָּפֵק Ezr. 5. 14. This is especially the case when the second radical is a guttural, of which, in the Bible, we have the only example in Hophal of נָחַת, viz. הָנְחַת Da. 5. 20. But this verb is defective throughout Aphel, as תַּחַת Ezr. 6. 5; מְהַחֲתִין Ezr. 6. 1 (with *Dag. forte impl.* comp. § 14. rem. 1); but the imp. is אַחַת Ezr. 5. 15, for אַחֵת, probably to distinguish it from the 1st pers. fut.

2. In the Targums, the verb נְתַן takes (..) in the future as its characteristic vowel, e. g. אֶתֵּן Ex. 25. 16. Instead of this, the Biblical Chaldee exhibits the full form יִנְתְּנוּן, תִּנְתֵּן Ezr. 4. 13; 7. 20. Once (with Makkeph) יִנְתֵּךְ Da. 2. 16.

SECTION LII.—ON VERBS PE YOD (AND PE VAV).

TABLE U. VERBS פ״ו. VERBS פ״י.

	Imper.	הַב	(תִּיב) תֵּב	
	Inf.	מֵילַד		
	Fut.	יֵילֵד		יֵיטַב
	Part.	יָלֵד, יָלִיד		
ITHPEEL.	*Pret.*	אִתְיְלִיד (אִתְיְלִיד) אִתְיְדַע		
PAEL.	*Pret.*	יְלֵד		יַטֵּב
	Fut.	יְיַלֵּד		יְיַטֵּב
ITHPAAL.	*Pret.*	אִתְיְלֵד		
APHEL.	*Pret.*	אוֹלִיד		אֵיטִיב
	Fut.	יוֹלִיד		יֵיטִיב

REMARKS.

1. As in Hebrew there are three classes of verbs, viz., (1) verbs originally פ״ו; (2) verbs properly פ״י; and (3) those in which ו is not treated as a quiescent, but is *assimilated* like the נ of verbs פ״נ.

2. For the inflexion of the first and second classes see parad.* They assimilate their first radical to the following letter in the *inf.* and *fut. Peal*, and in *Aphel;* so that they are in those forms entirely analogous to verbs פ״נ. Of this class all the occurring examples in the Biblical Chaldee are:—יְדַע *to know;* where, however, Dagesh is always resolved in נ as fut. תִּנְדַּע Da. 2. 30; 4. 22, 23, 29; אִנְדַּע Da. 2. 9, for אֶדַּע, תֶּדַּע (comp. note to Table T); יְכַל *to be able;* fut. יְכֵל Da. 3. 29; תְּכוּל Da. 5. 16, Keri; יְצַב Aph. inf. יַצָּבָא Da. 7. 19, formed after Hiphil with the termination ־ָא.

SECTION LIII.—VERBS PE ALEPH.

1. A few verbs פ״א are treated not only as gutturals, but at the same time as quiescents, viz., אֲמַר, אֲכַל, אֲבַד, אֲתָא. The א of these verbs, in the fut. and inf. Peal, is quiescent in (..), e. g. יֵאכֵל, and sometimes even changed in ', as יֵיבַד, מֵימַר (in the Biblical Chaldee defective, comp. inf. מֵתָא, מְמַר (and מְאמַר), from אֲתָא, אֲמַר). Throughout Aphel it becomes ו as הוֹבְדָה, תְּהוֹבַד. An instance of Hophal is הוּבַד Da. 7. 11.

REM. 1. The form of the imp. אֱזָל Ezr. 5. 15, stands with Makkeph, where it has lost the tone, for אֱזָל, as Syriacism for אֱזַל, comp. § 19. rem. 3 & 6.

2. For the verb אֲתָא see the doubly anomalous verbs, section 25.

* The ה of Aphel is frequently retained in the future, as תְּהוֹדַע Da. 2. 5, comp. § 53. No. 1.

SECTION LIV.—ON VERBS AYIN VAV (AND AYIN YOD).

REMARKS.

1. Peal future. Instead of the form יְקוּם there also occurs the contracted form יֵקַם Ezr. 5. 5; 6. 5, from הוּק.

2. The *second participle* (*Peil*) takes also, like the inf., the form קוּם, from which a new *pret. passive* is formed, thus שְׁמַת (3 p. f.) Da. 6. 18, comp. § 47. r. 11.

3. *Ithpeel.* Besides the form אִתְקָם with (ץ) under the first radical, there are also instances in the Targums of the form אִתְקִים, comp. Je. 33. 22; Ge. 38. 26, to which may also be reckoned יְתִזִּין Da. 4. 9: but comp. § 47. rem. 10.

4. *Aphel.* Instead of the characteristic י, some

times ־ is used, as הֲקִים Da. 3. 2, 3, 5, 7; 6. 2, comp. Da. 3. 18, and in the 1st pers. with (ע) under the last radical, הֲקִימֶת Da. 3. 14.

HEBRAISMS.

5. Hebraisms, besides the constant use of ה for א, are:—*Peal* pret. שָׂמְתָּ Da. 3. 10, for שָׂמְתָּ. *Aphel* pret. הֲקִימְתָּ Da. 3. 18; fut. תָּסֵף Da. 2. 44; for תָּסִיף, יָחִיטוּ Ezr. 4. 12; part. מָרִים Da. 5. 19.

6. Examples of verbs inflected like ע״י are only רם Da. 5. 20, which, however, may be the part. Peil pret., comp. No. 2, and § 47. rem. 11. Imp. שִׂימוּ Ezr. 4. 21; part. pass. שִׂים Da. 3. 29; 4. 3, &c.

SECTION LV.—ON VERBS LAMED ALEPH (AND LAMED HE*).

REMARKS.

1. **Pret.** The 3 pers. sing. fem. Peal appears sometimes in the full orthography, as מְלָאַת Da. 2. 35. It takes, however, also ־ instead of ָה, as הֲנַת Da. 2. 35; מְטַת Da. 4. 19. The 2 *pers. sing. masc.* is also written *fully*, terminating in ־ָה, as חֲזֵיתָה Da. 2. 41. Instead of ־ֵי in the 1 *pers. sing.* there is ־ִי in צְבִית Da. 7. 19. The 3 *pers. pl. masc.* sometimes follows the analogy of the other derived conjugations (Ithpe., Pa., &c.), as רְמִיו Da. 3. 21. An example with prosthetic א is אִשְׁתְּיו Da. 5. 3, 4.

2. *Future.* The 3 *pers. sing. masc.* terminates also in ־ֵי in יְתֶקְרֵי Da. 5. 12. The 3 pers. pl. takes also the termination ין instead of ון, as יְחַעְדִּין Da. 7. 26.

3. The *infinitive* of *Peal* takes sometimes the termination ־ָא, in the Biblical Chaldee, as צְבָא Da. 7. 19; more usually ־ָה, as לְמִבְנֵה Ezr. 5. 9; and in the other conjugations ־ָיָה, e. g. Da 2. 10; 5. 2.

4. *Part. Peil.* In some instances the first radical takes composite Sheva, though a non-guttural, as גָּלֵי Ezr. 4. 18, 23; גְּלִי Da. 2. 30, and גְּלִי ver. 19.

SECTION LVI.—VERBS DOUBLY ANOMALOUS (COMP. § 25).

1. פ״ן and ל״א:—נְשָׂא. Imp שָׂא Ezr. 5. 15.

2. פ״א and ל״א:—אֲתָא, אֲוָא. *Peal inf.* מְתָא Da. 3. 2; מֵזָה Da. 3. 19, by syncope for מֵאֲזָה, &c.; *Part. pass.* אֲזֵה Da. 3. 22; by Syriacism for אָזֵה (comp. § 53. rem. 1). *Aphel*, pret. 3 pers. sing. masc. הַיְתִי Da. 5. 13; 3 pers. plur. הַיְתִיו Da. 5. 3; (comp. inf. הַיְתָיָה Da. 5. 2). Altogether peculiar are the anomalies of Hophal, 3 pers. fem. חֵיתַית Da. 6. 18; 3 pers. plur. masc. הֵיתְיוּ Da. 3. 13.

3. פ״י and ל״א. Only יְדָא, *Aph.* Part. מְהוֹדָא Da. 2. 23, and מוֹדָא 6. 11.

* In the Biblical Chaldee ה is promiscuously used instead of א, comp. § 46. rem. 4, & § 54. rem. 5.

SECTION LVII.—FIRST DECLENSION OF MASCULINES.

EXPLANATORY.

This declension includes all nouns, which have all their vowels immutable. It comprehends,

(*a*) Nouns which have יִ, ֵי, וֹ or ו before their final consonant, e. g. דִּין *judgment*, יוֹם *day*, אַתּוּן *furnace*.

(*b*) Those which have ָ in their final syllable; as טָב *good*, גַּנָּב *thief*. There are, however, a few of those which change ָ to ַ, compare the following remark.

REMARK.

Nouns with ָ in the ultimate are chiefly of six classes:—

(1) Nouns derived from ע״ו, e. g. דָּר, קָל (Heb. דּוֹר, קוֹל);

(2) Nouns of the form כְּתָב, שְׁלָם (Heb. שָׁלוֹם);

(3) Nouns of the form קָטָל (Arab. קַטָאל, and also in the Heb. with ָ *impure*);

(4) Nouns like קָטָל (also in the Heb. with ָ *impure*).

(5) Nouns which have the formative ending ָן, e. g. קָרְבָּן (Arab. קُרבאן).

(6) Nouns of the form קוֹטָל, e.g. אוֹצָר, עוֹבָד. They have a twofold inflexion:—

(*a*) The first three of these classes retain ָ in all the inflexions, and consequently belong regularly to Declension 1.

(*b*) Nouns of the fourth, fifth, and sixth classes sometimes take ַ instead of ָ in the constr. sing., and before the suffixes, כוֹן and הוֹן. Elsewhere ָ is retained. The punctuation of these nouns is, however, variable; and as they present no other irregularity, they may better be regarded as exceptions from Declension 1, than as forming a separate declension.

SECTION LVIII.—SECOND DECLENSION OF MASCULINES

EXPLANATORY

The second declension embraces nouns with final ַ or ָ, either monosyllabic, as יַד, שֵׁם, or having the preceding vowels immutable, as עַלַם, עֲדַרְע, קָטֵל, מְסַפֵּד. These vowels are dropped before suffixes beginning with a vowel.

REM. 1. The forms like קַטְלַיִן for קָטְלַיִן, pl. of קָטֵל (part. act.), must be attributed to the variable vocalization of the Chaldee; as פַּרְסִין Da. 5. 25; חַשְׁחָן for חָשְׁחָן (plur. fem. of חַשְׁחָה) Ezr. 6. 9.

2. To this paradigm belongs also פַּרְזְלָא, emph. st. פַּרְזְלָא

3. Before כוֹן and הוֹן, monosyllables, as in Hebrew, take ַ, ֶ, or ֵ; e. g. דֶּמְהוֹן, יֵדְכוֹן

SECTION LIX.—THIRD DECLENSION OF MASCULINES.

This declension embraces all nouns which correspond to the Segolate forms in the Hebrew. They may either be written with two vowels (the second of which is always considered an auxiliary vowel), as מֶלֶךְ, חֶלֶם (almost exclusively in the Biblical Chaldee), בַּיִת, קֹדֶשׁ; or with only *one* vowel between the last two consonants, as סְפַר, מְלַךְ. They are inflected, however, for the most part, as in Hebrew; except,

(*a*) In the plural absol. the forms מְלַךְ and סְפַר become, as they do in most other inflexions מַלְכִּי and סִפְרָא.

(*b*) The form קֹדֶשׁ either follows the analogy of the Hebrew, as תְּקֹפָא Da. 2. 37, or takes ָ, as כְּתָלַיָּא Ezr. 5. 8.

(*c*) In the form בַּיִת, the י often remains moveable in the inflexion, as עַיְנֵי Da. 7. 8; עֵינֵי Da. 4. 31; בַּיְתָא Ezr. 5. 3; בֵּיתָהּ Da. 5. 23.

(*d*) The forms מְלַךְ and סְפַר, in the course of inflexion, usually take ַ, ֶ, or rarely ֵ, under their first radical.

Nouns having gutturals for their first or second radical, naturally take ַ, as טַעַם, טַעֲמָא, עֲבַד, עַבְדָא.

SECTION LX.—FOURTH DECLENSION OF MASCULINES.

The fourth declension comprehends those nouns in which the vowel of the final syllable falls away in the course of inflexion, and the third consonant from the end receives then, ◌ֶ◌ or ◌ַ◌. To this declension belong the participles of Ithpeel.

SECTION LXI.—FIFTH DECLENSION OF MASCULINES.

The fifth declension embraces those nouns which double the final consonant when they receive any accession. They are mostly monosyllables derived from verbs ע״ע. The long vowels ◌ָ◌ and וֹ are changed in the course of inflexion into the corresponding short vowels. In some nouns ◌ַ◌ becomes ◌ָ◌, as גַּלְגַּל, גָּלְגָּלִין Da. 7. 9.

REM. כֹּל has in the emph. st. כֻּלָּא, &c. with the tone on the penultima (Da. 2. 40); but with suff. כֻּלְּהוֹן Da. 2. 38; 7. 19.

SECTION LXII.—SIXTH DECLENSION OF MASCULINES.

The sixth declension includes nouns, participles, and infinitives, derived from verbs ל״א (ל״ה) and terminating in א֫ (ה֫), י֫, ◌ִי֫, ◌ֵי֫, e. g. גָּלָא, גְּלֵי, בָּכֵי, מַגְלֵי, מִתְגְּלֵי. The general rule is, that י appears in the course of declension, as the third radical, displacing א in forms like גָּלָא. That י is joined to the suffix throughout the singular, and thus becomes moveable; in forms like בָּכֵי, רָבֵי a short vowel is pronounced under the first radical. The termination ◌ִין֫ of the plural absol. is sometimes contracted into ◌ִן֫. In the constr. and emph. plur. no trace of the radical י remains.

SECTION LXIII.—SEVENTH DECLENSION OF MASCULINES.

Here belong nouns which terminate in the formative syllable ◌ַי (◌ַא֫). They are mostly *gentilic* or *patronymic nouns*, or *ordinal numerals*. They all have this in common, (*a*) that in the course of inflexion their final י is changed into א, which is likewise *moveable*, and commences the following syllable. As a consequence, ◌ַ◌ is here changed into ◌ָ◌. (*b*) The plur. emph. terminates in ◌ַי֫, agreeing in form with the construct.

Exceptions from *b*: בַּשְׁדָּיֵא Da. 2. 5; תַּפְתָּיֵא Da. 3. 2, 3; יְהוּדָיֵא Da. 3. 8; Ezr. 4. 12, 23; 5. 1, 5.

SECTION LXIV.—EIGHTH DECLENSION OR *FIRST* OF FEMININES.

This declension includes all invariable feminines, i. e. all nouns with the feminine terminations, א֫, ◌ָה֫, ◌ִי֫, and ◌ָ, the final syllable of which commences with only one consonant; as בָּמָא, עֲצָא, גְּבִרְתָּא, מְגִלָּא, טָבוּ, סַנִּירוּ, גְּזֵרָה, מָרְבִּי.

SECTION LXV.—NINTH DECLENSION, OR THE *SECOND* OF FEMININES.

This declension embraces all those feminines the final syllable of which commences with two consonants, as שְׂפָא *lip*; אִצְטְלִי *a robe*; זְכוּ *purity*.

(*a*) Nouns in א֫, to avoid, in the emph. and suff. states, two consonants with sheva under each in immediate succession, as שִׂפְתָא, אַרְמִלְתָא, &c., a short vowel must necessarily be supplied for the first of these. The supplied vowel is *Hhirek* or *Pattahh* (the latter with gutturals); more rarely Segol; e. g. חֶמְתָא, חֲמָא, אַמְתָא, אֲמָא, שִׂפְתָא, שְׂפָא.

(*b*) The forms in ◌ִי֫ and ◌ָ are regular in the singular (like Dec. VIII). In the plural, as becomes necessary, they also take a supplied vowel, *Hhirek* or *Pattahh*.

SECTION LXVI.—TENTH DECLENSION, OR THE *THIRD* OF FEMININES.

This declension includes all feminines in יָא (derived from לי״א) which have a consonant without a vowel immediately preceding this termination, as גְּלְיָא, מְנַלְיָא. In the sing. emph. and suff. states, this consonant takes the supplied vowel Hhirek (for the cause stated in the preceding section), so that ' becomes quiescent in it.

SECTION LXVII.—ELEVENTH DECLENSION, OR THE *FOURTH* OF FEMININES

Here belong feminines in ־ָאָה derived from masculines in ־' (Dec. VII). In the emphatic state and before suffixes, א is changed in *moveable* ', though ordinal numerals take also ־ִי or ־ֵי; e. g. רַבְיָעְתָּא, קַדְמֵיתָא (but רְבִיעָיְתָא Da. 7. 19). In the plural absol. and constr. the usual forms are קַדְמָאָן, קַדְמָאַת.

REM. When feminine nouns are formed from masculines by adding the terminations ־ָא, ־ִי or ־ֵי, the changes in the ground-form are precisely the same as those which appear in the emph. state of masculines. E. g. עוּלֵם, עוּלְמָא; מַלְכָּא, מַלְכוּת and צַדָּי, צַדָּיָא.

SECTION LXVIII.—IRREGULAR NOUNS (COMP. § 45).

אַב *father*, with suff. אֲבִי, but also אֲבוּהִי (from אֲבוּ as if from R. אָבָה comp. Heb. אָב § 45. rem). Plur. with suff. אֲבָהָתִי, אֲבָהָתָךְ, אֲבָהָתָנָא from the abs. אֲבָהָן (as if from a sing. אֲבָהָא).

אָח *brother*, plur. with suff. אָחָיִךְ Ezr. 7. 18, by Hebraism (comp. אָח § 45), for אַחֵי, from אֲחוּהִי=אֲחֵי R. אחה.

אֱנוֹשׁ, אֱנָשׁ *man*, emph. state אֱנָשָׁא, אֲנָשָׁא, but also אֱנוֹשָׁא Khethib (as if from אֱנוֹשׁ). Plur. (by Hebraism) אֲנָשִׁים.

אַרְיֵה, אַרְיֵ *lion*, plur. emph. אַרְיָוָתָא, from the absolute אַרְיָוָן (as if from a sing. אַרְיוּ, comp. Dec. VIII).

בַּיִת *house*, emph. בַּיְתָא. בַּיְתָה, constr. בֵּית, with suff. בֵּיתִי and בַּיְתֵהּ (comp. Dec. III, c), but plur. with suff בָּתַּיכוֹן from בָּתִּין (comp. Heb. בַּיִת § 45).

נְבִיא *prophet*, emph. state נְבִיאָה (for נְבִיָּא, נְבִיָּא). Plur emph. נְבִיאַיָּא with א in otio, for נְבִיָּא (as if from an absolute נְבִיִּין).

עַם *people*, emph. state עַמָּא, but pl. emph. עַמְמַיָּא (comp Heb. עַם § 45).

רֵאשׁ *head*, emph. state רֵאשָׁה, with suff. שְׁהּ. Plur רֵאשִׁין, but with suff. רָאשֵׁהֶם (as if from רֵאשׁ).

שֵׁם *name*, but with suff. שְׁמֵהּ (from שֵׁם, comp. Dec. II) Plur. constr. שְׁמָהַת, with suff. שְׁמָהַתְהוֹן (as if from שְׁמָהָא).

ב

בְּ everywhere with Sheva except in the following cases:—בְּ before a word beginning with Sheva, as בִּשְׁלֹשׁ for בְּשָׁלֹשׁ;—בַּ, בֶּ, בֵּ, בָּ before the composites בְּשֶׁ, בְּיִ, בְּיֶ, בְּיֵ, as בַּעֲמֶל for בְּעָמֶל, (and contr. בַּאדֹנָי for בְּאֲדֹנָי), בֶּ, בֵּ, בָּ, (contr. בֵּאלֹהֵי for בְּאֱלֹהֵי), בַּ,—בָּ, when displacing the art. ה (q. v.), as בָּדָם for בְּהַחָלָל, בָּאָרֶץ for בְּהַחָלָל;—בְּ rarely before the tone-syllable, as בְּהֵם, בְּוֵה. For ב with suffixes see § 5.

Prep.—I. of place and time, *in*, *within*, *among*, and rarely after verbs of motion, *into*.—II. noting nearness, *at*, *near*, *by*, *on*, *before*, (in the presence of), and of motion, *to*, *unto*, *upon*, *against*; *for*, of price and exchange; *for*, *on account of*, *because of*.—III. noting accompaniment and instrument, *with*, *by*, *through*.—IV. after verbs often lost in the translation, as וַיִּגְעַר־בּוֹ *and he rebuked him*, Ge. 37. 10, comp. *v.* 11.—V. prefixed to the inf. of verbs, *in* or *when*.

דַּיָּן masc. (construct דַּיַּן § 30 rem. 1.)—I. *a judge*, 1 Sa. 24. 16.—II. *defender*, Ps. 68. 6.; Chald. Ezr. 7. 25.

דִּינָה (*judged*) pr. name of the daughter of Jacob.

דִּינָיֵא Chald. masc. pl. pr. name of a people of Assyria, Ezr. 4. 9.

דָּן (*judge*) pr. name.—I. of a son of Jacob and the tribe descended from him. Gent. noun דָּנִי, *Danite*.—II. of a city in the north of Palestine, called also לַיִשׁ & לֶשֶׁם.

דָּנִיֵּאל, דָּנֵאל (*judge of God*) pr. name of the celebrated Hebrew prophet at the court of Babylon.

אָדוֹן masc. dec. 3 a, *master, lord*. Pl. אֲדֹנִים *lords*; more frequently used as a Plur. excellentiæ, *lord*; אֲדֹנֵי הָאָרֶץ *lord of the land*; אֲדֹנִים קָשֶׁה *a hard master*; אִם־אֲדֹנִים אָנִי *If I am Lord*. Note others derive this and the following word from אדן, whence is אֶדֶן *a base*.

אֲדֹנָי, once אֲדוֹנָי (Ju. 13. 8) *Lord, the Lord*, exclusively applied to God. Grammarians disagree about the termination ־ָי, which some regard as a pl. form for ־ִי i. q. ־ִים, to distinguish it from אֲדֹנַי *my lords*; others, as the suff. of 1 pers. with pl. nouns, prop. denoting *my Lord*, the force of the possessive pronoun being neglected. Others again regard it as an adjective termination, whence אֲדֹנַי *ruling, governing*, and in the same way explain שַׁדַּי *Almighty*.

אֲדֹנִי־בֶזֶק (*lord of Bezek*) pr. name of a king of the Canaanitish city *Bezek*, Ju. 1. 5, 6, 7.

אֲדֹנִי־צֶדֶק (*lord of righteousness*) pr. name of a Canaanitish king of Jerusalem, Jos. 10. 1, 3.

אֲדֹנִיָּהוּ (*the Lord is my Lord*) pr. name.—I. of a son of David, called also אֲדֹנִיָּה, comp. 1 Ki. 1. 8,

[a] Ps. 68. 3. [b] Ca. 5. 2.

דחף דְּחוּפִים Kal part. p. pl. of [דָּחוּף] dec. 3 a; ֫ bef. (;)

ה

הַ before letters not guttural ; rarely followed by dag. forte, like the article, especially before sheva (comp. הַלְּבָן Ge. 17. 17, הַכְּתֹנֶת 37. 32) ; הַ before gutturals, as הַאֲלָךְ ; הָ before gutturals having kamets, as חָזָק, הָאָכְלִי ; a sign of interrogation

I. of direct interrogation ; Job 2. 3, הֲשַׂמְתָּ לִבְּךָ אֶל־עַבְדִּי אִיּוֹב *hast thou considered my servant Job?* —II. in indirect interrogation, *whether*, De. 13. 4, *to know* הֲיִשְׁכֶם אֹהֲבִים אֶת־יְהוָה *whether ye love the Lord.*

הָא Chald. interj. *lo! behold!* Da. 3. 25.

הֵא Heb. & Chald. id. Ge. 47. 23 ; Eze. 16. 43 ; Da. 2. 43.

אב הָאֵב pref. הָ for הַ) noun masc. sing. irr. (§ 45)

אבד הָאֲבֵדָה pref. id.) noun fem. sing. dec. 10.

אבד הָאֹבְדוֹת pref. id.) Kal part. act. fem. pl. from אָבַד dec. 13 a. (§ 8. rem. 19)

אבד הָאֹבְדִים pref. id.) id. masc., pl. of אֹבֵד dec. 7 b.

אבד הָאֹבֶדֶת pref. id.) id. fem. sing. dec. 13 a.

אבד וַיַּאֲבִדֵהוּ Hiph. pret. 2 pers. sing. masc. ; acc. shifted by conv. וְ (§ 8. rem. 7, & § 13. rem. 10)

אבד הַאֲבַדְתִּי id. pret. 1 pers. sing. ; acc. shifted to ult. by conv. וְ (comp. id.)

אבד הַאֲבַדְתָּךְ id. id., suff. 2 pers. sing. masc. (comp. id.)

אבד הַאֲבַדְתִּיךְ id. id., suff. 2 pers. sing. fem. (comp. id.)

אבד הַאֲבַדְתֶּם id. id. 2 pers. sing. masc., suff. 3 pers. pl. masc. (comp. id.)

הַ (followed by dag. forte) before letters not guttural, as הַסּוּס ;—הָ (Pattah lengthened into Kamets) before the gutturals and ר ; but invariably so before א and ר, as הָרֹאשׁ, הָרֶגֶל, הָאִישׁ, הָאִשָּׁה ; before ה and ח only in the monosyllabic words, הָהָר (הַהָרָה), הָהֵם (הַהֵמָּה), הָחַי (הַהַחַיָּה) Ge. 6. 19 ; before ע not having kamets for its vowel, as הָעֵבֶד, הָעִיר, or having kamets in a monosyllabic, or dissyllabic word with the accent on the penult, as הָעָם, הָעֵגֶל ;—הַ (not followed by dag. forte) before ה and ח where dag. is said to be implied (*dag. forte implicitum, occultum*), as הַהֹלֵךְ, הַהוּא, הַחֹשֵׁךְ, הַחָזִיר ; before ע only in הַעֹבִים, הַעֹגֶבֶת, Pr. 2. 13, 17, הַעֲרָקִי Ge. 10. 17, הַעֲנִירִים Is. 59. 10. in which the best copies agree ;—הָ (dag. forte impl.) before a guttural having kamets, especially before ח, as הָחָל, הָחָלָל, הָחָכָם, הָחָי ; before ה and ע only in polysyllabic words, as הָהָרִים, הָעֲרִים, הָעֲנָן, הָהָרִיוֹתֶיהָ ; the Hebrew article.

I. prop. pron. demonstr. *this* ; הַיּוֹם *this day* ; הַפַּעַם *this time.*—II. for the definite article *the.*—III. for the indefinite article, *a* ; הַיּוֹם *on a day, once.* Comp. our expression, "on a certain day ; a certain man," in which there is both definiteness and indefiniteness.—IV. for the vocative ; הַמֶּלֶךְ *O king.*—V. pron. relat. *who, which,* הָהֹלְכוּא *who had gone*, Jos. 10. 24 ; הָעֶלְיָה *that which is above her*, 1 Sa. 9. 24.

[הָוָה] imp. הֱוֵא fut. יְהֹוֵא (§ 24. rem. 3 e & 20).—I. (Arab. *to breathe*) *to exist, to be.*—II. in the deriv. *to desire*, comp. הַוָּה.—III. *to fall, descend*, Job 37. 6.

הֱוָא Chald. *to be.* Fut. יֶהֱוֵא, יְהֵוֵא, with the pref. ל, לֶהֱוֵא, לְהֵוֵא, pl. לֶהֱוֹן, לְהֵוֵין, see analyt. order.

הַוָּה fem. dec. 10.—I. *desire, lust.*—II. *fall, calamity, destruction*, for which twice is found הַיָּה in Kheth. Job 6. 2; 30. 13.

הָוָה fem. *fall, calamity.*

יְהוָה the most sacred name of God, expressive of His *eternal, Self-existence*, first communicated to the Hebrews, Ex. 3. 14, comp. chap. 6. 3. This name appears to be composed of יְהוֹ (fut. of הָוָה, like יְהִי from הָיָה) and וָה (preterite by aphæresis for הָוָה), the verb *to be* being twice repeated as in Ex. 3. 14. If we supply אֲשֶׁר between these words we obtain nearly the same sense as expressed there in the words אָהְיֶה אֲשֶׁר אָהְיֶה. The Jews who (from an early date) believed this name incommunicable, substituted, in the pronunciation, the consonants of אֲדֹנָי, the vowels being alike in both words (with the exception of simple and composite Sheva), and according to these the punctuators suited the vowels of the prefixes when coming to stand before יְהוָה, as בַּיהוָה, לַיהוָה, מֵיהוָה according to בַּאדֹנָי, לַאדֹנָי, מֵאֲדֹנָי. Where, however, יְהוָה is already preceded by אֲדֹנָי, to avoid repetition, they furnished it with the vowels of אֱלֹהִים, in order that it be pronounced with its consonants, so that אֲדֹנָי יְהוִה is to be read אֲדֹנָי אֱלֹהִים. The punctuators seem to intimate the originality of the vowels of יְהוָה by not pointing Yod with Hhateph-Pattah (יֱהוָה) to indicate the reading of אֲדֹנָי just as they point it with Hhateph-Segol to indicate the reading of אֱלֹהִים. We could, moreover, not account for the abbreviated forms יוֹ, יָהוֹ prefixed to so many proper names, unless we consider the vowels of יְהוָה original.

יָהּ i. q. יְהוָה from which it may be an abbreviation, and that probably from the first two letters, Kamets being added to assist the enunciation. When affixed to proper names the Mappik in ה is omitted, as אֶלְיָה; the form is also sometimes prolonged to יָהוֹ=יָהּ (comp. יְהוָה), as אֶלְיָהוּ.

יְהוֹאָחָז (*the Lord holds* him) pr. name—I. of a king of Israel, son of Jehu, comp. 2 Ki. 13. 1—9. —II. of a king of Judah, son of Josiah, comp. 2 Ki. 23. 31—34, also called יוֹאָחָז comp. 2 Ch. 36. 1 with 2.

יְהוֹאָשׁ (*the Lord has bestowed* him, R. אוּשׁ coll. with the Arab, *to give*) pr. name.—I. of a king of Judah, son of Ahaziah, written also יוֹאָשׁ, comp. 2 Ki. 12. 1 with 20.—II. of a king of Israel, son of Jehoahaz, called also יוֹאָשׁ, comp. 2 Ki. 13. 10 with 9.

יְהוֹזָבָד (*the Lord has bestowed* him) pr. name of several men.

יְהוֹחָנָן (*the Lord has graciously bestowed* him) pr. name of several men, especially a commander under Jehoshaphat, comp. 2 Ch. 17. 15.

יְהוֹיָדָע (whom *the Lord knows*, i. e. cares for) pr. name of several men, especially of a priest of great authority, comp. 2 Ki. 11. 4.

יְהוֹיָכִין (*the Lord will establish* him, R. כּוּן) pr. name of a king of Judah, son of Jehoiakim, comp. 2 Ki. 24. 6, 8, sq.; also written יְכָנְיָה Ez. 1. 2, יְכָנְיָה comp. Est. 2. 6, יְכָנְיָהוּ Je. 24. 1, Kh., כָּנְיָהוּ, comp. Je. 22. 24.

יְהוֹיָקִים (*the Lord will establish* him, R. קוּם) pr. name of a king of Judah, son of Josiah.

יְהוֹיָרִיב, יוֹיָרִיב (*the Lord will defend* his *cause*) pr. name of a distinguished priest at Jerusalem.

יְהוֹנָדָב, יוֹנָדָב (*the Lord liberally bestowed* him) pr. name of two different men.

יְהוֹנָתָן, יוֹנָתָן (whom *the Lord has given*) pr. name of several men, especially of a son of Saul, the friend of David.

יְהוֹעַדָּה (whom *the Lord adorns*) pr. name masc. 1 Ch. 8. 36, called יַעְרָה chap. 9. 42.

יְהוֹעַדָּן (*the Lord* is her *ornament*) pr. name fem. 2 Ki. 14. 2.

יְהוֹצָדָק, יְהוֹצָדָק (*the Lord is righteous*) pr. name of the father of Joshua the high-priest.

יְהוֹרָם, יוֹרָם (*the Lord is exalted*) pr. name m. —I. of a king of Judah, son of Jehoshaphat, comp. 2 Ki. 8. 16—24.—II. of a king of Israel, son of Ahab, comp. 2 Ki. chap. 3.

[a] Pr. 22. 19. [c] De. 4. 9. [e] Jos. 4. 22. [f] Da. 2. 23.

יְהוֹשַׁבְעַ (*the Lord* is her *oath*) pr. name of a daughter of king Joram, 2 Ki. 11. 2.

יְהוֹשֻׁעַ, יְהוֹשׁוּעַ (*the Lord* is his *salvation*) pr. name of several men, especially—I. of the minister of Moses afterwards his successor, called also הוֹשֵׁעַ, יֵשׁוּעַ.—II. of a high-priest contemporary with Zerubbabel, called also יֵשׁוּעַ.

יְהוֹשָׁפָט (whom *the Lord judges*) pr. name.—I. of a king of Judah son of Asa, comp. 1 Ki. 22. 41—51.—II. of the recorder of king David, comp. 2 Sa. 8. 16.—III. 1 Ki. 4. 17.—IV. 2 Ki. 9. 2, 14.

יוֹאָב (*the Lord* is *his father*) pr. name of several men, especially of the chief military officer of David.

יוֹאָח (*the Lord* is his *friend*) pr. name of several men, especially—I. of a recorder of Hezekiah, comp. 2 Ki. 18. 18.—II. of a recorder of king Josiah, 2 Ch. 34. 8.

יוֹאֵל (*the Lord* is his *God*) pr. name of several men, especially—I. of a prophet, Joel 1. 1.—II. of a son of Samuel, 1 Sa. 8. 2.—III. of a son of king Uzziah, 1 Ch. 6. 21.

יוֹאָשׁ pr. name of several men, contr. for יְהוֹאָשׁ (q. v.) for which it often stands.

יוֹזָבָד (*the Lord has bestowed* him) pr. name of several Levites.

יוֹזָכָר (whom *the Lord remembers*) pr. name of the murderer of king Joash, 2 Ki. 12. 22, written also זָבָד in 2 Ch. 24. 26.

יוֹחָא (perhaps transp. for יוֹאָח q. v.) pr. name masc. of two different persons.

יוֹחָנָן (contr. for יְהוֹחָנָן q. v.) pr. name of several men.

יוֹיָדָע (contr. for יְהוֹיָדָע q. v.) pr. name masc.

יוֹיָקִים (*the Lord will establish* him) pr. name masc. Ne. 12. 10.

יוֹיָרִיב (contr. for יְהוֹיָרִיב q.v.) pr. n. m. Ne. 11. 5.

יוֹכֶבֶד (*the Lord* is her *glory*) pr. name of the mother of Moses.

יוֹנָתָן (contr. for יְהוֹנָתָן q.v.) pr. name masc. of several persons.

יוֹעֵד (*the Lord* is his *witness*) pr. n. m. Ne. 11. 7.

יוֹעֵזֶר (*the Lord* is his *helper*) pr. n. m. 1 Ch. 12. 6.

יוֹעֵשׁ (whom *the Lord succours*, see עוּשׁ) pr. n. masc. of two different persons.

יוֹקִים (contr. for יְהוֹיָקִים) pr. n. m. 1 Ch. 4. 22.

יוֹרָם (contr. for יְהוֹרָם q. v.) pr. name masc. 2 Sa. 8. 10, for which הֲדוֹרָם 1 Ch. 18. 10.

יוֹתָם (*the Lord is perfect* R. תָּמַם) pr. name.—I. of a son of Gideon, Ju. 9. 5.—II. of a king of Judah, son of Uzziah, comp. 2 Ki. 15. 32—38.

וְ

וְ, conjunctive or copulative Vav, *and*; וּ before a consonant with simple Sheva, as וּלְכֹל; or before the labials ב, מ, פ, being homogeneous with it in the pronunciation, as וּבִין, וּמִן, וּפֹה; וְ sometimes before הָ and חָ, as וְהִיוּ, וְחִיוּ (comp. § 13. rem. 1 & 13); before יָ, Yod becoming quiescent, as וְיָהִי, with וְ prefixed וְיִהִי (for וַיְהִי); וַ, וָ, וָ before the composite Shevas, taking the corresponding short vowel, as וַעֲמֹד (contr. וַאֲדֹנִי for וַאֲדֹנָי), וָחֶלִי, וַאֲכֹל, and sometimes by contraction, as וָחַיָּה for וַחֲיָה (comp. § 13. rem. 2 & 5), וֵאלֹהִים for וֶאֱלֹהִים; וְ (va) immediately before the tone-syllable, but only at the end of a sentence, especially when short words are connected in pairs, as וְקֹר וְחֹם וְקַיִץ וְחֹרֶף וְיוֹם וָלָיְלָה, but on the contrary וָרַע וְקָצִיר Ge. 8. 22.

As a connective particle, the manner and nature of its connection is to be collected from the series of the discourse. Its principal uses are as follow—I. simply copulative, *and, also*, serving to connect words and phrases.—II. adversative, *but; yet; otherwise*.—III. *for, since, because*.—IV. eventual, *that*; וַיְהִי—וְ *it came to pass that*.—V. final, *that, to the end that*.—VI. concessive, *though*.—VII. *then*, comp. Ge. 3. 5.—VIII. exegetical, *even*, where properly the *relative* may be expressed instead, Ge. 49. 25 מֵאֵל אָבִיךָ וְיַעְזְרֶךָ *from the God of thy father, even he*, or *who, will help thee*; Ps. 68. 10

[a] Je. 12. 3. [b] Da. 4. 33. [c] Is. 8. 21. [d] Job 89. 10. [e] Job 38. 31. [f] 2 Ch. 24. 25. [g] Is. 58. [h] Mal. 3. 8. [i] Da. 5. 23. [k] Ps. 60. 10. [l] Da. 3. 28. [m] Job 9. 30. [n] Job 38. 34. [o] Job 39. 20. [p] Is. 51. 17, 22. [q] Is. 24. 19. [r] Pr. 24. 10. [s] Pr. 6. 3. [t] Je. 49. 3. [u] Ge. 18. 26. [v] Job 40. 29. [w] Job 40. 26. [x] Le. 25. 22. [y] Job 38. 35. [z] De. 8. 2. [a] 2 Sa. 19. 3. [b] Ezc. 22. 2, 2. [c] Job 39. 19.

נַחֲלָתֶךָ וְנִלְאָה *thine inheritance even when weary*, or *which is weary*; 1 Sa. 28. 3. בָּרָמָה וּבְעִירוֹ *in Ramah, even in his own city*.—IX. וְ—וְ *both—and; whether—or*.

וְ·, before guttural וָ, a letter which, prefixed to the forms of the Future, gives to them the sense of the Imperfect; hence called by grammarians *Conversive Vav*, e. g. יִקְטֹל *he will slay*, וַיִּקְטֹל *he slew*. It, nevertheless, frequently includes also the *copulative* power, comp. Ge. 3. 12, she gave me of the tree, וְאֹכֵל *and I did eat*.

NOTE.—*All forms beginning with Vav (the few following excepted) will be found in the alphabetical order of the analysis according to the letter which next follows Vav in each form.*

וְדָן *Vedan*, pr. name of a place in Arabia, Eze. 27. 19 So according to J. D. Michaelis, who judges the letter ו here to be radical, and collated with the Arab., to signify *two rivers*; Spicileg. Geogr. Hebr. p. 247.

וְהַב (*gift*. Arab. وهب *to give*) *Vaheb*, pr. name of a place, Nu. 21. 14.

[וָו] masc. dec. 1a, *hook* or *pin*, used for suspending the curtain in the tabernacle.
